

ENERGY TRANSFORMATIONS POWER AND POLITICS MOROCCO AND THE MED

"No, the more I think about it, the more it feels like this is just kids. Some kids goofing around, that's all. I- guess Vanadium got deeper under my skin than I realized, so when this came up, I couldn't think straight about it." Although the Rolex was expensive, Junior cared nothing about the monetary loss. He could afford to buy an armful of Rolexes, and wear them from wrist to shoulder. Overlaying the birthmark were brighter stains. The plain face, less homely now, was less flat, too, pocked and torn into a new and horrendous geography. He feared that suicide was a ticket to Hell, and he knew that sinless Perri was not waiting for him in those lower realms. The window mechanism creaked, the two tall panes began to open outward but too slowly, and the cold white night exhaled a chill plume of breath into the room. The vending machines were designed to accept quarters, not to eject them. They didn't make change. Mechanically, this barrage wasn't possible. She rushed on: "I'm one of the best waitresses they have, so if I ask for dinner shifts only, I'll get them. Tips are better at dinner. And working the one shift, four and a half to five hours, I'll have a regular schedule." Channeling his beautiful rage, Junior hefted the corpse onto the windowsill, and shoved it headfirst into the alley. The fog received it with what sounded almost like a swallowing noise. Junior wasn't concerned that the shots would attract unwanted attention. These large rural properties and a plenitude of muffling trees made it unlikely that the nearest neighbor would hear anything. These would no doubt be cloyingly sentimental paintings of the bastard boy, with impossibly large and limpid eyes, posed cutely with puppies and kittens, pictures better suited for cheap calendars than for gallery walls, and dangerous to the health of diabetics. He hadn't learned much from the call other than that they hadn't found Vanadium in his Studebaker at the bottom of Quarry Lake. As Barty stepped across the threshold into the upstairs hall, Miss Pixie Lee said, "You're sweet, Barty. She thought of herself as a creative person, a capable and efficient and committed person, but she did not think of herself as a strong person. Yet she would need great strength for what lay ahead. Paul withdrew the pistol from the drawer. The weapon didn't feel as good to him as guns always felt in the hands of pulp heroes. In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbaeus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the time, had resonated down through history, through hundreds of millions of lives-and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes. The subcontractor who built the quarter-spitting coin boxes was James Hunnicolt, but everyone called him Jimmy Gadget. He specialized in electronic eavesdropping, building cameras and recorders into the most unlikely objects, but he could do just about anything requiring inventive mechanical design and construction. This was not the time to ponder the nature of the relationship between the treacherous Miss Bressler and Vanadium. Junior had a bloody trail to cover, and precious time was ticking away. Onto its roof now, the Pontiac spun as it slid, grinding loudly against the blacktop, and regardless of how determinedly Agnes held on, she was being pulled out of her seat, toward the inverted ceiling and also backward. Her forehead knocked hard into the thin overhead padding, and her back wrenched against the headrest. Junior hadn't paid attention to everyone who visited the pianist though surely he'd have noticed a certain stump in a cheap suit. "And maybe," said Agnes, caught up in the speculation, "when your life comes to an end in all those many branches, what you're finally judged on is the shape and the beauty of the tree." On this morning in March, minutes after the pie caravan had departed, Edom got his Ford Country Squire out of the garage and drove to the nursery, which opened early. Spring was drawing near, and much work needed to be done to make the most of the rosarium that Joey Lampion had encouraged him to restore. He happily contemplated hours of browsing through plant stock, tools, and gardening supplies. As they savored the icy martinis, she asked about the client, and Nolly said, "He bought the story. I won't be seeing him again." The silence on the line was not merely that of a caller holding her tongue. It was abyssal and perfect, as no silence on a telephone ever can be, without the faintest hiss or crackle of static, no hint of breathing or a cheer went up from family and friends, and Agnes could only imagine what it must feel like to be Barty, both blind and blessed, his heart as rich in courage as in kindness. Agnes drew him into her arms and lifted him off the desk and embraced him tightly, with his head on her shoulder and his face nestled against her neck, as she'd held him when he was a baby. Since her conversation with Joshua Nunn the previous Thursday, she'd had more than four days to armor herself for the worst. She prepared for it as well as any mother could while still holding on to her sanity. Inking? The sequined and tasseled hat of fame was too gaudy for her; she was a minister's daughter, from Spruce Hills, Oregon, more comfortable in a baseball cap. The slow-motion death ballet, in which Bonnie and Clyde were riddled with bullets, was the worst moment Junior had ever heard in a film. He didn't see more than a brief glimpse of it, because he sat with his eyes squeezed shut. Nine days previously, at Google's instructions, Junior had rented boxes at two mail-receiving services, using the name John Pinchbeck at one, Richard Gammoner at the other, and then he had supplied those addresses to the papermaker. These were the two identities for which Google ultimately provided elaborate and convincing documentation. After the song concluded, Junior felt better. His heartbeat soon returned to normal. The damp palms of his hands grew dry. Although a cold current crackled along the cable of her spine, Agnes smiled at the card. She was determined to change the dark mood

