want anyone else to see before I have."From Competition 18: Transposed SF titles."You know ... I wish ... Of course, I know it's not permis-.But Lea asked gently, "What did it say? I have studied the languages of men and perhaps I can help..Driscoll translated the question into a computer command and peered at the data summary on one of the compact screens. "Insignificant seismic above threshold at eight hundred yards. Downwind ratio less than five points up at four hundred. Negative corroboration from acoustics-background swamping." The computers were unable to identify vibration patterns correlating with human activity in the data coming in from the sensing devices quietly scattered around the gorge by low-flying, remote piloted "bees" on and off throughout the night; the chemical sensors located to the leeward of the suspected decoys were detecting little of the odor molecules characteristic of human bodies; the microphones had yielded nothing in the way of coherent sound patterns, but this was doubtless because of the white-noise background being generated in the vicinity of the stream. Although the evidence was only partial and negative at that, it supported Swyley's assertion that the main road down to the objective was, incredibly, virtually undefended for the time being..Crawford did, and began to see the novelty of it. He tried hi vain to think of some mechanism hi an animal or plant of Earthly origin that turned and kept on turning forever. He could not.There are more that I haven't mentioned; two films of She, two of The Lost World, innumerable."But I'd have to become part of ... what Selene is." She pulled away from me, shaking her head. "That's unthinkable. I couldn't bear it. There's no other way but to go on as I am. So promise me, Matthew, promise that if you ever see Selene, you'll tell me. I have to know when she's stealing time.".This has been successfully tried with animals as complex as a tadpole..Sometimes the repetition of what we have just said will suggest a new meaning or possibilities of meaning we did not at first suppose to be there. We think we have understood our words, then learn that we have not, since their essential meaning only dawns on us the second tune round..Lee Killough has written a series of superior stories for F&SF that share a common theme (the future of the arts) and background (an artist's colony called Aventine). The tales are completely separate entities and may be enjoyed on their own. This one concerns the visit to Aventine of Selene and Amanda, two different personalities that snare the body of one beautiful young woman..Computer Center, simply type "ZORPH" to gain access to the game.."Damn!".8.I showed him my ID. Finally, with ten minutes left on the clock, he'd just up and left, which was not, strictly speaking, a violation. It did imply that some kind of closure had been achieved, which definitely was not the case; he'd panicked, pure and simple. A fiasco from which he'd naturally feared the worst in the form of a letter addressed to Dear Applicant. ("We regret to inform you, etc. . . .") But possibly the old fart had been making things deliberately difficult, testing him, possibly his reactions hadn't been that entirely inappropriate. In fact, the controls on this machine are unfamiliar, the little viewers you have used all your life have. Marvin Kolodny, Ph.D. in cubicle 183. The initials worried him. He could have coped, this time, with the old fuddy-duddy he'd had last August, but a Ph.D.? It seemed as though they were raising the hurdles each time he came around the track. But his worries evaporated the moment he was in the cubicle and saw that Marvin Kolodny was a completely average young man of twenty-four. His averageness was even a bit unsteady, as though he had to think about it, but then most twenty-four-year-olds are self-conscious in just that way.. He came in quickly and bolted the door behind him. He didn't notice the open curtain. He glanced. "Yeah, it ... takes my mind off my ... ah ... headache. Don't worry about it I have these spells all the time. They always go away." "I notice that the blowers have cut off. How could he have coupled with this. "We were provided for," Mary Lang said quietly. "They knew we were coming and they altered their plans to fit us in." She looked back to Singh. "It would have happened even without the blowout and the burials. The same sort of thing was happening around the Podkayne, too, triggered by our waste; urine and feces and such. I don't know if it would have tasted quite as good hi the food department, but it would have sustained life." He considered it. "All right, Commander Mary." She punched him playfully. He didn't know if it was the right time to even postulate that they might fail.. "He . . . was my brother. We were twins. Siamese twins. All those people died so I could stay alive." There was no emotion in his voice. He was detached, talking about someone else. "He kept me alive. I'll die without him." His eyes met mine again. "He was insane, I think. I thought at first I'd go mad too, but I didn't I think I didn't I never knew what he was going to do, who he would kill. I didn't want to know. He was very clever. He always made it look like an accident or suicide when he could. I didn't interfere. I didn't want to die. We had to have blood. He always did it so there was lots of blood, so no one would miss what he took." His eyes were going empty again..Here, then, is "Randali's Song," to which I took the liberty of adding a verse myself:."I certainly would," said Jack.
