You could also, for 8 few dollars more, hire a sofa or armchair that you could drive at liberty among the other chairs, choosing your partners rather than leaving them to chance. "In the area that concerns all of us here in our day-to-day lives, the accelerating pace of the space program has brought a lot of excitement in the last two decades. Some inspiring achievements have helped offset the less encouraging news from other quarters: We have established permanent bases on the Moon and Mars; colonies are being built in space; a manned mission has reached the moons of Jupiter; and robots are out exploring the farthest reaches of the Solar System and beyond.
