

## REMARKS ON SOME OF THE EDITIONS OF THE ACTS OF THE PARLIAMENTS OF SCOTLAND

Edom felt uneasy in this kingdom of a strange god. The god that his brother feared was humanity, its dark compulsions, its arrogance. Edom, on the other hand, trembled before Nature, whose wrath was so great that one day she would destroy all things, when the universe collapsed into a super dense nugget of matter the size of a pea..When the third knave of spades appeared, Edom said to Maria, "What kind of enemy does three in a row describe?".Unable to speak, the girl kissed her and then gently placed her head against Agnes's breast, capturing forever in memory the pure sound of her heart..Startled, Nolly checked his shirt pocket and withdrew a quarter. "It's not the same one."Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth..When Paul arrived with a Christmas gift, Perri was abed, wearing Chinese-red pajamas, reading Jane Austen. A clever contraption of leather straps, pulleys, and counterweights assisted her in moving her right arm more fluidly than would otherwise have been possible. A lap stand held the book, but she could tam the pages..He returned to the house and extinguished the three blown-glass oil lamps on the living-room coffee table. Out, as well, the silk-shade lamp.. "Not so bad, two thousand," Tom heard himself say idiotically. "I mean, compared to nearly four million."Instead of opening his left fist, Tom lifted his martini with his right, and on the tablecloth under the glass lay the coin..Those words, in a vertiginous spiral, spooled through the memory tapes in Junior's mind, as clear and powerfully affecting-and every bit as alarming-as the memory flash of the ordeal in the Dumpster. He couldn't recall where he'd heard them, who had spoken them, but revelation trembled tantalizingly along the rim of his mind..JUNIOR CAIN WANDERED among the Philistines, in the gray land of conformity, seeking one-just one-refreshingly repellent canvas, finding only images that welcomed and even charmed, yearning for real art and the vicious emotional whirlpool of despair and disgust that it evoked, finding instead only themes of uplift and images of hope, surrounded by people who seemed to like everything from the paintings to the canapes to the cold January night, people who probably hadn't spent even one day of their lives brooding about the inevitability of nuclear annihilation before the end of this decade, people who smiled too much to be genuine intellectuals, and he felt more alone and threatened than eyeless Samson chained in Gaza..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob.,Angel, as if in God's own hands, stared with round-eyed wonder at the physician.."I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply."..Downstairs again, as Agnes reached the foot of the stairs, she began to worry that she had done too thorough a job on the khakis and that the extent of the damage would raise suspicions..As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me."..Hound smiled. "They haven't undone what you did yet, either," he said. "Old Whiteface was crawling all over her yesterday, growling and muttering. Ordered the helm replaced." He meant Losen's chief mage, a pale man from the North named Gelluk, who was much feared in Havnor..Agnes called their two-car parade a Christmas caravan, which appealed to Barty's sense of magic and adventure. Repeatedly he turned in his seat and rose to his knees to look back at his uncle Edom, waving vigorously..He knew that the only movement in those staring, sightless eyes was the restless reflection of the flashlight beam as he probed the trash with it. He knew he was being irrational, but nevertheless he was reluctant to turn his back on the corpse. Repeatedly in the midst of searching, he snapped his head up, whipping his attention to Neddy, certain that from the corner of his eye, he had seen the dead gaze following him..When Celestina first entered his ICU cubicle, the sight of his face scared her in spite of the surgeon's assurances. Gray, he was, and sunken-cheeked-as though this were the eighteenth century and so many medicinal leeches had been applied to him that too much of his essential substance had been sucked out..She was sopping, shivering. Water streamed from her soaked hair, down her face, as she wiped at her beaded eyelashes with one dripping hand..He pushed back the bedclothes and sat up, leaning against the pillows and headboard. "This is maybe a hard thing for you to do, but it's really important."