During the week of September 23, seven thousand Ozos were shipped to domestic and Canadian addresses supplied by Smith: five hundred to electronics manufacturers and suppliers, six thousand, thirty to a carton, marked "On Consignment," to TV outlets in major cities, and the rest to private citizens chosen at random. The instruction booklets were in sealed envelopes packed with each device. Three thousand more went to Europe, South and Central America, and the Middle East. .223.the way down to the layer of permafrost, twenty meters down..long and loose around her..friendly with him, felt sorry for him, I guess." I let myself into number seven with the master key. The drapes were closed, and so I took a chance.flickering fires?.cubits above the world. The Project, if it is completed, will reach a height of 205."Then will you call my friend?".My curiosity reared up again. The gossip columnists speculated a great deal about how Amanda and Selene managed their dual existence, but because neither personality gave interviews on the subject, it had to remain only speculation. The custody decision, however, was public knowledge. January to June had gone to Margot Randall, July to December to the Senator. It sounded like the alters might still divide then\* year that way. But rather than distress Amanda further by asking about it, I bit my tongue and hurried out to get the lease from my secretary..She simpered. "Oh, Johnny! Come on in. This detective was asking about Andrew Detweiler in number seven." She turned back to me. "This is my protegee, Johnny Peacock?a very talented young man. He was a follower, reliable but unimaginative.."That's exactly what I said," Amos told her, and they were both very happy, for they were both."It is. I am. C'est la vie." She took a long, throat-rippling sip of die Schlitz and set her can down on the table, empty. She glances over at me and winks, and my face starts to flush. One-way..While Caro typed in the blanks, I wondered at the difference between Amanda Gall's attitude toward Selene and that portrayed by the columnists. They made it sound like kinky fun. Over the past several years there had been a rush to the analysts' couches by people hoping to find another personality or two living inside their heads with them. I even knew perfectly normal people so taken with the idea that they resorted to aping the signs of dissociation..effect, indivisible from the community." .we'd best be sure it's safe.
