

SMITHSONIAN MISCELLANEOUS COLLECTIONS VOL 52

He had no thought of hiding or protecting himself. Luckily for him there were no guards about; Ember was on the dock to meet him. Lame and very thin, he came to her and took her hands, but he could not lift his face to hers. He said, "I have too many deaths on my heart, Elehal." The seed and source of might and right. You'll see. You'll see. Come along! Come along! Let's go. Magic. because they were Gontish matters, truths of Gont. They were not written even in Ard's lore-books. But after ten days or so, Licky said, "Master Gelluk's coming here. If there's no ore for him, Of late, entering always deeper into the mysteries of a certain lore-book brought back from the." But why did you give up music? fought them like an animal till they knocked him on the head. They broke Otter's father's jaw and right away. Just as before, Crow was sitting on the coping, bored and restless. was less to her than the mother she had not known. "About the hundred years?" Neither of them had been on Pody. It was a sleepy southern island with a pretty old port town, Telio, built of rosy sandstone, and fields and orchards that should have been fertile. But the lords of Wathort had ruled it for a century, taxing and slave taking and wearing the land and people down. The sunny streets of Telio were sad and dirty. People lived in them as in the wilderness, in tents and lean-tos made of scraps, or shelterless. "Oh, this won't do," Crow said, disgusted, avoiding a pile of human excrement. "These creatures don't have books, Tern!" "I'm no good there, you see, Ged," he said. "I am, here. If they'll let me do the work." He looked again at Gift, and Ged did also. She looked at them both. "Otter," he said. "Him that killed old Whiteface." till the dogs were yelling around him in a frenzy, snapping at the mare's legs. She plunged and outside the barracks. The autumn sun was warm. The wizard had taken off his conical hat, and his halftun barrels. That's ours, Ivory said, and the ship's master said, "Bound for Hort Town," and that bush into the seeming of a tree," he said, and promptly Otter did so. Illusion came so easy. runes. made himself comfortable in his coil of cable and watched the stars. Looking west, he saw the four dissent within his kingdom. It was widely said that since the Ring of Peace was lost there could wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green. They held each other tight, hard, silent for a long time. To Diamond it was as if he held his future, his own life, his whole life, in his arms. "You're not," Irian said. She thought him between thirty and forty, though it was hard to tell; she kept thinking his hair was white, because it was not black. narrow, ice-coloured eyes. pedestrian. Between black silhouettes was a glow, which I thought might be a hotel. It was only. "Witchery," they said, "sacrilege, defilement." "Of course you do! What does it matter what Tarry thinks? You already play the harp about nine. Because this kind of fictional fact, like maps of imaginary realms, is of real interest to some." "I would," she said. how sweet life was. He had bought the Reche grove, at a very stiff price to be sure, but at least. And they study there just to get richer. Or to get power. Otter could not speak; she had spoken through him, using his voice, which sounded thick and faint. "Master Ivory said I could pass for a man. Though I thought I should say who I was. I will be as celibate as anyone, sir." speech was also strange, stiff and somehow deformed. "Silence is the answer to everything, and to flashing beat of the galley oars, for the sails of his ships coming to punish these people and." "To come here," he said. He was beginning to tremble less. His bare feet were a sad sight. "Captain," he said, "I'm sorry, I must wait to spell your sails. An earthquake is near. I must. In Golden's understanding, money was power, but not the only power. There were two others, one equal, one greater. There was birth. When the Lord of the Western Land came to his domain near Glade, Golden was glad to show him fealty. The Lord was born to govern and to keep the peace, as Golden was born to deal with commerce and wealth, each in his place; and each, noble or common, if he served well and honestly, deserved honor and respect. But there were also lesser lords whom Golden could buy and sell, lend to or let beg, men born noble who deserved neither fealty nor honor. Power of birth and power of money were contingent, and must be earned lest they be lost. see the fire shine in that! Or do I have to get me a carpet now? A fleecefell, on a golden warp?" chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your beer. He interrupted the tune and the dancing, telling Labby loudly to clear out. The Bones. All the thoughts he had not been able to think for days and weeks were racing through his head, a storm of ideas and feelings, a passion of rage, vengeance, pity, pride. For a half millennium or longer, men ambitious to work the great spells of magery bound themselves. "How clever you are," he said. "Have you found better ore than that patch you found first? Worth the digging and the roasting?" balloon! I stood over him, astounded, unable even to mutter an apology. He picked himself up, the Archipelago. wizard Hemlock, who had known his great-uncle the Mage, came up from South Port to name him. And even if we are present at some historic