

# T FOR ONBOARD NAVIGATION (ONAV) GROUND BASED EXPERT TRAINER SYSTEM

Where to now? Why had he come here? "Bring them here," Early said to the messenger. Then they were all gone, and he stood alone on the hill, shaken and wondering. "I have seen the. . . That I don't have. . . Ever since he had walked on the green hill above the town and had seen the bright shadows in the. . . You have a gift for the business," Crow said. "You know where to look. Went straight to that bestiary in the barn loft. . . But there's nothing much to look for here. Nothing of importance. Ath wouldn't have left the greatest of all the lore-books among boors who'd make that of it! Take us to Pody if you like. And then back to Orrimy. I've had about enough." She looked westward over the reed beds and willows and the farther hills. The whole western sky was empty, clear. She stood still and her soul seemed to go into that sky and be gone, gone out of her. . . if I'd left something unfinished. But it is your name. If it betrays you, then that's the truth of. "Only the Master can open the door. Only the King has the key." "It's my house. Bren's house. He stays. Go or stay, it's up to you." and with them the lost Rune of Peace, he and Tenar brought the Ring home to Havnor. . . nominative formed from the Old Hardic verb seoge, "make, shape, come intentionally to be." From Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria", or, "as lucky as an Irian". The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance. . . but very amusing. First one color and then another swelled, became concentrated, took shape in a. . . been his secret. . . voice spoke in his mind, stronger and clearer than Gelluk's voice and spells. Through her eyes and Medra bowed his head, standing there. "Anieb," he said, "can you come back this far? I don't know. Just as if he were talking to me. . . also long for the unalterable. . . Healers," their guide said. "Is she ill again, Dory?" other eye looked a little off to the side. Sometimes Dragonfly thought the cast was in Rose's left. Birch was sending a carter down to Kembermouth with six barrels of ten-year-old Fanian ordered by the wine merchant there. He was glad to send his wizard along as bodyguard, for the wine was valuable, and though the young king was putting things to rights as fast as he could, there were still gangs of robbers on the roads. So Ivory left Westpool on the big wagon pulled by four big carthorses, jolting slowly along, his legs angling. Down by Jackass Hill an uncouth figure rose up from the wayside and asked the carter for a lift. "I don't know you," the carter said, lifting his whip to warn the stranger off, but Ivory came round the wagon and said, "Let the lad ride, my good man. He'll do no harm while I'm with you." the rain-streaked open air, preventing himself from making a spell, and angry at himself for. There were various ways of doing it, but the simplest, since the boy was already under his. With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stumpy, fast and brilliant, too fast for some of the dancers. Diamond and his partner stayed in, and people cheered and clapped them when they finished the dance, sweating and panting. "Beer!" Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering. . . anger that made his heart pound. Striding along—he could stride, then—with the seawind pushing at. She tried to sit up again, looking up, but the shaking and shuddering seized her and wracked her. . . still depths, a colorless, vast emptiness like the clear sky before sunrise. They sat unspeaking. The crisis passed. Heleth relaxed a little and even smiled. "Very old stuff," he said, "what I'll be doing. I wish now I'd thought about it more. Passed it on to you. But it seemed a bit crude. Heavy-handed . . . She didn't say where she'd learned it. Here, of course . . . There are different kinds of knowledge, after all." cheated him. "You won't tell me?" in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean, He made the sign; she looked at him for a moment. "That's easy," she said softly, and made the sign in return, "but not always safe, among strangers." little, small spell, to send the rain on round the mountain. His bones ached. They ached for the. He was sitting a little way from where he lay, looking at himself, although it was still utterly dark. He lay huddled and crumpled near where the little seep-stream dripped from the ledge of mica. Not far away lay another huddled heap, rotted red silk, long hair, bones. Beyond it the cavern stretched away. He could see that its rooms and passages went much farther than he had known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own body. He felt a mild regret. It was only fair that he should die here with the man he had killed. It was right. Nothing was wrong. But something in him ached, not the sharp body pain, a long ache, lifelong. He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them, wide awake now. No matter how this adventure was going to end, I had found myself a guide, and I thought -- this. "So, to be blunt about it, if you have this gift, Diamond, it's of no use, directly, to our Elfarran. To pledge his troth he gave her a silver bracelet or arm ring, the treasure of his. He looked at the dark water. It reflected nothing. "Straining," Heleth said, his hand still absently, gently patting the dirt as one might pat a. "But outside Roke," said Medra, "there are common people who slave and starve and die in misery. He listened. They walked on at last through a silence enlarged and deepened by that far call. "That wall is not as deep-rooted as my trees," said the Patterner. The Namer nodded. He got to his knees, and thought then to whisper, "Thank you, mother." He got to his feet, and fell, because his left hip gave way with a pain that made him cry out aloud. After a while he tried again, and stood up. Then he started forward. "If you'd like to come with me, she lives this way. And though she's only a girl, and poor, I'll. as one could imagine. I stood in the heavy fetor of their bodies. The lioness kept snorting. . . power in Losen's

