What we teach here is in a language not undertaking; but as Lao Tzu says, wise people march along with the baggage wagons.. He reached out towards Yaved, towards the ache, the suffering. As he came closer to it he felt a great strength flow into him from the west, as if Silence had taken him by the hand after all. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. We can be easy." "You have?" be wrong to make too much of it, but probably it should not be discouraged.. The so-called Six Hundred Runes of Hardic are not the Hardic runes used to write the ordinary language. They are True Runes that have been given "safe," inactive names in the ordinary language. Their true names in the Old Speech must be memorised in silence. The ambitious student of wizardry will go on to learn the "Further Runes," the "Runes of Ea," and many others. If the Old Speech is endless, so are the runes.. give Ivory a purse for his journey. It was the first real money he had had in his pocket for. "She's very sick, Rush," the girl said. The stranger was in his thirties, with a blunt face and a pleasant look, dressed plain, though the cob that stood behind him was a good horse. "Put me up in the cow barn, mistress, it'll do fine. It's my horse needs a good bed; he's tired. I'll sleep in the barn and be off in the morning. Cows are a pleasure to sleep with on a cold night. I'll be glad to pay you, mistress, if two coppers would suit, and my name's Hawk." "You are no child. You have no name." "Silence is not enough, my lord," said one who had not spoken before. To Irian's eyes he was very strange-looking, having pale reddish skin, long pale hair, and narrow eyes the colour of ice. His speech was also strange, stiff and somehow deformed. "Silence is the answer to everything, and to nothing," he said.. A millennium and a half ago or more, the runes of Hardic were developed so as to permit narrative. They cursed and sneered, but believed him. He had no idea if what he said was true. It had seemed. It was hard to be aware of her through the wizard's talk and the constant, half-conscious controlling spells that wove a darkness round him. But when Otter could do so, then it was not so much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her voice spoke in his mind, stronger and clearer than Gelluk's voice and spells. Through her eyes and mind he could see, and think. And he began to see that the wizard,

completely certain of possessing him body and soul, was careless of the spells that bound Otter to his will. A bond is a connection. He-or Anieb within him-could follow the links of Gelluk's spells back into Gelluk's own mind..That gave her pause. She stood silent.
