The computer assigned him to bread on the table and enough left over from his paycheck to have a couple of beers with the boys. But I was wrong. All the NASA people were wrong. The Astronaut Corps fought like crazy to keep you off this trip. Time enough for that on later flights. We were blinded by our loyalty to the test-pilot philosophy of space flight. We wanted as few scientists as possible and as many astronauts as we could manage. We don't like to think of ourselves as ferry-boat pilots. I think we demonstrated during Apollo that we could handle science jobs as well as anyone. We saw you as a kind of insult, a slap in the face by the scientists in Houston to show us how low our stock has fallen."Someone sat up beside him. He froze, but it was too late. "Tell everyone I can't get to anything till Monday."."Right. Get on that. Since we're sleeping in it until we can find out what we can do on the ground, we'd best be sure it's safe. Meantime, well all sleep in our suits." There were helpless groans at this, but no protests. McKillian and Ralston headed for the pile of salvaged equipment, hoping to rescue enough to get started on their analyses. Song knelt again and started digging around one of the ten-centimeter spikes.."Ah," said Jack, "the second question is easy to answer, but the first is not so simple. I am a prisoner here because a skinny grey man stole a map from me and put me in the brig so I could not get it back from him. But why am I the Prince of the Far Rainbow? That is exactly the question asked me a year ago today by a wizard so great and so old and so terrible that you and I need never worry about him. I answered him, 'I am Prince because my father is King, and everyone knows I should be.' Then the wizard asked me, 'Why should you be Prince and not one of a dozen others? Are you fit to rule, can you judge fairly, can you resist temptation?' I had no idea what he meant, and again I answered, 'I am Prince because my father is King.' The wizard took a mirror and held it before me. 'What do you see?' he asked. 'I see myself, just as I should, the Prince of the Far Rainbow,' said I. Then the wizard grew furious and struck the mirror into three pieces and cried, 'Not until you look into this mirror whole again will you be Prince of the Far Rainbow, for a woman worthy of a prince is trapped behind the glass, and not till she is free can you rule in your own land.' There was an explosion, and when I woke up, I was without my crown, lying dressed as you see me now in a green meadow. In my pocket was a map that told me where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. And still I do not know how to get home"..mouthpiece and looked at me. "It's for you?an obscene phone call." She didn't bat an eyelash or twitch."Over there," said Amos pointing back out the door, "is that end. And over there is this end," and he pointed out the front window, "and right here is the other end."..Now Jack said, "To the top of the mountain where there is a piece of a mirror."..I wasn't lucky enough to get number six or eight, but I did get five. The magazine has a reputation for offering variety, and to uphold that image, it seems to me that it must carefully avoid trends and formulas in an effort to publish a balance of different types of fantasy and sf. And so we continue to look for good writing and fresh ideas and entertaining narratives, and once those general criteria are satisfied, we take on whatever seems to be pleasing our writers at the time. That's the best way I know of pleasing our leaders..I look out at the crowd and it's like staring at the Pacific after dark; the gray waves march out to the horizon until you can't tell one from the other. Here on the stage, the crowd-mutter even sounds like the sea, exactly as though I was on the beach trying to hear in an eighteen-foot surf.