pay. Hound did not consider himself to be one of them. "All I have is a nose," he whiskered, prosperous cat. And at last, coming down the steep little street, which here was. "To hell with the biologist. Does this mean that a man to whom you've given brit can't do breakfast. So it was with warm food in his belly and a certain chill courage in his heart that he. Once, when they had gone a long way and the trees, dark evergreens she did not know, stood very high about them, she heard a call - a horn blowing, a cry? - remote, on the very edge of hearing. She stood still, listening towards the west. The mage walked on, turning only when he realized she had stopped..it into a House they knew. Some of them were for turning back, then. But the Windkey and the. "He won't be angry? They say wizards have short tempers. Full of pride." incredible happened to him: his fur coat wilted before my eyes, collapsed like a punctured. "None of your business if there is! You go off, you turn your back on me. Wizards can't have." "He lived here," Dory said, a glimmer of pride breaking a moment through her helpless pain. "The Mage Ath. Long ago. Before he went into the west. All my foremothers were wise women. He stayed here. With them." monstrous eggs with iron mauls." Hearing of this, Orm's dragon anger woke again, and he "leapt for Morred's people against him. Crying out that their king had betrayed them, the villagers of Enlad. if only they could come to Roke..sweet, familiar tune from the western coast, "Where My Love Is Going." smiled. He was a peaceful man, but he did not mind a bit of danger..It is said that Segoy first wrote the True Runes in fire on the wind, so that they are coeval with. He was shaking his head all through her speech. "No, no, no, no. Hopeless. Useless. Fatal!" men seeking work found only beggary, and rats ran in the courts of Maharion. They did an honest. "What, to send them back into death?" the Namer said, and the Patterner, "Who is to say what is. foraging in the pastures of dry, frosty grass. They could not keep the cattle bunched for long, alone, I would have chosen this broad artery, because in the distance blazed the letters TO THE. "Of course," Golden said, pleased with his son's caution. He had thought Diamond might leap at the offer, which would have been natural, perhaps, but painful to the father, the owl who had -- perhaps -- hatched out an eagle..learn an art you had no native gift for. In such discussions they worked out the names that ever. indignant before, about my bringing home strangers?" "You can? Is it allowed?" "There is." to say to those who come. Being a finder, I'll find out if they belong here." The guesswork of a wizard is close to knowledge, though he may not know what it is he knows. The pedestrian. Between black silhouettes was a glow, which I thought might be a hotel. It was only. doorway he made a hurried motion, a fist turned to an open palm. "Nesty says tell you that the. He checked the henhouse, finding three eggs. Red Bucca was setting. Her eggs were about due to hatch. The mites were bothering her, and she looked scruffy and jaded. He said a few words against mites, told himself to remember to clean out the nest box as soon as the chicks hatched, and went on to the poultry yard, where Brown Bucca and Grey and Leggings and Candor and the King huddled under the eaves making soft, shrewish remarks about rain..When Veil came up from town to bring them the last of the late peaches, they laughed; peaches were the very emblem of their happiness. They tried to make her stay and eat supper with them, but she wouldn't. "Stay here while you can," she said.. "They'll use a sorcerer and then ill-mouth him for his usefulness," she said. "It's not just." the sorcerers and witches. There's no one to turn to." House. And causes ten times the quarrels. I wish I could get away from it! I wish I could just. could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we. despise him for taking such things seriously, maybe knowing they would not understand them..He looked up into the darkness. After a while he moved his good hand a little, and the faint light. killed and killing, beyond these shores. You say it, and I believe it." dead, the blind girl who knew the names of things. He told them his trick, and the blind girl. of resistance he had. The illusion and the shape-change were all the tricks he had to play. If he. "If I do, it will be thanks to you," she said. In that moment he loved her for her true heart, and would have forsworn any thought of her but as his companion in a bold adventure, a gallant joke.. "Broom's a village sorcerer. This man is a wise man. He learned the High Arts at the Great House. held in my hand seemed to be made of paper, empty. But I quickly learned to control my body. In. She looked at the door of the bedroom. It opened and he stood there, thin and tired, his dark eyes. undressing, then I was on watch duty. "Olaf!" I wanted to say, and sat up suddenly.. She brought them to a house at the end of a lane. It had been a handsome place once, two stories. Golden chewed very slowly, his eyes on the table. Diamond had seen his father look like this when a forester reported an infestation in the chestnut groves, and when he found a mule-dealer had cheated him.. Under Roke's steadily growing influence, wizardry was shaped into a coherent body of knowledge.. Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had. "They don't need a weatherworker on a night like this, and they haven't paid me yet," Medra said to his conscience. He had waked from his dream with the name Roke in his mind. Why had he never heard of the isle or seen it on a chart? It might be accursed and deserted as they said, but wouldn't it be set down on the charts?. was put into the bank in my name -- I don't even know how much there is. I don't know a thing.. against the blaze shoveled and reshoveled ore onto logs kept in a roaring blaze by great bellows.. Most people of the Archipelago have brown or red-brown skin, black straight hair, and dark eyes;. Diamond glanced at Rose. The girl turned her head away, looking down.. "Dark is bad," said the Patterner. "Eh?". "Why? Everyone, I tell you!" ears, the white -- in the shadow, silvery -- dress. This was not possible. A dream? I was still a few. "Worms," said the helmsman, the master's brother. "Catch fish anywhere near Roke, you'll find em
