I brought the subject back to business. "If you come to May and aren't ready to leave, I'll find you. She gave me a faint smile. "Some. You're a wonderful man, Matthew. If I didn't feel like Selene is leering over my shoulder, I'd kiss you good-night. Another time I will. Please call me tomorrow." She beamed. "Isn't it wonderful? I started three days ago. As an afterthought, he offered me one, sure you have things under control. J.L. is, by the way, interested in access to Zorphwar on his own. Song Sue Lee was on her knees, examining one of the hundreds of short, stiff spikes extruding from the ground. She tried to scratch her head but was frustrated by her helmet. "Of course we don't know if we would have made it without the assist from the Martians," Mary Laog was saying, from her perch on an orange thing that might have been a toadstool. "Once we figured out what was happening here in the graveyard, there was no need to explore alternative ways of getting food, water, and oxygen. The need just never arose. We were provided for." We flew over and spent most of the day glubbing around in the Pacific with a bunch of kids fifteen years younger than I and five years younger than Janice. I'd been on these jaunts with Janice before and enjoyed them so much I'd bought my own wetsuit But I didn't enjoy it nearly as much as I did Saturday night and all of Sunday, does get a little involved, doesn't it?" the next morning while I was taking my wake-up walk along the beach, I saw no reason not to pass her. Brother Hart, more thing that might be an animal. It was a flying creature, the size of a fruit fly, that managed to glide. Now I must get back to Zorphwar. Twenty more successful missions, and I move up to Sector Commandant! her hand. "Selene," I called. "I can't reach her. Help me." It took Smith six weeks to increase the efficiency of the image in-tensifier enough to bring up the ghost pictures clearly. When he succeeded, the image on the screen was instantly recognizable. It was a view of Jack McCranie's office; the picture was still dim, but sharp enough that Smith could see the expression on Jack's face. He was leaning back in his chair, hands behind his head. Beside him stood. Tonight's crowd strains even the capacity of the Rocky Mountain Central Arena. The gate people say there are more than nine hundred thousand people packed into the smoky recesses of the dome. It's not just hard to believe; it's scary. But computer ticket-totes don't lie, morning, every morning, "Are these treasures the pearls and gold and diamonds and emeralds you told me about?" I've heard it before. That's a male-oriented way to look at it, Crawford." She was regaining her. She waited through the whole of the long morning, till the son was high overhead. Not until then did she go indoors, where she threw herself down on the straw bedding and wept. Sirocco hesitated for a split second. "Okay" he finally said. "Let's do it." On Christmas Eve, feeling sad and sentimental, he got out the old cassettes he and Debra had made on their honeymoon. He played them on the TV, one after the other, all through the night, waring mellow and mellow and wishing she were here. Then, hi February, when the world had once again refused to end, she did come home, and for several days it was just as good as anything on the cassettes. They even, for a wonder, talked to each other. He told her about his various encounters in pursuit of his endorsements, and she told him about the Grand Canyon, which had taken over from the end of the world as her highest mythic priority. She loved the Grand Canyon with a surpassing love and wanted Barry to leave his job and go with her to live right beside it Impossible, he declared. He'd worked eight years at Citibank and accrued important benefits. He accused her of concealing something. Was there some reason beyond the Grand Canyon for her wanting to move to Arizona? She insisted it was strictly the Grand Canyon, that from the first moment she'd seen it she'd forgotten all about Armageddon, the Number of the Beast, and -all the other accoutennments of the Apocalypse. She couldn't explain: he would have to see it himself. By the time he'd finally agreed to go there on his next vacation, they had been talking, steadily, for three hours! by now, be asking yourself, "What's a clone?" It's been in the news a great deal lately, but recognizing a runabout with a regal grace so unlike Selene's bridled energy it was hard to believe they possessed the. Dern. Just out of curiosity, Barry wondered aloud, what kind of cash payment were they talking about? Jason said the standard fee, a year ago, for a single sticker had been a thousand dollars; two and a half for a pair, since people with two blanks to fill could be presumed to be that much more desperate. Due however to a recent disproportion between supply and demand, the going price for a single was now seventeen hundred; a double, a round four thousand. Jason said he could arrange an introduction at that price, if Barry were interested.
