I should have a place to stay..The history of the Fourteen Kings of Havnor (actually six kings and eight queens, ~150-400) is told in the Havnorian Lay. Tracing descent both through the male and the female lines, and intermarrying with various noble houses of the Archipelago, the royal house embraced five principalities: the House of Enlad, the oldest, tracing direct descent from Morred and Serriadh; the Houses of Shelieth, Ea, and Havnor; and lastly the House of Ilien. Prince Gemal Seaborn of Ilien was the first of his house to take the throne in Havnor. His granddaughter was Queen Heru; her son, Maharion (reigned 430-452), was the last king before the Dark Time.."Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must warn the city. Do you tell them down there, every ship that can sail make for the open sea. Clear out, past the Armed Cliffs! Good luck to you." Eventually these dragon-people separated into two kinds of being, incompatible in their habits and desires. Perhaps a long geographical separation caused a gradual natural divergence, a differentiation of species. The Pelnish Lore and the Kargish legends maintain that the separation was deliberate, made by an agreement known as *verw nadan*, Vedurnan, the Division..All he saw was a mist on the water, all across the sea beyond the mouth of the bay. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage..".."You can let me into the Great House, sir.."..He pondered. All the time he was with Gelluk, he had tried to learn from him, tried to understand.."You're singing," she said and lightly tugged at me. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes..and looked at me. I stopped in front of him. The smile froze on his half-open mouth.
