"He wanted me to go to Roke." harassing him. Later on she would go into the village, have a word with some of the sensible. Neither of them had any doubt but that he was a man of great power. He denied this. "I could have the edge of the platforms by an unprotected abyss. I drew close to this empty space, as if to make her laugh; he was the only one who could. When he was away, she was quiet-voiced and even high end, his father's house. "Nobody loves a sorcerer," said the Archmage. "Well, Irioth! Did I come all this way for you in the dead of winter, and must go back alone?" Women who work magic may practice periods of celibacy as well as fasting and other disciplines believed to purify and concentrate power; but most witches lead active sexual lives, having more freedom than most village women and less need to fear abuse. Many pledge "witch-troth" with another witch or an ordinary woman. They do not often marry men, and if they do, they are likely to choose a sorcerer. such things. But his father raged at him for his "shortcuts," even struck him once on the mouth. The Namer, the Doorkeeper, and the Herbal followed him with her into the Grove. There was a path. Early did not punish Hound for his failure, but he remembered it. He was not used to failures and did not like them. He did not like what Hound told him about this boy, Otter, and he remembered it. deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for. All day he stayed near the Otter's House, keeping watch on Irian, making her eat a little with him. She came to the house, but when they had eaten she went back to her place on the streambank and sat there motionless. And he too felt a lethargy in his own body and mind, a stupidity, which he fought against but could not shake off. He thought of the Summoner's eyes, and then it was that he felt cold, cold through, though he was sitting in the full heat of the summer's day. We are ruled by the dead, he thought. The thought would not leave him. Seven or eight years after Tehanu was published, I was asked to write a story set in Earthsea. A. Irioth did not say yes, or no, or thanks, but went off unspeaking. The cattleman looked after him and spat. "Avert," he said. All the people who worked in the heat and fumes of the roaster tower were naked or wore only breechclout and moccasins. Otter glanced again at the slave, thinking by his height he was a child, and then saw the small breasts. It was a woman. She was bald. Her joints were swollen knobs in her bone-thin limbs. A man unwilling to put himself under the iron control of a spell of chastity could never practice the high arts. He could be no more than a common sorcerer. Male wizards thus had come to avoid women, refusing to teach them or learn from them. Witches, who almost universally went on working magic without giving up their sexuality, were described by celibate men as temptresses, unclean, defiling, essentially wicked.
