Was it fair to me, who can never be what you are?" Morred and Elfarran married, and the poem describes their reign as a brief golden age, the foundation and touchstone of ethic and governance thereafter. Nothing happened as he said the words Ard had taught him, his old witch-teacher with her bitter mouth and her long, lean arms, the words spoken awry then, spoken truly now. "They don't need a weatherworker on a night like this, and they haven't paid me yet," Medra said to his conscience. He had waked from his dream with the name Roke in his mind. Why had he never heard of the isle or seen it on a chart? It might be accursed and deserted as they said, but wouldn't it be set down on the charts?
