He gave a sharp look at his staff, which leaned in the corner behind the door. He put the eggs in the larder, ate an apple quickly because he was hungry, and took his staff. It was yew, bound at the foot with copper, worn to silk at the grip. Nemmerle had given it to him..pattern...The Grove would shelter us." "Free!" said the tall woman, and her voice cracked like a whip. Then she looked at her companions,.A wave of pedestrians caught me up; jostled, I moved forward in the crowd. What Master did you speak of?"..lost something, lost it forever, lost it as he found it..The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and..There he was well received by King Thoreg, who, after the shattering loss of his fleet, was ready to call a truce and withdraw from the occupied Hardic islands if Maharion would seek no reprisal..and to doubt himself, before the earth rose up around him, dry, warm, and dark..Otter's mother's hospitality..There were other people on the hill, he saw now, many others, men and women, children, living and spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a spell that would hide him from them all.."He doesn't mind," Dragonfly reassured her. "Only he hardly ever really answers." "Are you there, my dear?" said the traveler. He spoke in the Old Speech, the Language of the..They keep complex accounts and records in weavings of different colors and weights of yarn, and..variations. And as he looked he thought he saw a woman walking..He traveled far in the Archipelago, even out into the East Reach. He never went to the same town.."Those are spells of illusion only, of seeming. But there are true changes, and true summonings. And these may be true temptations to the wizard! It's a wonderful thing to fly on the wings of a falcon, mistress, and to see the earth below you with a falcon's eye. And summoning, which is naming truly, is a great power. To know the true name is to have power, as you know, mistress. And the summoner's art goes straight to that. It's a wonderful thing to summon up the semblance and the spirit of one long dead. To see the beauty of Elfarran in the orchards of Solea, as Morred saw it when the world was young..."..It was then that village sorcery, and above all women's witchery, came into the ill repute that.."Can't be done," "There's people all over these parts, and maybe beyond, who think, as you said, that nobody can be..firmly as they might wish, and always against opposition; for mages came from other islands and..who brought us hope. A promise was made, made through me, I spoke it - "A woman on Gont" -I will.."It's a rare gift, to know where you need to be, before you've been to all the places you don't need to be. Well, send me a student now and then. Roke needs Gontish wizardry. I think we're leaving things out, here, things worth knowing....".."The wizard started forward all at once, his eyes blazing, and cried, "Open to the King's name! I am Tinaral!" And his hands moved in a quick, powerful gesture, as if parting heavy curtains..spoke. Rivers and streams cut their way seaward through that high plain, winding and pooling,..Hemlock was 10th to practice any of the lesser arts of magic. She touched nothing. He would not hear.."I can protect you here, and have done so. On Roke, of course, you'll be perfectly safe. The very walls, there...But if you go home, you must be willing to protect yourself. It's a difficult thing for a young man, very difficult -- a test of a will that has not yet been steeled, a mind that has not yet seen its true goal. I very strongly advise that you not take that risk. Write your parents, and go to the Great Port, or to Roke. And summoning, which is..His sudden tension and immobility, the strained face and inward look, were like those of a woman in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean, "in the Mountain?".."A summoner grows used to bidding spirits and shadows to come at his will and go at his word..need be, I'll do it, of course. But you'll find wizards very sparing of the great spells. For good..about a hotel. Suddenly I crashed, with my whole body, into an invisible barrier. It was a sheet of..Though like any power they could be perverted to evil use in the service of ambition (as was the Terrenon Stone in Osskil), the Old Powers were inherently sacral and pre-ethical. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They

were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them..people, and put a stop to this rubbishy talk, if she could..them had been neither the name of semen nor the name of quicksilver. I can find, above and under ground. I can work weather, if you have any need of that. And I'll learn the art from any who will teach me."..She came back into herself, into the still air under the trees. The Hoary Man sat near her, his face bowed down, and she thought how slight and light he looked, how quiet and sorrowful. There was nothing to fear. There was no harm..The existence of magic as a recognized, effective power wielded by certain individuals, but not by..word or the rune fully release its power.."How do you do that?" she asked..had won his staff on Roke, was used to having boys come to him begging to be tested and, if they..him that he couldn't despise Hound..mere glimpse at the place told me that things had been happening there while I wasn't looking. The master yawned and cursed and began to shout commands. The crewmen got up slowly and slowly began to rake the awkward sail in, and the oarmaster, after asking several questions of the master and Medra, began to roar at the slaves and stride among them rousing them right and left with his knotted rope. The sail was half down, the sweeps half manned, Medra's staying spell half spoken, when the witchwind struck..in the morning light. Well, no, twenty years ago it must be, or twenty-five. A while ago now. He had been truly a boy then, long-legged, rough-haired, soft-faced, with a set mouth and clear eyes. "What do you want?" the wizard had asked, knowing what he wanted, what they all wanted, and keeping his eyes from those clear eyes. He was a good teacher, the best on Gont, he knew that. But he was tired of teaching, and didn't want another prentice underfoot, and sensed danger..stranger. When they saw Irioth they looked uneasy. San went into his house and the stranger."Put it away," she said, with another laugh, and a flurried motion of her hands. "If you can cure the cattle, the cattlemen will pay you, and you can pay me then. Call that surety, if you like. But put it away, sir! It makes me dizzy to look at it. -Berry," she said, as a nobbly, dried-up man came in the door with a gust of cold wind, "the gentleman will stay with us while he's curing the cattle-speed the work! He's given us surety of payment. So you'll sleep in the chimney corner, and him in the room. This is my brother Berry, sir."."Yes. To send away one woman, it takes nine mages." He very seldom smiled, and when he did it was..word haath, "dragon," in the Old Speech)..Songs, all of which began as sung or spoken texts, were written down and preserved as texts. Their population is stable and has never overcrowded..The Doorkeeper caught up with her as she came to a cross-corridor and stood not knowing which way to take. "This way," he said, falling into step beside her, and after a while, "This way," and so they came quite soon to a door. It was not made of horn and ivory. It was uncarved oak, black and massive, with an iron bolt worn thin with age. "This is the back door," the mage said, unbolting it. "Media's Gate, they used to call it. I keep both doors." He opened it. The brightness of the day dazzled Irian's eyes. When she could see clearly she saw a path leading from the door through the gardens and the fields beyond them; beyond the fields were the high trees, and the swell of Roke Knoll off to the right. But standing on the path just outside the door as if waiting for them was the pale-haired man with narrow eyes.."So it was ordained by the first Archmage, centuries ago," said Ivory. "But ... I too have..to be in one place on the isle and sometimes in another, were the oldest trees in the world, and..continuously by hundreds of feet on the floor above; the all-embracing roar now swelled, now..in the spring under Iria Hill," she said at last, standing up and speaking truth..powers-Roke Knoll and the Immanent Grove-were never spoken of as such. She was in tears. They hugged, and she stroked his thick, shining hair and apologized for being cruel, and he hugged her again and said she was the kindest mother in the world, and so she went off. But as she left she turned back a moment and said, "Let him have the party, Di. Let yourself have it."
