

STUDIES IN THE PSYCHOLOGY OF SEX

In a magazine article about the hero, passing mention was made of a restaurant where occasionally the great man ate breakfast..He squirmed deep under the covers, clamped a plump pillow over his head to muffle the singing, and chanted, "Find the father, kill the son," until at last he fell exhausted into sleep..The family didn't exist in anticipation of developments with Barty and Angel, didn't put the pair at the center of their world. Instead, they did the good work, shared the satisfactions that came daily with being part of Pie Lady Services, and got on with life..The Finder.Although he was seventy-six, Tom still worked for Pie Lady Services. They had no set retirement age for staff, and Father Tom expected to die at his work. "And if it's a pie-caravan day, just leave my old carcass where I drop until you make all the deliveries. I won't be responsible for anyone missing a promised pie." The universe was vast and Barty small, yet the boy's immortal soul made him as important as galaxies, as important as anything in Creation. This Agnes believed. She couldn't tolerate life without the conviction that it had meaning and design, though sometimes she felt that she was a sparrow whose fall had gone unnoticed. Barty sat on the edge of the doctor's desk, legs dangling, holding Red Planet, his place marked by an inserted finger..A forgetful client had left the bumbershoot in the office six months ago. Otherwise, Nolly wouldn't have had any umbrella at all..For eight nights thereafter, Agnes padded the floor with folded blankets on both sides of the boy's bed, insurance against a middle-of-the-night fall. On the eighth morning, she discovered that Barty had returned the blankets to the closet from which she'd gotten them. They were not jammed haphazardly on the shelves-the sure evidence of a child's work-but were folded and stacked as neatly as Agnes herself would have stored them.."Yeah," he confirmed, applying a blue crayon to a grinning bunny that was dancing with a squirrel..With the dead woman's guest on the way, minutes were precious. Attention to detail was essential, however, regardless of how much time was required to properly stage the little tableau that might disguise murder as a domestic accident..With a cry of alarm, he bolted to the bathroom and made it with not a second to spare. He seemed to be on the throne long enough to have witnessed the rise and fall of an empire..On New Year's Day, the town learned that it had lost its first son in Vietnam. Agnes had known the parents all her life, and she despaired that even with her willingness to help, with all her good intentions, there was nothing she could do to ease their pain. She recalled her anguish as she'd waited to learn if Barty's eye tumors had spread along the optic nerve to his brain. The thought of her neighbors losing a child to war made her turn to Paul in the night. "Just hold me," she murmured..First, he searched immediately around the dead man, figuring that the watch might still be snared on the coat belt or on one of the sleeve straps. No luck.."How's something so delicious come from a fat, smelly, dirty, snorting old pig?" "Oh, yes, I recall it now. Polar bears eating tourists in Union Square, wolf packs prowling the Heights." Junior was disturbed that the mysterious chanteuse had been performing when he wasn't home. He felt violated. Invaded..Happiness could grow out of unspeakable tragedy with such vigor that it produced dazzling blooms and lush green bracts. This insight served, for Celestina, as a primary inspiration for her painting and as proof of the grace granted in this world that we might perceive and be sustained by the promise of an ultimate joy to come..The third-floor apartment directly over Enoch Cain's unit had been leased by Simon Magusson, through his corporation, ever since it became available in March of '66, twenty-two months ago..Number three on the charts was "Mr. Lonely," by Bobby Vinton, an American talent from Canonsburg, Pennsylvania. Junior sang along..He rode up to the third of five floors in the service elevator, which other tenants were permitted to use only when moving in or moving out, or when taking delivery of large items of furniture. Another elevator, at the front of the building, was too public to suit his purposes..She pushed her chair back from the table and got to her feet, and everyone followed her example..Letting go of Maria, lowering her hand to her heart, Agnes said, "I want to see him." After making the sign of the cross, Maria said, "They must to have kept him in the eggbator until he is not dangerous. When the nurse comes, I will make her to tell me when the baby is to be safe. But I can't be leave you. I watch. I watch over." As the paramedic shoved the gurney across the step-notched bumper, its collapsible legs scissored down. Agnes was rolled headfirst into the ambulance..too quiet and too patient to be the living-dead incarnation of a murdered wife. This was a predatory silence, an animal cunning, not a supernatural hush. This was the elegant stillness of a panther in the brush..He had difficulty picturing the detective puttering in the garden on weekends. Unless there were bodies buried under the roses..Considering the protection that it would afford him in a world full of warmongers, Junior considered the loss of the toe, while tragic, to be a necessary