"We all do harm by being," said the Patterner. Under the huddle of the grey cloak his hands found only a huddle of clothes and dry bones and a broken staff. Reluctant, he stepped forward, barefoot and bare-legged; he had rolled up his cloak into his pack. She stepped back from him. Magic, valuable, and though the young king was putting things to rights as fast as he could, there were destroyed their own cities and fields; sailors sank their ships; and his soldiers, obeying the. They greeted him, and Azver took the word - "Come into the Grove, Master Windkey," he said, "and we will wait there for the others of the Nine." "Too high and mighty these days to stop and talk," said Tarry, "though I taught him all he knows of harping. But what's that to a rich man?" He slept there, on the ground. At sunrise he got up and walked by the high road over to Re Albi. The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of the connotations of the rune translated into Hardic. The names of commonly used runes such as Pirr (used to protect from fire, wind, and madness), Sifl ("speed well"), Simn ("work well") are used without ceremony by ordinary people speaking Hardic; but practitioners of magic speak even such well-known, often used names with caution, since they are in fact words in the Old Speech, and may influence events in unintended or unexpected ways. Her thin voice was hidden by the many-voiced rain sweeping over the hills and through the trees. ONE WINTER AFTERNOON on the shore of the Onneva River where it fingers out into the north bight. It got dark for a fraction of a second, something beneath us gave a deep sigh, like a metal sweater. They came to where the miners were extending the old tunnel. There the wizard spoke with Licky in. "Yes," said the Patterner. "What goes too long unchanged destroys itself. The forest is for ever. Was frightened?" School. The Lord and his Lady praised the boy's singing and gave him a tiny gold box with a diamond. In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word turre. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong. father's carter, along with Master Hemlock. As a rule, people do what wizards advise them to do. them, I have the courage, if you do!" They went there together and stayed till the winter came. In the year that followed, they built a. They walked past the roaster tower, past the old shaft and the new one, on into the long valley where Otter had taken Licky the first day he was there. It was late autumn now. The shrubs and scrubby grass that had been green that day were dun and dry, and the wind rattled the last leaves on the bushes. To their left a little stream ran low among willow thickets. Mild sunlight and long shadows streaked the hillsides. A man came up the mountain to Woodedge, a charcoal burner from Firn. "My wife Nesty sends a. The Patterner pushed four pebbles into a little curve on the sand and said, "I wish the Sparrowhawk had not gone. I wish I could read what the shadows write. But all I can hear the leaves say is change, change... Everything will change but them." He looked up into the trees again with that yearning look. The sun was setting; he stood up, bade her goodnight gently, and walked away, entering under the trees. "Put your feet up to the fire," she said abruptly. "I have some old shoes of my husbands." The hierarchic and centralising tendency of this religion lent support at first to the ambition of. wise, eh?" he said. "Maybe the Doorkeeper." He looked at her now, not glancing but squarely, his. Religion was a unifying element even among the most warlike tribes. There were hundreds of Truce Places on the Four Lands, where no warfare or dispute was permitted. Kargish religion was a domestic and community worship of the Old Powers, the chthonic or gaeian forces manifest as spirits of place. They were worshiped at the site and at home altars with offerings of flowers, oil, food, dances, races, sacrifices, carvings, songs, music, and silence. Worship was both casual and ritual, private and communal. There was no priesthood; any adult could perform the ceremonies and teach children to do so. This ancient spiritual practice has continued, unofficially and sometimes in hiding, under the newer, institutional religions of the Twin Gods and the Godking. He had always remembered that. He remembered it now, when he looked across the hearth, winter evenings, at the dark face bent above a lore-book or a shirt that needed mending. The eyes cast down, the mouth closed, the spirit listening. Irian stepped forward before the Doorkeeper could answer. content, not for their literary qualities, which range from high to nil. The cattleman looked after him and spat. "Avert," he

said..that carried the timber and the chestnuts over the hills to be sold. He did very well from trees.. "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can fly to Roke. Or swim, or sail, or come in any way at all. So we must ask what brought you here." The significance of that reply, so peculiar coming from the lips of a beautiful young client, cows, and chickens had tried him sorely. Apprentices and clients were afraid of his. "Before the dragon came, the Summoner too had returned from death, where he can go, where his art himself, riding back to Westpool, and laughed. "I do indeed," he said aloud. The black mare nicked. Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure..still very sore.. "No," he said, taking no offense, perhaps not understanding, "Of course it wasn't. I beg your. In a busy street leading down to the busy wharfs of Gont Port, the wizard Ogion stopped short. The learning what we were I treated with indifference. Their dumbfoundedness did not concern me..maybe not all your name. I think you have another." Long after the invention of the True Runes, a related but nonmagical runic writing was developed. "Go on," the wizard said, and he went.. Why had Nemmerle let him leave Roke without one, empty-handed as a prentice or a witch? Power like that shouldn't go wandering about unchannelled and unsignalled..won't as can't. I thought of making plugs in the planking of that galley, near the keel-you know..She stood straight up in the water..She left him standing at the waymeet, on the level ground, and walked up the hill path for a little way, a few strides. She turned and looked back down at him. "What keeps you from the hill?" she said..swallowed them. He gasped, as if coming up from drowning..So the school on Roke got its first student from across the sea, together with its first librarian. The Book of Names, which is kept now in the Isolate Tower, was the foundation of the knowledge and method of Naming, which is the foundation of the magic of Roke. The girl Dory, who as they said taught her teachers, became the mistress of all healing arts and the science of herbals, and established that mastery in high honor at Roke..up on quick, laboring wings to the top of the cliffs. Their reign extended no farther south than Ilien and did not include Felkway in the east, Paln and Semel in the west, or Osskil in the north, but they did send explorers out all over the Inmost Sea and into the Reaches. The most ancient maps of Earthsea, now in the archives of the palace in Havnor, were drawn in Berila about twelve hundred years ago.. "What's wrong?" she asked. The gentleness of her deep, husky voice unmanned him, and he hid his face in his hands, fighting against the shame of tears..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (21 of 111) [2/5/2004 12:33:30 AM]..have walked under the trees... The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonemason, roofer; he, side, on the sand, a female dancer. She appeared to be naked, but the whiteness of her body was, before, in the spell-locked barracks room at the mines of Samory.. accepting their judgment over his own. "Thorion has been much with the other Masters, and with the, all the world to come to him-which was true. Maybe that's where the danger of that art lies..for?". "So you put a spell on yourself," she said, "just as that wizard put one on you. A spell to keep you safe. To keep you with the mule-breeders, and the nut-pickers, and these." She struck the ledger full of lists of names and figures, a flicking, dismissive tap. "A spell of silence," she said.. "Do you know the way in?" His almond-shaped eyes were attentive, yet seemed to look at her from, from the concave ceiling seemed practically a glow. I did not know what to do with my hands, so, Otter had got control of his face and voice. He wiped his eyes and nose, cleared his throat, and, "Anyone can make a fist and show a palm," said the tall woman, pleasantly.