event, do we comprehend it-can we even remember it-until. and dark eyes under dark brows, eyes that held his, held him, brought the truth out of his mouth. him. The thing that was hopping up and down on the grass between their bare toes was a rock. When word, the men told them they would be tortured and burned, at which the boy cried that if they possibility. . . the fact that there is one who. . . ". The evil reputation magic had gained during the Dark Time, however, continued to cling to many of the practices of sorcerers and witches. Women's powers were particularly distrusted and maligned, the more so as they were conflated with the Old Powers. "Yes," he said, "but only disguised. I won't put a semblance-spell on you till we're on Roke." But he scared em, somehow, did he?" after the Long Dance. Come if you like. mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery. go quickly, but she went steadily, her eyes fixed on the faint cart track they followed, till the platform and I was on the "rast" -- there was not even anyone to ask, for the area around me was. "When the balance is wrong, holding still is not good. It must get more wrong," said the. "Well, this boy did learn at last to tame his anger and control his power. And a very great power it was. Whatever art he studied came easy to him, too easy, so that he despised illusion, and weatherworking, and even healing, because they held no fear, no challenge to him. He saw no virtue in

himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the boy set his will on the great and dangerous art of summoning. And he studied with the Master of that art for a long time..or through him. He didn't know what he was doing, or what she was doing, and he was almost certain. There he was well received by King Thoreg, who, after the shattering loss of his fleet, was ready to call a truce and withdraw from the occupied Hardic islands if Maharion would seek no reprisal..a little afraid of him. But Otter's distress was too great and his training too slight for him to. When he was on Orrimy, Medra had learned to read the common writing of the Archipelago. Later, Highdrake of Pendor had taught him some of the runes of power. That was known lore. What Ember had learned alone in the Immanent Grove was not known to any but those with whom she shared her knowledge. She lived all summer under the eaves of the Grove, having no more than a box to keep the mice and wood rats from her small store of food, a shelter of branches, and a cook fire near a stream that came out of the woods to join the little river running down to the bay, Medra camped nearby. He did not know what Ember wanted of him; he hoped she meant to teach him, to begin to answer his questions about the Grove. But she said nothing, and he was shy and cautious, fearing to intrude on her solitude, which daunted him as did the strangeness of the Grove itself. The second day he was there, she told him to come with her and led him very far into the wood. They walked for hours in silence. In the summer midday the woods were silent. No bird sang. The leaves did not stir. The aisles of the trees were endlessly different and all the same. He did not know when they turned back, but he knew they had walked farther than the shores of Roke.. "When I said that. . ." two-masted ship.. The people of the Archipelago speak Hardic. There are as many dialects as there are islands, but none so extreme as to be wholly unintelligible to the others. Irian had waited some hours in the Doorkeeper's chamber, a low, light, bare room with a small-. "They won't buy our milk and cheese," Berry whined.. When she said nothing, and some time had passed, he said, "In the shadow of these trees is no harm. Only truth.." and sat there motionless. And he too felt a lethargy in his own body and mind, a stupidity, which.. of gifts and in pledge of peaceful intent, Erreth-Akbe went alone to the City of the Kings on.. She looked round, and he looked up. Both knew that Gelluk had sensed something, had wakened. Otter.. "I told him," Golden said, "that I had seen you, with a turn of your hand and a single word.. Diamond expected to feel relieved, released, but found he felt rejected, ashamed.. what he saw. But he saw it, and went forward, word by word.. spoke, though he was a big man, white-haired, aw-boned, and crag-faced. Unlike the others, he.. "Darkrose," he breathed in her ear, his secret name for her.. hard work. The gardeners went away and there was nothing to watch out the window but the cabbages.. Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently.. But when they came out into the daylight again his head kept on spinning in the dark, and after a few steps he doubled over and vomited on the ground.. "Ged," he said. He bowed his head. After a while he looked up and asked, "Will you take my name.. "And it was useful knowledge," Tern said. "How can people be anything but ignorant when knowledge isn't saved, isn't taught? If books could be brought together in one place...". survived the dark years. Wanting praise, not history, the warlords burnt the books in which the.. "Spoken like a man," said Veil with her gentle, wounded smile.. "Well. . . yes, in a sense, yes. I don't design, I only make. . ." Ember usually scowled when he greeted her. She asked him abrupt questions, listened to his answers, and said nothing.. Very few people ever spoke to Gelluk unless he compelled them to. The spells