"What does that mean, 'really'? Biologically I'm forty, but by Earth clocks, one hundred. Birch was sending a carter down to Kembermouth with six barrels of ten-year-old Fanian ordered by the wine merchant there. He was glad to send his wizard along as bodyguard, for the wine was valuable, and though the young king was putting things to rights as fast as he could, there were still gangs of robbers on the roads. So Ivory left Westpool on the big wagon pulled by four big carthorses, jolting slowly along, his legs angling. Down by Jackass Hill an uncouth figure rose up from the wayside and asked the carter for a lift. "I don't know you," the carter said, lifting his whip to warn the stranger off, but Ivory came round the wagon and said, "Let the lad ride, my good man. Not a voice, not a face. It was difficult to feel uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-whiskered, prosperous cat. And at last, coming down the steep little street, which here was cobbled, he heard voices...at last. But in the Isles all books were old and all uncanny, what there was of them..He told her, as well as he could. "We were strangers. Yet she gave me her name," he said. "And I gave her mine." He spoke haltingly, with long pauses. "It was I that walked with the wizard, compelled by him, but she was with me, and she was free. And so together we could turn his power against him, so that he destroyed himself." He thought for a long time, and said, "She gave me her power.". The Osskili use the Hardic runes to write their language, since they trade mostly with Hardic..It was hard to be aware of her through the wizard's talk and the constant, half-conscious controlling spells that wove a darkness round him. But when Otter could do so, then it was not so much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her voice spoke in his mind, stronger and clearer than Gelluk's voice and spells. Through her eyes and mind he could see, and think. And he began to see that the wizard, completely certain of possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a connection.
