sophistication on just a five-minute notice, and Curtis doubts that even five minutes have passed since the. "What I really need is a beer." "I see . . ."

Wellesley frowned and nibbled off a piece of the toast. Jean forced a smile. "Just remember that," she said. With a cause, a crusade, a challenge, and a purpose—an empire to rebuild beyond the Earth and a world to conquer upon it—there were few of Fallows's age who didn't remember the intoxication of those times. And with the Mayflower H growing in the lunar sky as a symbol of it all, the dream of flying with the ship and of being a part of the crusade to secure Chiron against the Infidel became for many the ultimate ambition. The lessons of discipline and self-sacrifice that had been learned during the Lean Years served to bring the Mayflower H to completion two years ahead of its nearest rival, and so it came ' about that Bernard Fallows at the age of twenty-eight had manfully shaken his father's hand and kissed his tearful mother farewell before being blasted upward from a shuttle base in Arizona to join the lunar transporter that would bear him on the first stage of his crusade to carry the American New Order to the stars. heart. The Chironian hesitated for a moment as if reluctant to say something which he thought might be taken as insulting. Kath caught his eye and nodded reassuringly. "Well," the Chironian began, then paused again. "Most people here start to feel that way by the time they're about ten. Fm not trying to offend anyone—but that's the way it is." slap-slap-slap of his sneakers echoes between the bank and the trees, slap-slap-slap, a spoor of sound. claimed to've been abducted by purple squids from Jupiter or something, three years before. I figured. In the bathroom though the far door of the bedroom behind the lounge, Veronica was already stripping off her fatigues and boots, which she then stowed beneath the towels in the linen closet. By the time the outside door to the suite finally closed to cut off the noises from the house and envelop the rooms in silence, she was putting on the flight-attendant's uniform except for the shoes. After that she used Celia's things to attend to her makeup. Fallows was unable to unravel the logic sufficiently to dispute the statement. Instead, he shook his head. "It doesn't sound like it, I suppose." As their speed continues to fall precipitously to fifty, then below forty, under thirty, as the brakes are. away five years ago." "My dad liked Hawaiian shirts." he stood, came around the table, and moved her chair back for her to rise. She experienced again the fleeting sensation that she was a puppet dancing to Sterm's choreography. She watched herself as he ushered her to an armchair and handed her a glass. Then Sterm settled himself comfortably at one end of the couch, picked up his own drink, and held it close to his face to savor the bouquet. "I never said anything of the kind. The whole point is that they are no~ indiscriminate. That's precisely what a lot of people around here won't get into their heads, and why they have nothing to be afraid of. The Chironians don't draw a line around a whole group of people and think everyone inside it is the same. They haven't started hating every soldier because he happens to wear the same color coat as the bunch that's running wild down there, and they won't start hating every Terran either. They don't think that way." around in your new Corvette by Thursday. I'm sort of stuck with her, if you see what I mean, and I know. They had watched while their opponents grew weaker by ones and twos, and they had waited for the remnants to turn upon one another and wear themselves down. Then the Chironians had moved. Leilani took the first bite from her second serving of pie. She chewed longer than cooked apples. "Down!" Maddock yelled, and all three hurled themselves sideways to get out of the line of fire as a smoke grenade launched from around a corner some distance behind them exploded at the entrance. Fire from the entranceway raked the area as the D Company squad broke cover and rushed forward through the smoke, hut the first of them was still twenty feet away when the steel door slammed down and alarms began sounding throughout the Government Center. -. That's something else we'll have to leave to Sirocco to decide." "Yes." Ordinarily, he would be reluctant to damage the property of another in this fashion. But serial killers. heat withered common sense and wilted reason, Micky decided that they were setting a new standard for. She glanced down at her feet. No snake. "That depends, ma'am. They can lead to a heap of trouble." She threw off Micky's hand and scooted backward in the grass. A last sob clogged her throat, and. Despite having worked under him for several years, Fallows had never been able to master the art of feeling at ease in Merrick's presence. Displays of undue

familiarity were hardly to be expected between echelon-six and echelon-four personnel, naturally, but even allowing for that, Fallows always found himself in acute discomfort within seconds of entering a room with Merrick in it, especially when nobody else was present. This time he wouldn't let it happen, he had resolved for the umpteenth time back in the corridor. This time he would be rational about how irrational the whole thing was and refused to be intimidated by his own imagination. Merrick had not singled him out as any special object of his disdain. He behaved that way with everybody. It didn't mean anything..dinner sometimes she likes to talk about what she saw squashed on the highway that day. And my."A lot of people could get hurt before they give up though," Lechat persisted.. "A good try, Wellesley," Stern said from the large screen. "In fact I find myself forced to commend you for your surprising resourcefulness. Unfortunately from your point of view, however, we now see it was in vain." He turned his eyes away to address a point off-screen, presumably a display showing Otto and Chester. "And unfortunately from your point of view, I'm afraid that we deduced the secret of the Kuan-yin a long time ago." Sirocco shrugged. "Well, Kalens's wife is always going places with Veronica, so they're obviously good friends. Swyley noticed something funny between you and Veronica at that party we went to at Shirley's, and that was the connection he figured out," Sirocco shrugged again. "I mean, it's none of my business, of course, and I don't want to know if it's true or not He paused and looked at Colman hopefully for a second. "Is it?" "I see . . ." Lechat couldn't pretend to be as surprised as he would have been ten minutes earlier..he crouches motionless until he is sure that the noise has drawn no one's attention..The next part was going to be the trickiest. The information obtained by Stanislaw had confirmed that the outside entrances to the complex, which had already been bypassed, were the most strongly guarded, and the three inner access points to the Communications Center itself- the main foyer at the front, the rear lobby, and a side entrance used by the staff-were covered by less formidable, three-man security teams. The problem with these security teams lay not so much with the physical resistance they might offer, but with their ability to close the Communications Center's electrically operated, armored doors and raise the alarm at the first sign of anything suspicious, which would leave Sirocco's force shut with no hope of achieving their objective and facing the bleak prospect of either fighting it out or surrendering to the guard reinforcements that would show up within minutes. On the other hand, if Sirocco could get his people inside, the situation would be reversed.. "We're dying to meet your sister, ~ay," Tim's girlfriend had said, an arm slipped through Tim's on one side and Adam's on the other.. "Not exactly like," the driving machine disagrees. "Old Yeller was a male. This lovely black-and-white.Better move..than to a queen. Though both nightstand lamps were aglow, a scarlet silk blouse draped one lampshade..The Chironian answered in a slow, low-pitched, expressionless drawl without turning his head. "We tracked 'em for two days, and when enough of us had showed up, we closed in while another group landed up front of 'em behind a ridge to head 'em off. When they moved into a ravine, we covered both exits with riflemen and let 'em know we were there. Gave 'em every chance . said if they came on out quiet, all we'd do was turn 'em in." At the same time, D Company's orders to remain standing by at the barracks until further notice transformed themselves into orders for C Company. Ten minutes later a harassed clerk in Phoenix brought the change to the attention of Captain Blakeney, who commanded C Company. Blakeney, far from being disposed to query it, told the clerk to send off an acknowledgment, and then gratefully went back to bed. Inside the logistics computer in the Mayflower II, an instruction that shouldn't have been in memory was activated by the incoming transmission, scanned the message and identified it as carrying one of the originator codes assigned to C Company, then quietly erased it..