disfigurement. To his doctors and nurses, he made jokes about dismemberment, and in general he put on a brave face, for which he knew he was much admired..On his nightstand, he found an envelope evidently placed there by Hanna, after she'd taken it from his pharmacy smock, which he had given her to launder. The envelope contained the letter about Agnes Lampion that Paul had written to Reverend White in Oregon..Junior had no idea who the driver of the Buick might be, but he hated the tall lanky son of a bitch because he figured the guy was humping Celestina, who would never have humped anyone but Junior if she had met him first, because like her sister, like all women, she would find him irresistible. He felt that he had a prior claim on her because of his relationship to the family; he was the father of her sister's bastard boy, after all, which made him their blood by shared--progeny..Applying enough pain, he could have gotten cooperation even from Vanadium. The detective had said he'd heard Junior fearfully repeat Bartholomew in his sleep, which Junior believed to be true, because the name did resonate with him; however, he wasn't sure he believed the cop's claim to be ignorant of the identity of this nemesis.."Making too many wrong choices," Grace White said, "produces too many branches-a gnarled, twisted, ugly growth." As luck would have it, the nun said, "Dr. Lipscomb was in the when it happened. He'd just delivered another baby under." "Will I love you tomorrow, you mean, and the day after tomorrow, and on forever? Of course,

forever, Wally, always." Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomews were printed..As if he'd been presented with many previous photos under these circumstances, Jonas Salk accepted the picture. "Your daughter?".The 9-mm pistol and the ammunition were on the foyer table. With trembling hands, Junior tore open the boxes and loaded the gun..The ball of sodden Kleenex was gripped so tightly in Junior's left hand that had its carbon content been higher, it would have been compacted into a diamond. He saw Vanadium staring at his clenched fist and sharp white knuckles. He tried to ease up on the wad of Kleenex, but he wasn't able to relent..In reality, it had been a homely device, a mere box. In memory, it seemed ominous, charged with the evil portent of a nuclear bomb..Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had always followed his own bent, and too young to believe that anything he did could kill him..Junior hurried out of the kitchen and along the hallway to the front door. He ran silently, landing on his toes like a dancer. His natural athletic grace was one of the things that drew so many women to him..Late Monday afternoon, September 19, Junior returned wearily to his apartment, from another fruitless investigation of a Bartholomew, this one across the bay in Corte Madera. Exhausted by his unending quest, depressed by lack of success, he sought refuge in meditation..On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier..He placed a hand on her shoulder. "Don't beat up on yourself She's come this far. And though I don't know the hospital in Oregon, I doubt the level of care would equal what she'll receive here." "I don't just think so. And I don't just know it. I feel it, exactly like you feel all the ways things are. I'll bet you feel it, too." Agnes at last relented. "Someday, you're going to have to learn to relax, Maria." "Did they rush you straight in here or did you arrange all the insurance matters at reception, Mr. Pinchbeck?" The musician had no talent for deception. His hopping-hen eyes pecked at the nearest painting, at other guests, down at the floor, everywhere but directly at Junior, and a nerve twitched in his left cheek. "Well, I'm very good, you know, at faces, they stick with me, I don't know why. Goodness knows, my memory is otherwise shot." Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank?.In his right hand again, the real gun, loaded with ten hollow-point rounds, felt charged with supernatural power: to Bartholomew as a crucifix to Dracula, as holy water to a demon, as kryptonite to Superman..In the face of his kindness, however, she couldn't refuse his request. She nodded.."Ordinarily, I'd recommend that you apply hot compresses every two hours to relieve discomfort and to hasten drainage, and I'd send you home with a prescription for an antibiotic." Instruction in Braille wasn't recommended for three-year-olds, but an exception was made in this case. Agnes arranged to have Barty receive a series of lessons, although she suspected that he'd absorb the system and learn to use it in one or two sessions..Though she was only a week past her third birthday, Angel always selected her own clothes and carefully dressed herself. Usually she preferred monochromatic outfits, sometimes with a single accent color expressed only in a belt or a hat, or a scarf. When she mixed several colors, the initial impression that she gave was of chromatic chaos-but on second look, you began to see that these unlikely combinations were more harmonious than they had first seemed.."And even in her dreams, you're determined to be there for her. There was a boogeyman, I have no doubt you would kick his hairy ass, and he wouldn't come around again, ever. So you just go in this gallery., Chicane packed the ice against Junior's thighs. "Severe spasm causes inflammation. Twenty