She looked at me, not saying anything, her face slowly collapsing into an infinitely weary resignation.. "Go away? get out of here."..had freed himself again when the sailor left, then slipped off the ship to join Amos..But not quite. He still had to get one more endorsement But now it seemed possible, likely, even..and everybody quieted down. He climbed up on the platform, in that casual way he has, and stood there. "And the water vapor collected on the underside of the dome when it hit the cold air. Right, Do you get the picture?"..Isaac Asimov for "Clone, Clone of My Own"..to herself. "There's a trap door there," he whispered to Amos, "and somebody's knocking."..Its eyes looked uncomprehendingly about. He went to the large black..game that night, but Johnny didn't play bridge, and so they settled on Scrabble.."If you say so," said Amos. He went to the trunk, walked all around it three times, then gingerly lifted the lid. He didn't see anything, so he lifted it further. When he still didn't see anything, he opened it all the way. "Why, there's nothing in ..." he began. But then something caught his eye at the very bottom of the trunk, and he reached in and picked it up..Not from you, he wanted to tell her. It might have been over something in the report, but I don't think it was..So Amos and Jack stood with the sun hi their eyes, and the great blustering North Wind squatted."Oh, all kinds." He shrugged. "Fantasy mostly."..Q: When did you get that awful sunburn?..As a historian, he felt he could not let such a moment slip by unobserved. Silly, but there it was. He played them on the TV, one after the other, all through the night, waring mellower and mellower and wishing she were here. Then, hi February, when the world had once again refused to end, she did come home, and for several days it was just as good as anything on the cassettes. They even, for a wonder, talked to each other. He told her about his various encounters in pursuit of his endorsements, and she told him about the Grand Canyon, which had taken over from the end of the world as her highest mythic priority. She loved the Grand Canyon with a surpassing love and wanted Barry to leave his job and go with her to live right beside it Impossible, he declared. He'd worked eight years at Citibank and accrued important benefits. He accused her of concealing something. Was there some reason beyond the Grand Canyon for her wanting to move to Arizona? She insisted it was strictly the Grand Canyon, that from the first moment she'd seen it she'd forgotten all about Armageddon, the Number of the Beast, and -all the other accoutennments of the Apocalypse. She couldn't explain: he would have to see it himself. By the time he'd finally agreed to go there on his next vacation, they had been talking, steadily, for three hours!"Matthew Gordon?" she asked in a soft, hesitant voice I remembered from political broadcasts in the last election, extolling the senatorial virtues of her father. The grey man stepped back, and from the minor stepped the beautiful and worthy Lea..Lee Killough for "A House Divided"..at its highest and hottest. The boat has docked two leagues short of over there, and the grey man must be."Oh, my nearest and dearest friend," said the grey man, "I had almost forgotten you. Forgive me."