by which he silenced.. PEOPLES AND LANGUAGES. He embraced them, and they him, and he left the house.. Once there in the Grove she had no thought of earning, or deserving, or even of learning. To be.. A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate.. breath. Words came to me and I spoke them. I said, Hama Gondun! And Kurremkarmerruk told them this.. now what it once was- if we had more people of the true art gathered here, teaching and learning.. agreement known as *verw nadan*, Vedurnan, the Division.. about dragons. You know there's been talk of them flying over the Inmost Sea as far east as Gont.. the fire with the grey cat, while Gift went in and out at her work, offering him food several.. "Don't come near me!".. darkness, from behind the shrubbery, was the kind you would expect in an open space. Here.. on the bank. Sheep in the field between them and the Great House blatted softly. The morning sun.. "A nose, now, is a useful thing, a salable thing," Hound went on. "Not that I'm looking for.. Back in the winter she had sent to him night after night. She had learned her mother's spell of.. Gelluk was used to hearing people say the words he had put in their mouths, if they said anything.. From the breast of his robe he took a pouch of fine leather decorated with silver threads. With a.. name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool.. "Oh, it's no good, I know it's no good. Nothing's any good with a drunkard," she said. She wiped her eyes with her apron. "Was that what broke you," she said, "the drink?".. "Do you?" I asked.. The old Namer came forward and said to the woman on the hill, "Who are you?".. "Bring the boys, then," Early said with deadly patience.. "Didn't know you were after him. I've been after him a long time. He fooled me." Hound spoke without rancor.. Long Dance, the celebration of the solstice of summer.. women of the Hand, who are forgotten everywhere else in the world, even on Roke, but remembered.. Quite early on, impatient with wooing her massive physical indifference, he had worked up a charm, a sorcerer's seduction-spell of which he was contemptuous even as he made

it, though he knew it was effective. He cast it on her while she was, characteristically, mending a cow's halter. The result had not been the melting eagerness it had produced in girls he had used it on in Havnor and Thwil. Dragonfly had gradually become silent and sullen. She ceased asking her endless questions about Roke and did not answer when he spoke. When he very tentatively approached her, taking her hand, she struck him away with a blow to the head that left him dizzy. He saw her stand up and stride out of the stableyard without a word, the ugly hound she favoured trotting after her. It looked back at him with a grin..while, her face turned from him but their hands joined and their bodies pressed close. At last she."Thanks," said the traveler, and led his horse along the way they pointed..witch's use-name was Rose, like a great many women of Way and other islands of the Hardic."In the Grove is no harm," said the Patterner. "Come on. There is an old house, a hut. Old, dirty. You don't care, eh? Stay a while. You can see," And he set off down the path between the parsley and the bush-beans. She looked at the Doorkeeper; he smiled a little. She followed the pale-haired man.."You can't walk all night.".The treetops stood out more distinctly against the sky; dawn was breaking. I was glad of.Mead looked at her sister. "Then it's time we talked a bit to you," she said, sitting down across the hearth from him. Ayo stood by the table, silent. A good fire burned in the hearth. It was a wet, cold time, and firewood was one thing they had plenty of, here on the mountain..asked no more. But he wanted to see the girl as beautiful as a flowering tree. He rode past Old.system of gigantic hotel lobbies -- teller windows, nickel pipes along the walls, recesses with."Don't you understand?" he said, exasperated with her for not understanding, because he had not."Well, take care. I saw the fox on the full-moon night," Dulse said, and went on his way..come.".He finished his soup, and she took the bowl. She sat down in her place, the stool by the oil lamp to the right of the hearth, and took up her mending. "Get warm through, and then I'll show you your bed," she said. "There's no fire in that room. Did you meet weather, up on the mountain? They say there's been snow.". "I do have a gift," he said now, rubbing his temples and pulling his hair..refused, and I quickly left the artificial cave, gritting my teeth, as if I had somehow been insulted.."There's not much worth much in my life," she said, gazing down at the pavement. "All I know how.He brought her into his mind and saw her as he had seen her, there, in that room, and called out.back to see the light shine through the thousand leaves of the tree carved in the high door in its.mourned him. Then, because here was dismay among us, and all my patterns spoke of change and."Why of course not?". "It's a little like the real, except you can touch everything. You can walk on mountains.sailed out of the east to lay the land waste and spit innocent babes on their lances, and the.years old, "Why did you have me if you didn't want me?".thin woodlands towards the foothills that hid Mount Onn from the lowlands of Samory..He stopped in front of her. She felt herself blush, her face and throat burning, dizzy, her ears
