

SERVATIONS ON THE PRESENT PLAN OF PEACE WHEREIN IS DETECTED THE AU

Inexplicably, each repetition of Bartholomew heightened Junior's anxiety. The name resonated not just in his ear, but in his blood and bones, in body and mind, as if he were a great bronze bell and Bartholomew the clapper. Disbelieving his eyes, Junior reached across his body with his left hand and picked up the quarter. Although it had been lying in his right palm, it was cold. Icy. This was a relaxation technique that had worked often before. He had teamed it from a brilliant book, *How to Have a Healthier Life through Autohypnosis*. "Thursday it is," he said, clearly delighted to be receiving only a third of the fair-market rental from his apartment. An unfortunately bumpy ride for the deceased: along the hallway, through the foyer, across the entry threshold, down the porch steps, across a lawn dappled with pine shadows and yellow moonlight, to the graveled driveway. No complaints. "No, I don't see it," Chicane repeated. "There's no benefit to a meditation marathon. Twenty minutes is enough, man. Half an hour at the most. You relied on your internal clock, didn't you?" The formless apprehension with which she had awakened at 1:50, Tuesday morning, had returned to her from time to time during the past couple days. Now, here it came again, pinching her throat and tightening her chest-at last beginning to take form. Besides, the possibilities repulsed him. The very thought of a splendid-looking woman like Victoria submitting to a grotesque like Vanadium would have withered his soul if he had possessed a soul. On a shelf above one of the clothes rods stood a single piece of Mark Cross luggage, an elegant and expensive two-suiter. The rest of the high shelf was empty-enough space for as many as three more bags. The Spruce Hills Police Department was far too small to have a full-blown Scientific Investigation Division. And if the tableau presented to them appeared convincing enough, they might accept the death as a freak accident and never turn to the state police for technical. In his mind's eye, Junior saw the coin in transit of the blunt fingers, moving more swiftly than previously because its passage was lubricated by blood. Halted by the unmistakable meaning of the expressions on these women's faces, Paul was grateful that Nellie was briefly stricken mute. He didn't believe he had the strength to receive the news that she had tried to deliver. Junior wanted to shoot all of them, but he said, "Take it. Keep it. Get it the hell out of here." He couldn't see into the next aisle through the gaps between rows of books, because the shelves had solid backs. The barren white walls, the stark furniture starkly arranged, the rigorous exclusion of bric-a-brac and mementos: this resulted in the closest thing to a true monastic cell to be found outside of a monastery. The only quality of the apartment that identified it as a secular residence was its comfortable size, and if Industrial Woman had been replaced with a crucifix, even size might have been insufficient to rule out residence by some fortunate friar. The detective wasn't the only person in the world who liked "Someone to Watch over Me." Anyone in the lounge might have requested it. Or maybe this number was part of the pianist's usual repertoire. murdered would be discounted. And if every death was suspicious to him, then he would quickly lose interest in Junior and move on to a new enthusiasm, harassing some other poor devil. Paul couldn't remember when he began to love her. Not at first sight. But before she contracted polio. Love came gradually, and by the time it flowered, its roots were deep. In the crisis, the rack holding her oxygen bottle had been rolled to the bed. The breathing mask lay on the pillow beside her. THE DEAD DETECTIVE, grinning in the moonlight, a pair of silvery quarters gleaming in the sockets once occupied by his eyes. "I don't ... don't understand." Blinking sleepily, pretending to be still thickheaded from tranquilizers and whatever other drugs they were dripping into his veins, Junior was pleased by the note of perplexity in his hoarse voice, although he knew that even an Oscar-caliber performance would not win over this critic. For a while he enjoyed being challenged to figure the number of seconds elapsed since a particular historical event. Given the date, he did the calculations in his head, providing a correct answer in as little as twenty seconds, rarely taking more than a minute. Tom didn't attribute supernatural powers to this killer. Enoch Cain was mortal, not all-seeing and all-knowing. Evil and stupidity often go together, however, and arrogance is the offspring of their marriage, as Tom had earlier told Celestina. An arrogant man, not half as smart as he