..A deep storm of silence, anti-thunder, the house fully drenched in a muffling rain of soundlessness..Surprised, Tom leaned in his chair to look more directly at the blind boy. On the telephone, Celestina had mentioned only that Barty was a prodigy, which didn't quite explain the aptness of the oak-tree metaphor..Dr. Lipscomb inclined his head slightly toward the pianist, in the manner of a stem headmaster about to emphasize a lesson with a sharp twist of the offending boy's ear. "Miss White and the baby will have vacated these premises by the end of the week-unless you insist on bothering them with your chatter. For every minute you harass them, their departure will be extended one day."..He decided to use the tool just three times on each deadbolt before trying the door. The less noise the better. Maybe luck would be with him.."I can try, your highness."..She dealt with them equally, too, favoring neither-except in-the matter of pie delivery. On those rare occasions when she could not make these rounds herself and when she had no one to turn to but a brother, Agnes always asked for Edom's help..Reminding himself that fortune favored the persistent and that he must always look for the bright side, Junior began with the city itself and with those whose surnames were Bartholomew. This was a manageable number..In spite of her nature, Agnes could not find forgiveness in her heart this time. Words of absolution clotted in her throat. Her bitterness dismayed her, but she could not deny it.."Another year," Edom said, "and instead of me, Barty can drive the car for you."..Grace declined food, but Tom ordered for her, anyway, selecting those things that by now he knew Celestina liked, guessing that the mother's taste had shaped the daughter's..His severed toe lay across the room, on the white tile floor. It stuck up stiffly, nail gleaming, as if the floor were snow and the toe were the only exposed extremity of a body buried in a drift..The car shuddered, wrenched steel screamed, and a cry of triumph rose from the rescuers..The police. The stupid police. Ringing the bell when they knew he'd been

shot. Ringing the damn doorbell when he lay here helpless, the Industrial Woman lurching toward him, his toe on the other side of the kitchen, ringing the doorbell when he was losing enough blood to give transfusions to an entire ward of wounded hemophiliacs. The stupid bastards were probably expecting him to serve tea and a plate of butter cookies, little paper doilies between each cup and saucer. Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked. Lipscomb said, "We're only two and a half blocks from the best Armenian restaurant in the city. I'll dash over there, bring back some chilled bubbly and an early dinner, if you'll allow me." IN GOOD DARK SUITS, clean-shaven, as polished as their shoes, carrying valises, the three arrived in Junior's hospital room even before the usual start of the working day, wise men without camels, not bearing gifts, but willing to pay a price for grief and loss. Two lawyers and a high-level political appointee, they represented the state, the county, and the insurance company in the matter of the improperly maintained railing on the observation platform at the fire tower. "All right," Celestina said, "yes, of course." She could see no harm in humoring Phimie. "Angel. Angel White. Now, you calm down, you relax, don't stress yourself." His eyes were strangely radiant, as she had never seen them before, as if the shining angel who would guide him elsewhere had already entered his body and was with him to begin the journey. Although faint and somewhat hollow, the woman's crooning was pure and so on-note that this a cappella rendition fell as pleasantly on the ear as any voice sweetened by an orchestra. Yet the song had a disturbing quality, as well, an eerie note of yearning, longing, a piercing sadness. For want of a better word, her voice was haunting. Rena was cheerful, short, and solid. Her waist measurement must have been two-thirds her height, and she favored floral dresses that emphasized her girth. With a German accent and in a voice that always seemed about to dissolve in a great gale of mirth, she said, "Madchen lieb, you look like a Christmas candle to me." After examining Barty, Dr. Schurr sent them to the hospital for further tests. There they spent the rest of the day, except for an hour break during which they ate lunch in a burger joint. The deejay announced song number four for the week: the Beatles' "She's a Woman." The Fab Four filled the Studebaker with music. The problem was Celestina in the Buick, because when she saw what was happening, she might slide behind the steering wheel and speed away. The engine was running, white plumage rising from the tailpipe and feathering away in the fog, so she might escape if she was a quick thinker. As impressed as Agnes had been with the sample orbs that she'd been shown, she allowed no hope that the singular beauty of Barty's striated emerald-sapphire eyes would be re-created. Although the artist's work might be exquisite, these irises would be painted by human hands, not by God's. On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there. Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others. More than twice, worried nurses and even a resident internist braved the tumult to check on Junior's condition. They asked if he really felt up to entertaining visitors, these visitors. Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly. Later in the month, from Sparky Vox, Junior learned the building had a four-pipe, fan-coil heating system serving discrete ductwork for each apartment. Voices couldn't carry from residence to residence in the heating-cooling system, because no apartments shared ducting. Throughout the spring, summer, and autumn of 1967, Junior met new women, bedded a few, and had no doubt that each of his conquests experienced with him something she had never known before. Yet he still suffered from an emptiness in the heart. "Well, he was an insurance agent, and numbers are important in that line of work. And he was a good investor, too. Not the whiz you are with numbers, but I'm sure you got some of your talent from him. The telephone was operative, and Vanadium dialed the number of the building superintendent, Sparky Vox. Sparky had an apartment in the basement, on the upper of two subterranean floors, adjacent to the garage entrance. "If Phimie wasn't here," Celestina said, "and then she came back, she was somewhere during that minute, wasn't she?" From the door to the sink, nervously fishing a plastic pharmacy bottle out of a coat pocket, Junior counseled himself to remain calm. Slow deep breaths. What's done is done. Live in the future. Act, don't react. Focus. Look for the bright side. Celestina often thought of his wife and twin boys—Rowena, Danny, and Harry—dead in that airliner crash six years ago, and sometimes she was pierced by a sense of loss so poignant that they might have been members of her own family. She grieved as much over their loss of Wally as over his loss of them, and as blasphemous as the thought might be, she wondered why God had been so cruel as to sunder such a family. Rowena, Danny, and Harry had crossed all waters of suffering and lived now eternally in the kingdom. One day they would all be rejoined with the special husband and father they had lost; but even the reward of Heaven seemed inadequate compensation for being denied so many years here on earth with a man as good and kind and big of heart as Walter Lipscomb. Junior intended to add one stocky ghost to the party. Perhaps on a summer night in years to come, at the edge of the light fall from his Coleman lantern, a fisherman would see a semitransparent Vanadium providing entertainment with an ethereal quarter. Closing her eyes, Agnes whispered, "Bartholomew," in a reverent voice full of wonder, full of awe. A sudden cold breeze blew down out of the moon, bearing a faint alien scent, and the black boughs of the trees billowed and rustled like witches' skirts. Remember the beauty of rage. Channel the anger and be a winner. Act now, think later. This was a California live oak, green even in winter, although its leaves were fewer now than they would be in warmer seasons. The elaborate branch structure, reflected around him, was an exquisite and harmonious maze overlaying a mosaic of sunlight green on grass, and something in its patterns suddenly touched him, moved him, seized his imagination. He

felt as if he were balanced on the brink of an astonishing insight.. "After the quake," Edom said, "forty thousand people took refuge in a two-hundred-acre open area, a military depot. A quake-related fire swept through so fast they were killed standing up, so tightly packed together they died as a solid mass of bodies." Darkness, the one source of childhood fear that most adults never quite outgrow, held no terror for Barty. Although for a while his bedroom featured a Mickey Mouse night-light, the miniature lamp was there not to soothe the boy, but to quiet his mother's nerves, because she worried about him waking alone, in blackness.. "Yes, but it's a Catholic hospital, and they offer this option to all unwed mothers-doesn't matter what their religion." With his startling combination of a Mediterranean complexion and rust-red hair, his good looks, and his fit physique, Paul had the exotic appearance of a pulp-fiction hero. In