minutes of ice alternating with twenty minutes of massage, until the worst passes." These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics..When Agnes woke at 1:50 A.M., she was in the grip of a vague apprehension for which she couldn't identify a source..His words echoed back to her from July: My cold's just here, not every place I am..Indeed, the tree inspired him. After he shot the girl, he would open the window and toss her body into the oak Let Celestina find her there, randomly pierced by branches in a freestyle crucifixion..Caution discarded, Junior went inside, for the same reason that a dedicated opera aesthete might once a decade attend a country-music concert: to confirm the superiority of his taste and to be amused by what passed for music among the great unwashed. Some might call it slumming.."So do I, honey. Oh, Lord, so do I." She kissed his forehead. "Listen, kiddo, in spite of their stories and all their funny ways, your uncles are good men." He loved Naomi, of course, and never could deny her. Although he had been especially sweet to her that night, if he had known that they would have less than a year together before fate tore her from him, he might have been even sweeter..Celestina dropped to one knee in front of Angel, to tie the drawstrings of the hood under the girl's chin..Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word..He was wrong about this. On the final Friday of every month, in sunshine and in rain, Junior routinely took a walking tour of the six galleries that were his very favorites, browsing leisurely in each and chatting up the galerieurs, with a one-o'clock break for lunch at the St. Francis Hotel. This was a tradition with him, and invariably at the end of each such day, he felt wonderfully cozy..Cradling the baby, the nun turned with it to Celestina, folding back a thin blanket to present her with a good look at the tiny girl..She put down her fork, glanced around the restaurant once more, and leaned across the table. Blushing brighter, she softly sang the opening lines of "Someone to Watch over Me." "This momentous day," Thomas Vanadium said quietly, stiff gazing into the grave, "seems full of terrible endings. But like every day, it's actually full of nothing but beginnings." Ashamed and scared, she told no one. Although a victim, she blamed

herself, and the prospect of being exposed to ridicule so horrified her that despair got the better of good judgment. He hadn't paid close attention to those patrons seated at the bar behind him. Now, he turned in his chair to study them. "I got to admit," Nolly said, "I'm surprised these little pranks have rattled him so deeply." No longer pinned to the bed by an intravenous feed of fluids and medications, provided with pajamas and a thin cotton robe to replace his backless gown, Junior was encouraged to test his legs and get some. Intuition told Tom Vanadium that the removal of the paintings was significant, but he wasn't a talented enough Sherlock to leap immediately to the meaning of their absence. She switched on the windshield wipers. Repeatedly, in the arc of cleared glass, the graveyard was revealed in sharp detail, and yet the place remained less than fully familiar to her. Her whole world had been changed by Barty's dry walk in wet weather. The parsonage was a clean, respectable, and even charming house, but nothing about it might be called grand. No sweeping staircase offered a glamorous showcase adequate for Scarlett O'Hara. Instead, the stairs were enclosed, accessed by a door in one corner of the living room. Agnes meant to stop Maria from turning the eleventh card, but her curiosity was equal to her apprehension. "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar. The sensual memories of his torrid evening with Seraphim had left Junior aroused. Unfortunately, the only female nearby was Industrial Woman, and he wasn't that desperate. "Well, you see, that's the funny thing about all the important choices we make. If we make a really big wrong choice, if we do the really awful wrong thing, we're given another chance to continue on the right path. So the very moment I stupidly stepped off the curb without looking, I created another world where I did look both ways and saw the rhinoceros coming. And so-". Elsewhere in the cemetery, about 150 yards away, another interment service-with a much larger group of mourners-had begun prior to this one for Naomi. Now it was over, and the people were dispersing to their cars. Hard experience had taught him, however, that killing someone he knew, while occasionally necessary, didn't release stress. Or if it did briefly release stress, then unforeseen consequences always contributed to even worse future stress. "Doesn't look so spooky to me." She turned the knave of spades so the baby could see it. "Does he scare you, Barty?". He opened his mouth but stood mute. Raised his right hand from his side. Worked his fingers in the air, as though the needed words could be strummed from the ether. He felt stupid, foolish. Scamp had fabulous legs, and her bralessness left no doubts about the lusciousness and authenticity of her chest, but after an hour of conversation about something or other, before suggesting that they leave together, Junior maneuvered her into a reasonably private corner and discreetly put a hand up her skirt, just to confirm that his gender suspicions were correct. The second and third rooms proved to be deserted, as well, and as muffled as the cushioned spaces of a funeral home, but an office was tucked discreetly at the back of the final chamber. As Junior crossed the third room, apparently monitored by closed-circuit security cameras, a man glided out of the office to greet him. Regrettably, he had no choice but to conclude that she hadn't made up her mind whether to keep the baby or to seek out an illegal abortion without Junior's approval. She had been thinking about scraping his child out of her womb without even telling him. Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable. Shadows still perched throughout most of the room. They no longer reminded her of roosting birds, but of a featherless flock, leathery of wing and red of eye, with a taste for unspeakable feasts. place settings. He returned with them to the kitchen and put them in the lower oven, as though Victoria were using it as a plate warmer. In the park, rocketing along on the roller coaster, Barty had an experience, a reaction to more than the canted turns and steep plunges. He grew excited in much the way that Agnes had seen him excited when grasping a new and arcane mathematical theory. At the end of the ride, he wanted to get back on immediately, and so they did. There are no long waits for the blind at amusement parks: always to the head of the line. Agnes rode twice again with him, and then Paul twice, and finally Angel accompanied him three times. This roller-coaster obsession wasn't about thrills or even amusement. His exuberance gave way to a thoughtful silence, especially after a seagull flew within inches of his face, feathers thrumming, startling him, on the next-to-last rollick along the tracks. Thereafter, the park held little interest for him, and all he would say was that he'd thought of a new way to feel things-by which he meant all the ways things are-a fresh angle of approach to that mystery. In the first two weeks, when she wasn't on pie caravans, Agnes received guests in numbers that taxed her. But there were so many people she wanted to see one last time. She fought hard, giving the disease all the what-for that she could, and she held fast to hope, but she received the visitors nonetheless, just in case. Outside, he realized he hadn't paid for his juice and waffles. When he turned back to the coffee shop, he saw, through one of the windows, an associate of Salk's picking up the check from his table. In the late-afternoon light, on this Christmas Eve, Barty was no ghost, no illusion. "Yes, I'm nicely rounding myself into an early grave," he said almost cheerfully. "And I must admit to enjoying it." Sparky wasn't a bad guy, not easily bought, and if he'd been asked to sell out any tenant other than Cain, he probably wouldn't have done so at any price. He greatly disliked Cain, however, and considered him to be "as strange and creepy as a syphilitic monkey." Off the hard surfaces of cabinets, refrigerator, and ovens, the twin reports crashed and rattled. The windowpanes briefly thrummed. "All right," Celestina conceded, and looked relieved. "Thank you, Paul. You're not only an exceptionally brave man but a gracious one, as well." Otter stated it as an unfortunate fact, not as a moral assertion. Hound looked at him with appreciation. Living with the pirate king, he was sick of boasts and threats, of boasters and threateners. For just one hour, which was not too taxing, he walked in the idea of a world where he had healthy eyes, and shared the vision of other Barty's in other places, so he would be able to see his bride as she walked down the aisle and as, beside him, she took their vows with him, and as she held out her hand to receive the ring..a deeply troubled John Wayne while the delightful David Niven floated along overhead in a basket suspended from a huge, colorful hot-air balloon..being careful to place the point of impact precisely where the bottle had struck her. Twenty minutes later, at home, he poured sherry over ice. Sipping, he stood in the living room, admiring his two

paintings..She wasn't listening closely to him. Numb. She felt as though she were half anesthetized. She was looking past him, at nothing, and his Voice seemed to be coming to her through several layers of surgical masks, though he now wore none at all..This brilliant mouthful was not nature's work alone. With what Nolly must have spent to obtain this smile, some fortunate dentist had kept a mistress in jewelry through her most nubile years..Barty had never been instructed in the rules of grammar, but had absorbed them as the roots of Edom's roses absorbed nutrients. "Sure. Does and is."..During Barty's hospitalization, they had graduated from the young adult novels by Robert Heinlein to some of the same author's science fiction for general audiences. Now, pajamaed and in bed, with his sunglasses on the nightstand but his padded eye patches still in place, Barty listened, rapt, to the beginning of Double Star..Copyright (c) 2001 by Ursula K. Le Guin All rights reserved. No part of this publication may be reproduced or transmitted in any form or by any means, electronic or mechanical, including photocopy, recording, or any information storage and retrieval system, without permission in writing from the publisher..Junior couldn't imagine why some Negro stranger would want to intrude. He hoped there wouldn't be trouble.
