They came ashore in Ilien for water and food. Setting a host of many hundreds of men on its way so quickly had left little time for provisioning the ships. They overran the towns along the west shore of Ilien, taking what they wanted, and did the same on Vissti and Kamery, looting what they could and burning what they left. Then the great fleet turned west, heading for the one harbor of Roke Island, the Bay of Thwil. Early knew of the harbor from the maps in Havnor, and knew there was a high hill above it. As they came nearer, he took dragon form and soared up high above his ships, leading them, gazing into the west for the sight of that hill..on the edge of twilight, a low wall of stones. And as he looked he thought he saw a woman walking. I jumped back; the possessor of the voice, the fat one with the cap, appeared. I went to leave him to breathe the fumes of quicksilver in that highest vault till he died... But when his. Although Otter had not thought the words, Anieb spoke with his voice, the same weak, dull voice: "What is it - what is it like - on Roke?" Medra knew only a hint of this story from Ember. "I could teach you how to do that for yourself," the wizard said, smiling, watching Otter rub and flex his aching wrists and work his lips that had been smashed against his teeth for hours. "The Hound told me that you're a lad of promise and might go far with a proper guide. If you'd like to visit the Court of the King, I can take you there. But maybe you don't know the King I'm talking of?" He slept there, on the ground. Not that I doubt it.. It may be that Segoy is or was one of the Old Powers of the Earth. It may be that Segoy is a name for the Earth itself. Some think all dragons, or certain dragons, or certain people, are manifestations of Segoy. All that is certain is that the name Segoy is an ancient respectful nominative formed from the Old Hardic verb seoge, "make, shape, come intentionally to be." From the same root comes the noun esege, "creative force, breath, poetry." "Thus." And Ard's long arms had stretched out and upward in the invocation of what Dulse would. Half San's herd was dead. What was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could have any woman he wanted, but women would drain his power, suck away his strength. He wanted no woman near him. She didn't understand him, but the idea of fearing him, him personally, was not one she could keep in mind. She tried to be respectful, but it was impossible. She thought he was clever and quite handsome, but she didn't think much about him, except for what he could tell her. He knew what she wanted to know and little by little he told it to her, and then it was not really what she had wanted to know, but she wanted to know more. He was patient with her, and she was grateful to him for his patience, knowing he was much quicker than she. Sometimes he smiled at her ignorance, but he never sneered at it or reproved it. Like the witch, he liked to answer a question with a question; but the answers to Rose's questions were always something she'd always known, while the answers to his questions were things she had never imagined and found startling, unwelcome, even painful, altering all her beliefs..After she died, he lived a while alone in the small house near the Grove..There was a long pause..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (68 of 111) [2/5/2004 12:33:31 AM].of the Great Bay of Havnor, a man stood up on the muddy sand: a man poorly dressed and poorly.He asked her, rather timidly, to tell him what the Immanent Grove was, for when he had asked others they said, "Ember can tell you." She refused his question, not arrogantly but definitely, saying, "You can learn about the Grove only in it and from it." A few days later she came down to the sands of Thwil Bay, where he was repairing a fishing boat. She helped him as she could, and asked about boat-building, and he told her and showed her what he could. It was a peaceful afternoon, but after it she went off in her abrupt way. He felt some awe of her; she was incalculable. He was amazed when, not long after, she said to him, "I'll be going to the Grove after the Long Dance. Come if you like." He had not thought. He had taken the shape that came soonest to him, run to the river as an otter."Very nice," said the father. "But anybody can play the fife, you know." .saw the whole plan now was folly.