thinks, with no sense of right and wrong, with no capacity for remorse, can sometimes be so breathtakingly reckless that, ironically, his recklessness becomes his greatest strength. Because he is capable of anything, of taking risks that mere madmen wouldn't consider, his adversaries can never predict his actions, and surprise serves him well. If he also possesses animal cunning, a kind of deep intuitional shrewdness, he can react quickly to the negative consequences of his recklessness and can indeed appear to be more than human. Phimie must be honored now with laughter instead of with tears, because her life had left Celestina with so many memories of joy and with joy personified in Angel. To fend off tears, she said, "Listen, Clark Kent, we women need our little secrets, our private thoughts. If you can really read my heart this easily, I guess I'm going to have to start wearing lead brassieres." "In cases like this, the malignancy is often more advanced in one eye than the other. If the size of the tumor requires it, we remove the eye containing the greatest malignancy, and we treat the remaining eye with radiation." A forgetful client had left the bumbershoot in the office six months ago. Otherwise, Nolly wouldn't have had any umbrella at all. Jacob made more fire sounds as he stripped the clear cellophane off a second new deck of playing cards, then off a third and a fourth. He did not answer Hound's question. "Well, sure," said Mary, "without dying first. That would be the easy way to get there. I'm a Lampion, aren't I? Do we take the easy way, if we can avoid it? Did Daddy take the easiest way up the oak tree?" Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction?" Junior hadn't suffered a paranormal experience since the early-morning hours of October 18, when he'd drifted up from a vile dream of worms and beetles to hear the ghostly singer's faint a cappella serenade. Shouting at her to shut up, he had awakened neighbors. With Barty's presence, Christmas Eve dinners had become even more agreeable, especially this year when he was almost-three-going-on-twenty. He

talked about the visits to friends that he and his mother and Edom had made earlier in the day, about Father Brown, as if that cleric-detective were real, about the puddle-jumping toads that had been singing in the backyard when he and his mother had arrived home from the cemetery, and his chatter was engaging because it was full of a child's charm yet peppered with enough precocious observations to make it of interest to adults..Tom would have edged to his right, away from Edom, if Jacob hadn't flanked him. He remembered the odd comment that the more dour of the twins had made about the Bakersfield train wreck..Too late for interrogation now, with Vanadium bludgeoned into eternal sleep and resting under many fathoms of cold bedding..The possibility that he'd left a clear fingerprint on the watch crystal had to be judged remote. And the band had been too textured to take a print useful to the police..One moment, girl and yellow vinyl ball. The next moment, gone as if they'd never been..same," Agnes admonished. "Who's been raising you, sugarpie, if you don't know that? Are you going to pretend you've been brought up by wolves for nine years?".Aware of the dangers of dehydration, he drank a bottle of water and put two half-gallon containers of Gatorade in the Suburban..Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun..Truly, the time spent helping Agnes had given her uncountable new subjects for paintings and had begun to bring to her work a new depth that excited her. "When you pour out your pockets into the pockets of others," Agnes had once said, "you just wind up richer in the morning than you were the night before.".The girl's appetite was sharp, even though the food was soft and bland. Soon, she slept..The first was an ace of hearts. This, Maria said, was a very good card, indeed. It meant that Barty would be lucky in love..done with it at last, he opens his mouth, lets the roses be shoved in, the bitter green taste of the juice crushed from.Edom removed two of the pies from the table and put them on the counter near the ovens..In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second.. "There's no clear evidence of birth defects, but a couple tests reveal some worrisome anomalies. We'll know when we see the child.".Another machine beside the first, stocked with copies of a sexually explicit publication for gays, fired a quarter that hit Junior's forehead. The next snapped against the bridge of his nose..Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back.".The second ring was followed by a click, and then a familiar droning voice said, "Hello. I'm Thomas Vanadium-". "Maybe I won't have to try as hard as I think, because you make it so easy, Barty.". "No. Lampion. Somewhere in your father's French background, there must have been lamp makers. A lampion is a small lamp, an oil lamp with a tinted-glass chimney. Among other things, in those long ago days, they used them on carriages.".Although Junior continued to feel threatened, continued to trust his instinct in this matter, he didn't devote his every waking hour to the hunt. He had a life to enjoy, after all. Self-improvements to undertake, galleries to explore, women to pursue..In time, his hand tightened feebly on hers. And a while after that hopeful sign, his eyelids fluttered, opened..In reality, it had been a homely device, a mere box. In memory, it seemed ominous, charged with the evil portent of a nuclear bomb..OTTER WAS THE SON of a boatwright who worked in the shipyards of Havnor Great Port. His mother gave him his country name; she was a farm woman from Endlane village, around northwest of Mount Onn. She had come to the city seeking work, as many came. Decent folk in a decent trade in troubled times, the boatwright and his family were anxious not to come to notice lest they come to grief. And so, when it became clear that the boy had a gift of magery, his father tried to beat it out of him..This device, which could automatically pick any lock with just a few pulls of its trigger, was sold strictly to police departments, and its distribution was tightly controlled. On the black market it commanded such a high price that Junior could have bought the better part of a small Sklent painting for the same bucks..He was about to lift the body out of the chair when he heard the car in the driveway. He might not have caught the sound of the engine so distinctly and so early if the stereo had not been in the process of changing albums..Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along..He felt lightheaded again. But this time he knew why. Not an oncoming case of the flu. He was straining against the cocoon of his life to date, straining to be born in a new and better form. He had been a pupa, encased in a chrysalis of fear and confusion, but now he was an imago, a fully evolved butterfly, because he had used the power of his beautiful rage to improve himself. When Bartholomew was dead, Junior Cain would at last spread his wings and fly..About ten feet from the trunk of the oak, Barty departed his straight route and began to circle the tree..Junior's attorney-Simon Magusson--insisted upon full disclosure of maintenance records and advisories relating to the fire tower and to other forest-service structures for which the state and the county had sole or joint custodial responsibility. If a wrongful--death suit was filed, this information would have to be divulged anyway during normal disclosure procedures prior to trial, and since maintenance logs and advisories were of public record, Hisscus and Knacker and Nork agreed to provide what was requested..The striking resemblance between this artist and Seraphim, as well as the facts in the biographical sketch under the photo, argued that the two were sisters..Junior had made a mistake when he smashed the pewter stick into Vanadium's face after the cop was already unconscious. He should have bound the bastard and attempted to revive him for interrogation..Yes, he suspected that he would require a great deal of rest to prepare himself for this vixen. Even in her loose white uniform and stodgy rubber-soled shoes, she was an incomparably erotic figure. She would be a lioness in bed..IN NEED OF OIL, the hand crank squeaked, but the tall halves of the casement window parted and opened outward into the alleyway..In either case, printing the name in blood was a ritualistic act, and ritualism of this nature was an unmistakable symptom of a seriously unbalanced mind. Evidently, the wife killer would be easier to crack than expected, because his shell was already badly fractured..Junior took one of the boxed guns, a 9-mm semiautomatic. Months would probably pass before she noticed the

pistol missing from the back of her closet, and by then she wouldn't know who had taken it..there in more genteel and gilded ages, and her flights of imagination sometimes acquired such vivid detail that they were eerily like memories.. "Phimie said the creep thought it was funny, but using Daddy's voice as background music also ... well, aroused him, maybe because it further humiliated her and because he knew it would humiliate our father. But we never told Daddy that part of it. Neither of us saw any useful reason for telling him."