particular, he liked to imagine that he might pass for Doc Savage's brother.. "Quick, very quick," he warned, helping Grace through the fire framed window and onto the roof of the porch.. His thought had been that Reverend White might find in Agnes, Bright Beach's beloved Pie Lady, a subject who would inspire a sequel to the sermon that had so deeply affected Paul-who was neither a Baptist nor a regular churchgoer-when he had heard it on the radio more than three years ago.. Under a declining moon, he fled discreetly three blocks to his Suburban, parked on a parallel street. He encountered no traffic, and on the way, he stripped off the gardening gloves and discarded them in a Dumpster at a house undergoing remodeling.. Not every coincidence, however, has meaning. Toss a quarter one million times, roughly half a million heads will turn up, roughly the same number of tails. In the process, there will be instances when heads turn up thirty, forty, a hundred times in a row. This does not mean that destiny is at work or that God-choosing to be not merely his usual mysterious self but utterly inscrutable-is warning of Armageddon through the medium of the quarter; it means the laws of probability hold true only in the long run, and that short-run anomalies are meaningful solely to the gullible.. Paul sat by himself, at the far end of the restaurant from them. He ordered orange juice and waffles.. Jacob feared what men could do with clubs, knives, guns, bombs, with their bare hands, but he was most preoccupied by the unintended death that humanity brought upon itself with its devices, machines, and structures meant to improve the quality of life.. "Maria brought that from Mexico," Barty said. "She thought it was pretty funny. So do I. It's a hoot. Mom says it isn't really blasphemous, because it wasn't meant to be by the people who made it, and because Jesus would want you to have cookies, and, besides, it reminds us to be thankful for all the good things we get." Paul Damascus remained busy, filling prescriptions, until he was finally able to take a lunch break at two-thirty.. Another thought: The young gallery employee would remember that Junior had asked after Neddy and had followed him toward the men's room. He would provide a description, and because he was an art connoisseur, therefore visually oriented, he'd most likely provide a good description, and what the police artist drew wouldn't be some cubist vision in the Picasso mode or a blurry impressionistic sketch, but a portrait filled with vivid and realistic detail, like a Norman Rockwell painting, ensuring apprehension.. Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along.. Thus armored, he at last arrived in the city of Sacramento, an hour before dawn. Sacramento, which means "sacrament" in Italian and in Spanish, calls itself the Camellia Capital of the World, and holds a ten-day camellia festival in early March-already advertised on billboards now in mid-January. The camellia, shrub and flower, is named for G. J. Camellus, a Jesuit missionary who brought it from Asia to Europe in the eighteenth century.. replace her. I'd never be able to spend a penny of it. Not a penny. I'd have to give it away. What would be the point?" Maria looked stricken when she answered the doorbell, for she intuited that a visit, instead of a call, meant the worst.. Jell-O were served to Agnes Lampion as, on farms farther inland from the coast, roosters still crowed and plump hens clucked contentedly atop their early layings.. Whether or not the visitor in the client's chair had ever known much romance, he unquestionably had experienced too much adventure and more than his share of tragedy. Thomas Vanadium's face was a quake-rocked landscape: cracked by white scars like fault lines in a strata of granite; the planes of brow, cheeks, and jaws canted in odd relationships to one another. The hemangioma that surrounded his right eye and discolored his face had been with him since birth, but the awful damage to his bone structure was the work of man, not God.. "Nature has no maternal instincts," Edom said quietly but with conviction. "To think otherwise is sheer sentimentality at its worst. Nature is our enemy. She's a vicious killer." He was too sensitive a soul to be able to take either a handsaw or a power saw to a corpse.. Permissions Department, Harcourt, Inc., 6277 Sea Harbor Drive, Orlando, Florida 32887-6777. [www.harcourt.com](http://www.harcourt.com) "Darkrose and Diamond" first appeared in *The Magazine of Fantasy and Science Fiction*.. With Naomi, sex had been glorious, because they were bonded on multiple levels, all deeper than the mere physical. They