I know it's painful to be told that something in which one has invested intense emotion is not only bad art but bad for you, not only bad for you but ridiculous. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy? the promise of escape into a wonderful Other world? is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson does), and the writers of Bored of the Rings, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt". edited by Edward Ferman. 180 Lee Killough. So she grabbed the nearest, who happened to be Doctor Ralston. He had nearly finished donning his suit; so she slapped his helmet on him and moved to the next one. It was Luther Nakamura, and he was not moving. Worse, he was only half suited. Pragmatically she should have left him and moved on to save the ones who still had a chance. A corner in a low rock wall sheltered it on two sides, a large boulder closed in the third, and a parapet of smaller, fiat rocks protected it from the front; a thermal shield stretched across the top hid the body heat of its occupants from the ever-vigilant sensors of hostile surveillance satellites..They all looked at Lang.