..Never would he pause to reload at this desperate penultimate moment, when success or failure might be decided in mere seconds. That would be the choice of a man who thought first and acted later, the behavior of a born loser..With everyone in the diner now aware of Junior, with every head turned toward him and with every wary eye tracking him, he dropped the bun cap and the mustard dispenser on the floor. Barging through the swinging gate at the end of the lunch counter, he entered the narrow work area behind it.. "From childhood, I've had this ... awareness, this perception of an infinitely more complex reality than what my five basic senses reveal. A psychic claims to predict the future. I'm not a psychic. Whatever I am ... I'm able to feel a lot of the other possibilities inherent in any situation, to know they exist simultaneously with my reality, side by side, each world as real as mine. In my bones, in my blood-"..Raising his revolver, Tom squeezed off two shots, but the gun didn't discharge..Thereafter, he was repelled at the prospect of kissing her, and their relationship fell apart..Junior assumed the dead girl had come from a family of stature in the Negro community, which would explain the stonecarver's accelerated service. Vanadium, according to his own words, was a friend of the family; consequently, the father was most likely a police officer..Putting one hand on the object to which she referred, Barty said, "Mom and I were listening to a book when you got here. This is a talking book."..Junior decided to attend the festivities, after all, motivated by the prospect of connecting with a woman more pliant than the Bavol Poriferan sculpture..Amazed, Agnes gaped at her baby. The throat lump that blocked her speech was part pride, part awe, and part fear, though she didn't at once understand why this wonderful precociousness should frighten her..So the practice of their lore and the teaching of it had become perilous. Those who undertook it were often those already outcast, crippled, deranged, without family, old-women and men who had little to lose. The wise man and wise woman, trusted and held in reverence, gave way to the stock figures of the shuffling, impotent village sorcerer with his trickeries, the hag-witch with her potions used in aid of lust, jealousy, and malice. And a child's gift for magic became a thing to dread and hide..Occasionally he woke in the night and heard himself murmuring the mantra aloud, which apparently he had been repeating ceaselessly in his sleep. "Find the father, kill the son." In April, Junior discovered three Bartholomews. Investigating these targets, prepared to commit homicide, he learned that none had a son named Bartholomew or had ever adopted a child..Yet he brooded even at breakfast, in spite of the consolation of clotted cream and berries, raisin scones and cinnamon butter. In better worlds, wiser Tom Vanadiums chose different tactics that resulted in less misery than this, in a far swifter conveyance of Enoch Cain to the halls of justice. But he was none of those Tom Vanadiums. He was only this Tom, flawed "land struggling, and he couldn't take comfort in the fact that elsewhere he had proved to be a better man..Although Vanadium had been morally certain about the identity of his assailant, intuition without evidence was not sufficient to stir the authorities into action-not against a man on whom the state and county had settled \$4,250,000 in the matter of his wife's mortal fall. They would appear either to be incompetent in the investigation of Naomi Cain's death or to be pursuing Enoch in the new matter out of sheer vindictiveness. Without stacks of evidence, the political risks of acting on a policeman's instinct were too great..Lifted from his despair by this exhilarating wrath, Junior turned away from the mirror, looking for the bright side once more. Perhaps it was the bathroom window..At this extreme end of town, no streetlamps lit the pavement. With only moonlight to reveal him, he wasn't likely to be recognized if anyone happened to glance out a window..Copyright (c) 1999 by Ursula K. Le Guin. "Dragonfly" first appeared in Legends..Lipscomb turned to Celestina. "Before lapsing into semicoherence again, your sister said, 'Beezil and Feezil are safe with her,' which may sound less than coherent to you, but not to me."..Remember the beauty of rage. Channel the anger and be a winner. Act now, think later..The ninth piece was not art, certainly not a work by Griskin, and could disturb no one half as much as it rattled Junior. Upon a black pedestal stood a pewter candlestick identical to the one that had cracked the skull of Thomas Vanadium and had added dimension to the cop's previously pan-flat face..Greed. So easy, taking money from the rubes. Soon, instead of peeling off a little from each game, he sought bigger kills..Her name was Victoria Bressler, and she was an attractive blonde. She would never have been serious competition For Naomi, because Naomi had been singularly stunning, but Naomi, after all, was gone..Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing..On Tuesday, January 2, Junior met with the drug dealer who had introduced him to Google, the document forger, and he arranged to purchase a 9-mm handgun with custom-machined silencer..Again, he cast his line of memory into murky waters nearly four years in the past, to the night of passion that he had shared with Seraphim in the parsonage. As before, he could recall nothing she'd said, only the exquisite look of her, the nubile perfection of her body..were uniformly negative, frequently hilarious, but never as succinct and violent as Sklent's..The driver shook his head. "I knew everything anyone would need to know about you when I heard you ask your kid what would happen if the stupid boogeyman showed up in her dream."..Only two explanations occurred to him. First, bureaucracies slavishly follow the rules even when the rules make no sense. Second, the Ugliest Private Detective in the World, Nolly Wulfstan, was an incompetent dunce..The expectation with which Tom had been greeted on his arrival was as thin as the air at Himalayan heights compared to the rich stew of anticipation now aboil..She was in Paul's arms again, as though by magic, and he ran as fire broke through the cedar-shake shingles and as the roof shuddered under them. Airborne through billowing smoke. Across flames that briefly caressed the soles of his shoes..Reflecting upon her son's clever, diligent, and uncomplaining adaptation to darkness, she wished that she had

described to him the dazzling sunset under which they had made their journey home. Although her words might have been inadequate to the spectacle, he would have elaborated on them to create a picture in his mind; with his creative skills, the world that he'd lost with his sight might be remade in equal splendor in his imagination..Opening his eyes blinking back his tears just as more agonizing contractions knotted his abdomen, he could see ribbons of red in the watery green mess that gushed from him. Bright red. Gastric blood would be dark. This must be pharyngeal blood. Unless an artery had ruptured in his stomach, torn by the incredible violence of these intransigent spasms, in which case he was puking his life away.."You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..."At the end of their second date, however, Frieda invited Junior up to her apartment, to see her Lientery collection and, no doubt, to take a ride on the Cain ecstasy machine. She owned seven canvases by the painter, received as partial payment of his PR bills..He was unconscious, wired to a heart monitor, pierced by an intravenous-drip line. Clipped to his septum, an oxygen feed hissed faintly, and from his open mouth rose the barely audible wheeze of his breathing..So quick, this violence, over even as it began. Because he had no interest in aftermath, however, Junior suffered no disappointment at the briefness of the thrill. The past was past, and as he closed the front door and stepped around the body, he focused on the future..Sliding Victoria's chair away from the table, he turned her to face him. He adjusted her body so that her head was tipped back and her arms were hanging slack at her sides..She shook her head, and red bows fluttered. "No. 'Cause you didn't just move it around."This galerieur was tall, with silver hair, chiseled features, and the all-knowing, imperious manner of a gynecologist to royalty. He wore a well-tailored gray suit, and his gold Rolex was the very watch that Wroth Griskin might have killed for in his salad days..In his room, he settled on the bed with his constipating snacks and the county telephone book. Because he had packed the directory with the Zedd collection, the thief hadn't gotten it..open grave. In his hand: the white rose, its thorns slick with his blood. He dropped the bloom, and it fell out of sight, into the gaping earth, atop Naomi's casket..Not limited to a survey of the nursing staff on a single floor of the hospital, Junior used the elevators to roam higher and lower. Checking out the skirts..As Junior blew his nose and blotted his eyes, Vanadium said, "I believe YOU actually loved her in some strange way."."I'm afraid you're wrong." When Tom opened his left hand, the palm lay as bare as that of a blind beggar in a country of thieves. Meanwhile, his right hand had tightened into a fist again..Joey was, after all, an insurance broker," Vinnie reminded her. "He was going to look out for his family."Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed..Perhaps a lot of suspects were rattled and ultimately unnerved by this behavior. Junior wouldn't be easily trapped. He was smart..NORTHBOUND ON THE coastal highway, headed for Newport Beach, Agnes saw bad omens, mile after mile.