behind it..Averting his eyes from Vanadium's face, Junior moved farther up the stocky body. He folded back the tweed sports jacket to reveal a shoulder holster..Tongue clamped between his teeth as he concentrated on keeping the blue crayon within the lines of the bunny, Barty nodded. "Yeah..Prudence required that they strategize as though Enoch Cain were Satan himself, as though every fly and beetle and rat provided eyes and ears for the killer, as though ordinary precautions could never foil him..Neither of them needed to confirm their mutual attraction with even so much as an additional nod or a smile. Victoria knew, as he did, that their time would come, when all this current unpleasantness was I behind them, when Vanadium had been thwarted, when all suspicion had been forever laid to rest.."What car?" Celestina asked, stopping at the bottom of the steps and turning to look..Regrettably, at 2:00 A.M., February 28, waking alone in Tammy's bed, Junior sought her out and found her snacking in the kitchen. Forsaking a fork in favor of her fingers, she was eating a."Oh, that's me, all right. I'm on the FBI's most-wanted list for criminal pie jostling."..She approached the kitchen table and swept her hand across it, to emphasize its emptiness..Aftermath had a way of being discovered, often at the worst of all possible moments, which he had learned from movies and from crime stories in the media and even from personal experience. Discovery always brought the police at high speed, sounding their sirens and full of enthusiasm, because those bastards were the most past-focused losers on the face of the earth, utterly consumed by their interest in aftermath..She looked around the room. "He's invisible like the Cheshire cat?" "His whole world is as real as ours, but we can't see it, and people in his world can't see us. There're millions and millions of worlds all here in the same place and invisible to one another, where we keep getting chance after chance to live a good life and do the right thing."..Rising from his chair and rolling down his shirt-sleeves, Nolly said, "If you'll be our guest for dinner, I suspect we'll all have a fascinating evenings."..He was nearly forty years old, and a life spent fearing nature could not be turned easily into a romance with her. Some nights he still stared at the ceiling, unable to sleep, waiting for the Big One, and he avoided walks on the shore in respect of deadly tsunamis. From time to time, he visited his brother's grave and sat on the grass by the headstone, reciting aloud the gruesome details of deadly storms and catastrophic geological events, but he found that he had also absorbed from Jacob some of the statistics related to serial killers and to the disastrous failures of manmade structures and machines. These visits were pleasantly nostalgic. But he always came with roses, too, and brought news of Barty, Angel, and other members of the family. When Paul sold his house to move in with Agnes, Tom Vanadium settled into Jacob's former apartment, now a fully retired cop but not yet ready to return to a life of the cloth. He assumed the management chores of the family's expanding community work, and he oversaw the establishment of a tax-advantaged charitable foundation. Agnes provided a list of fine-sounding and self-effacing names for this organization, but a majority vote rejected all her suggestions and, in spite of her embarrassment, settled on Pie Lady Services..Golden lamplight gilded the front windows downstairs. He would sit with Victoria on the living-room sofa, sipping wine as they got to know each other. She might tell him to call her Vicky, and maybe he'd ask her to call him Eenie, the affectionate name Naomi had given him when he wouldn't tolerate Enoch. Soon, they would be necking like two crazy kids. Junior would disrobe her on the sofa, caressing her smooth pliant body, her skin buttery in the lamplight, and then he would carry her, naked, to the dark bedroom upstairs..This wasn't thrill killing-which, now that he'd had time to think about it, he realized was beneath him, even if in the service of personal growth. This would be murder for good, justifiable cause..Convinced that the house was playing tricks on him, Barty went downstairs, step by measured step, to the foyer and the ground-floor hall..Fortunately, the chill fog didn't bum away from the Mercedes, considering that it facilitated the stalking of Celestina. The mist swaddled the white Buick in which she rode, increasing the chances that Junior might lose track of her, but it also cloaked the Mercedes and all but ensured that she and her friend wouldn't realize that the pair of headlights behind them were always those of the same vehicle..Under Celestina's guidance, the menfolk-Wally, Edom, Jacob, Paul, Tom-had packed cartons of canned and dry goods, plus numerous boxes of new spring clothing for the children on their route. All those items had been loaded into the vehicles the previous evening..Paul knelt on one knee beside her wheelchair. "This momentous day, Agnes. This momentous day, with all of its beginnings. Hmmm?". "You'd never cheat me. I know you. We'd have Christmas twice a year and parties for half birthdays."..She was forty-three, so young to have left such a mark upon the world. Yet more than two thousand people attended her funeral service-which was conducted by clergymen of seven denominations-and the subsequent procession to the cemetery was so lengthy that some people had to park a mile away and walk. The mourners streamed across the grassy hills and among the headstones for the longest time, but the presiding minister did not begin the graveside service until all had assembled. None here showed impatience at the delay. Indeed, when the final prayer was said and the casket lowered, the crowd hesitated to depart, lingering in the most unusual way, until Barty realized that like he himself, they half expected a miraculous resurrection and ascension, for among them had so recently walked this one who was without stain..Celestina slammed the door, pressed the lock button in the knob, shoved-rocked-muscled the dresser in front of the door, astonished by her own strength, and heard Angel speaking into the phone: "Mommy's moving furniture."