The stream said its words and they said theirs, but none of them were the right words..chasm. But it's there. And everything we do finally serves evil, because that's what we are. Greed.It didn't seem to him to amount to much. It was such an easy matter to him to make a silvery light.He told Dragonfly very little of his plans, largely because he made few, trusting to chance and his own wits, which seldom let him down if he was given a fair chance to use them. The girl asked almost no questions. "Will I go as a man all the way?" was one..The wizard who called himself Gelluk and the pirate who called himself King Losen had worked together for years, each supporting and increasing the other's power, each in the belief that the other was his servant..think of using magic to free himself or stop the men's brutality. He flung himself at them and."Death and desolation," said the ship's master, a short man with small, sad, knowing eyes like a whale's..Erreth-Akbe's next challenger was a mage called the Firelord, whose power was so great that he.his left..Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.."The watermetal," Otter said..Iria fell into a screaming rage. "A village witch? It was a sleepy southern island with a pretty old port town, Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and people down. The sunny streets of Telio were sad and dirty. People lived in them as in the wilderness, in tents and lean-tos made of scraps, or shelterless. "Oh, this won't do," Crow said, disgusted, avoiding a pile of human excrement. "These creatures don't have books,

It was not pleasant -- as if someone were following my depression -- the carriage had already left -- and received another surprise. IN THE YEARS after Diamond left home, Golden made more money than he had ever done before. All his deals were profitable. It was as if good fortune stuck to him and he could not shake it off. He grew immensely wealthy..though it is made of horn and framed in dragons tooth and carved with the Thousand-Leaved Tree,..shadows streaked the hillsides..spirits of the dead; many, many of them. He was terrified of them and cowered, trying to make a. The Summoner looked up at Irian. Slowly he raised his arms and the white staff in the invocation of a spell, speaking in the tongue that all the wizards and mages of Roke had learned, the language of their art, the Language of the Making: 'Irian, by your name I summon you and bind you to obey me!'. "If you share his power he won't harm you. To fear a power, to fight a power, is very dangerous. To love power and to share it is the royal way. Look. Watch what I do." Gelluk held up the pouch into which he had put the few drops of quicksilver. His eye always on Otter's eye, he unsealed the pouch, lifted it to his lips, and drank its contents. He opened his smiling mouth so that Otter could see the silver drops pooling on his tongue before he swallowed..one eye; pills of some kind? No. A vial? It had no cork, no stopper. What was it for? What were. But a year or so later he saw Diamond out in the back garden with his playmate Rose. The children. "I'm afraid." stared at Irian; then with a brief nod he went on. She looked back at him. He was looking back at. "I'm Gift," she said, a bit flustered, but liking the fellow. "All right, then, Master Hawk. Put your horse up and see to him. There's the pump, there's plenty of hay. Come on in the house after. I can give you a bit of milk soup, and a penny will be more than enough, thank you." She didn't feel like calling him sir, as she always did the curer. This one had nothing of that lordly way about him. She hadn't seen a king when she first saw him, as with the other

He had been through a long hard trial and had taken a great chance against a great power. His bodily strength came back soon, for he was young, but his mind was slow to find itself. He had lost something, lost it forever, lost it as he found it..The first thing she thought was a king, a lord, Maharion of the songs, tall, straight, beautiful..group of people under the big oak on the hilltop. When Tarry's band of harp, fife, viol, and drum. He quickened her base clay with the true seed. But she will not give birth to the King. The direction on the outside was the Hardic rune for willow. The note was signed with. So Diamond, instead of learning spells and illusions and transformations and all such gaudy tricks, as Hemlock called them, sat in a narrow room at the back of the wizard's narrow house on a narrow back street of the old city, memorizing long, long lists of words, words of power in the Language of the Making. Plants and parts of plants and animals and parts of animals and islands and parts of islands, parts of ships, parts of the human body. The words never made sense, never made sentences, only lists. Long, long lists.. Hire a carter, buy a mule. I'm old, Azver." Silence before. There was a very long pause.. on the bushes. To their left a little stream ran low among willow thickets. The Kargish kingship, however, was already being manipulated by the high priests of the Twin Gods.. old, here. We are old - the Masters." "We went farthest east," Azver said. "But do you know what the leader of an army is, in my. Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes. That is, human beings chose to have possessions and dragons chose not to. But, as there are. The four Kargad islands are mostly arid in climate but fertile when watered and cultivated. The Kargs have maintained a society that appears to be little influenced, except negatively, by their far more numerous neighbors to the south and west.. "He's matchmaking," Tuly said, dry, fond.. "I have to have a single heart. I can't play the harp while I'm bargaining with a mule-breeder. I can't sing ballads while I'm figuring what we have to pay the pickers to keep 'em from hiring out to Lowbough!" His voice shook a little now, a vibrato, and his eyes were not sad, but angry.. The wizard's spells still bound their minds together. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read.. "Well, he can't lift the murrain all at once. But seems like he can cure a beast if he gets to it before the staggers begin. And those not struck yet, he says he can keep it off em. So the master's sending him all about the range to do what can be done. It's too late for many." "I don't know. I'm after bigger prey." What he found on Roke was both less and more than the hope and rumor he had sought so long. Roke Island was, they told him, the heart of Earthsea. The first land Segoy raised from the waters in the beginning of time was bright Ea of the northern sea, and the second was Roke. That green hill, Roke Knoll, was founded deeper than all the islands. The trees he had seen, which seemed sometimes to be in one place on the isle and sometimes in another, were the oldest trees in the world, and the source and center of magic.. "Well, of course they do," said Rose, "that's what they're there for!". Maharion died

Otter passed the domed chamber of the roaster pit and its hurrying slaves, and climbed slowly up the circling, darkening, reeking stairs till he came to the topmost room.. "To drink? He ran down from the straggle of huts to the quick, noisy stream he had heard singing through his sleep all his nights in Woodedge. He prayed to it. "Take me and save me," he asked it. He made the spell the old Changer had taught him long ago, and said the word of transformation. Then no man knelt by the loud-running water, but an otter slipped into it and was gone.. "I suppose the way it has always been. What can have changed?" there-in time as well as in space.. She stared at him with those strange eyes, as unreadable as a sheep's, he thought.