had been so close, so emotionally and intellectually entwined, that in making love to her, he'd been making love to himself; and he would never experience a greater intimacy than that.. First room on the left. Move. Kick the door open. The sense of a larger space beyond, no bathroom this time, and darker. Fan the pistol, gripping with both hands. Two quick shots: muffled cough, muffled cough.. On the afternoon of November ninth, when Paul and Barty were with her, reminiscing, and Angel was in the kitchen, getting drinks for them, his mother gasped and stiffened. Breathless, she paled past chalk, and when she could breathe and speak again, she said, "Get Angel now. No time to bring the others." "Angel," Phimie said thickly, searching her sister's eyes for a sign of understanding.. "Nicholas Deed." On her tongue, the name was as bitter as a dissolving aspirin.. As Lipscomb picked up the freshened baby, Grace said, "That was as effective as any minister's wife could've been with an impossible parishioner-and, oh, do I wish we could sometimes be that pointed." In Cain's bedroom, Tom Vanadium's hooded flashlight revealed a six-foot-high bookcase that held approximately a hundred volumes. The top shelf was empty, as was most of the second.. Neither of them needed to confirm their mutual attraction with even so much as an additional nod or a smile. Victoria knew, as he did, that their time would come, when all this current unpleasantness was I behind them, when Vanadium had been thwarted, when all suspicion had been

forever laid to rest..Beautiful she was, both of face and form, even with her mouth gaping wide and her eyes rolled back in her skull. How bright her future might have been if she had not chosen to deceive. A tease was, in essence, a deceiver-promising what she never intended to deliver..Angel didn't join the grieving women, but sat on the floor in front of the television, switching back and forth between Gunsmoke and The Monkees. Too young to be genuinely involved in either show, nevertheless she occasionally made gunfire sounds when Marshal Dillon went into battle or invented her own lyrics to sing along with the Monkees..The sign promised topless dancers. Although Junior had been in San Francisco for over a week, he had not yet sampled this avant-garde art form..The heavy hand would come down on his shoulder, he would be spun around against his will, and there before him would be those nailhead eyes, the port-wine stain, facial bones crushed by a bludgeon....."Living high. When I wasn't on the road, I had a fine house here in Bright Beach, not this rental shack I'm in now, but a nice little place with an ocean view. You can guess what went wrong.".Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank?.be entombed in one of those memorial walls, well above ground level, where nothing was likely to seep into them..Koko changed directions with a fantastic pivot turn and bounded after the girl..He vanished through some hole, some slit, some tear bigger than anything through which Tom flipped his quarters..Like a disc fish with silvery scales, the coin lay in the cup of Junior's palm. Directly over his life line..Convinced he was alone and unobserved, Junior leaned into the car and shifted it out of park. He released the hand brake..While the horse and then the sheep grazed twelve months each, an H-bomb accidentally fell from a B-52 and was lost in the ocean, off Spain, for two months before being located. Mao Tse-tung launched his Cultural Revolution, killing thirty million people to improve Chinese society. James Meredith, civil rights activist, was wounded by gunfire during a march in Mississippi. In Chicago, Richard Speck murdered eight nurses in a row-house dormitory, and a month later, Charles Whitman limbed a tower at the University of Texas, from which he shot and killed twelve people. Arthritis forced Sandy Koufax, star pitcher for the Dodgers, to retire. Astronauts Grissom, White, and Chaffee died earthbound, in a flash fire that swept their Apollo spacecraft during a full-scale launch simulation. Among the noted who traded fame for eternity were Walt Disney, Spencer Tracy, saxophonist John Coltrane, writer Carson McCullers, Vivien Leigh, and Jayne Mansfield. Junior bought McCullers's *The Heart Is a Lonely Hunter*, and though he didn't doubt that she was a fine writer, her work proved to be too weird for his taste. During these years, the world was rattled by earthquakes, swept by hurricanes and typhoons, plagued by floods and droughts and politicians, ravaged by disease. And in Vietnam, hostilities were still underway..Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash..He was no longer hopeful that they could have a future together. After sampling the Junior Cain thrill machine, Celestina would want more, as women always did, but the time for a meaningful romance had now passed. For all the anguish he'd been put through, however, he deserved the consolation of her sweet body at least once. A little compensation. Payback..Magically, a shiny quarter appeared in Thomas Vanadium's right hand. It turned end over end, knuckle to knuckle, disappeared between thumb and forefinger, and reappeared at the little finger, beginning its cross-hand journey once more..Gradually, she perceived that Lipscomb was more troubled than he should have been, considering that his patient had died through no fault of his own..Agnes wanted to reach out and touch him, but she found that she didn't have the strength to raise her arm. She was no longer holding her belly, either. Both hands lay at her sides, palms up, and even the simple act of curling her fingers required surprising effort and concentration..Grace White was petite, and Paul wasn't. Otherwise he might not have been able to halt her determined rush toward her husband, might not have been able to scoop her off her feet and, carrying her in his arms, spirit her to safety..Even Barty seemed to be attentive, but Angel happily applied crayons to a coloring book and hummed softly to herself..A pang of regret pierced her, that her boy's precocity should deny him this fine fantasy, as her morose father had denied it to her. "He's real," she asserted..Turning to face his four trailing escorts, all of whom were hunch shouldered and stiff-necked with tension, Barty said, "What's for dinner? ".As he rose from his chair, Barty began to acquaint himself with the feeling of all the ways things are, began to bend his mind around the loops and rolls and tucks of reality that he had perceived on the roller coaster that day, and by the time he had followed Angel and Tom to the bottom of the stairs and into the oak-shaded yard behind the house, the day faded into view for him..In the noble ruin of his face, Thomas Vanadium's smoke-gray eyes were striking, filled with a beautiful ... sorrow. Not self-pity. He clearly didn't regard himself as a victim. This, Kathleen felt, was the sorrow of a man who had seen too much of the suffering of others, who knew the evil ways of the world. These were eyes that read you at a glance, that shone with compassion if you deserved it, and that glared with a terrifying judgment if compassion wasn't warranted..Her elegance was appealing. A pink Chanel suit with knee-length skirt, a strand of pearls. Her figure was spectacular, but she didn't flaunt it. She was even wearing a bra. In this age of bold erotic fashion, her more demure style was enormously seductive..Although the girl was unable to articulate why she preferred not to have her mother at her side, they all understood the tumult in her heart. She couldn't bear to subject her gentle and proper mother to the shame and embarrassment that she herself felt so keenly and that she imagined would grow intolerably worse in the hours or days ahead, until and even after the birth..If he had known that he would break his solemn vow twice before the month was ended-and that neither victim, unfortunately, would be a Hackachak--he might not have fallen asleep so easily. And he might not have dreamed of cleverly stealing hundreds of quarters out of Thomas Vanadium's pockets while the baffled detective searched for them in vain..In the tree, the girl grinned. "Even if he stays up there until dawn, he'll still be coming down in the dark, won't he. Oh,

we'll be fine, Aunt Aggie..With her brothers, she adjourned to the waiting room, where the three of them sat drinking vending-machine coffee, black, from paper cups..White as a Viking winter, these magnificent choppers, and as straight as the kernel rows in the corn on Odin's high table. Superb occlusal surfaces. Exquisite incisor ledges. Bicuspids of textbook formation nestled in perfect alignment between molars and canines.."It sure is," Barty said. When only a mortified silence followed his remark, he added: "Gee, I thought that was kinda funny."."All right," Agnes said, and as she voiced her acceptance, she was shivered by a sudden fear for which she couldn't at once identify a cause..When Angel came in search of Barty, breathless with excitement, he was chatting with Tom Vanadium in the foundation's office above the garages. Years ago, the two apartments had been combined and expanded when the garages under them were doubled in size, providing better living quarters for Tom and working space, as well.