..Against the sight of Franklin Chan's pity, which implied the hopelessness of Barty's condition, Agnes closed her eyes. But she opened them at once, because this chosen darkness reminded her that unwanted darkness might be Barty's fate.."There's nothing here for you," she said, stepping back from the door in order to close it..Agnes was only thirty-nine years old, full of plans and vigor, so Angel's words seemed premature. Yet in too few years, she would have reason to wonder if perhaps these gifted children foresaw, unconsciously, that she would need the comfort of having witnessed this climb..With a paper towel, Junior wiped the revolver. He dropped it on the floor beside the riddled nurse..Babies of unwed mothers-especially of dead unwed mothers, and especially of dead unwed mothers whose fathers were ministers unable to endure public mortification-were routinely put up for adoption. Since Seraphim had given birth here, the

baby would be-no doubt already had been-adopted by a San Francisco-area family..That was another thing. Junior hadn't gotten his noon meal, because the spirit of Vanadium had nearly caught up with him when he'd been browsing for tie chains and silk pocket squares before lunch. Then he missed dinner, as well, because he had to maintain surveillance on Celestina when she didn't go straight home from the gallery. He was hungry. He was starving. This, too, she had done to him. The bitch..On January 3, 1968, Paul was fewer than 250 miles from Spruce Hills, Oregon. He wasn't aware of that town's proximity, however, and he didn't, at the time, have it as his destination..Recuperating, he had plenty of time to practice meditation. He became so proficient at focusing on the imaginary bowling pin that he could make himself oblivious of all else. A stridently ringing phone wouldn't penetrate his trance. Even Bob Chicane, Junior's instructor, who knew all the tricks, could not make his voice heard when Junior was at one with the pin..When the waiter had gone, -Tom said, "Don't worry about abetting a crime. If I had to pop Cain to prevent him from hurting someone, I wouldn't hesitate. But I'd never act as judge and jury otherwise." Uncommonly healthy, he didn't suffer croup, flu, sinusitis, or most of the ailments to which other children were vulnerable..Heedless of the rules of standard police procedure, Tom raced to the doorway, crossed the threshold, and saw Barty throw a can of soda at the shaved head and pocked face of a transformed Enoch Cain.."That's enough?" "Silly man." "Cain looks like a movie star." "Does he have nice teeth?" she asked. "They're good. Not perfect." "So kiss me, Mr. Perfect." He slid his chair sideways to the secretary and leaned forward with the gun in both hands..The reverend couldn't easily escape church obligations on such short notice, but Grace wanted to be with her daughters. Phimie, however, pleaded that only Celestina accompany her..His waitress was a cutie. She flirted with him, and he knew he could have her if he wanted..Perhaps Dr. Parkhurst, too, was disturbed by this fascistic and fanatical spew sampling, because he became brusque. "I have a few appointments to keep. By the time I make evening rounds, I expect Mr. Cain to..To the alleyway again. Not through the clodhopper-cluttered gallery this time. Around the block at a brisk walk..Now, however, he was thinking not about what Agnes's story might mean to Reverend White, but about what the minister might be able to do to provide at least a small degree of comfort to Agnes, who spent her life comforting others..In the bedroom, as he opened a suitcase on the bed, he saw the quarter. Shiny. Heads-up. On the nightstand..Junior had almost fumbled his fork when he recognized the tune. His heart raced. His hands were suddenly clammy..What might have become a waiting game of epic duration was ended when the door to the room swung inward, and a doctor in a white lab coat entered from the corridor. He was backlit by fluorescent glare, his face in shadow, like a figure in a dream..Turning away from the window, Celestina grabbed the girl and pushed her toward the bed, whispering, "Down, under." "With this money, you won't have to cut back on the number of pies you give away--and all of that." Artificial eyes were on order. He would soon return to Newport Beach for a third fitting before implant. They weren't glass, as commonly believed, but thin plastic shells that fit neatly behind the eyelids in the cavities left after surgery. On the inner surface of the transparent artificial cornea, the artificial iris would be skillfully hand-painted, and movement of the ocular prosthesis could be achieved by attaching the eye-moving muscles to the conjunctiva..Then her breath caught repeatedly in her breast as her throat tightened against the influx of air. One particularly difficult inhalation dissolved into a sob, and she wept..He'd never taken too much from any one game. He was a discreet thief, charming his victims with amusing patter. Because he was so ingratiating and seemed only mildly lucky, no one begrudged him his winnings. Soon, he was more flush than he'd ever been as a magician..No elevator. He didn't have to worry that with no more warning than a ding, doors might slide open, admitting witnesses into the hall..THE MORNING THAT it happened was bright and blue in March, two months after Barty took Angel for a dry walk in wet weather, seven weeks after Celestina married Wally, and five weeks after the happy newlyweds completed their purchase of the Galloway house next door to the Lampion place. Selma Galloway, retired from a professorship years earlier, had subsequently retired further, taking advantage of the equity in her long-owned home to buy a little condo on the beach in nearby Carlsbad..In a few instances, when his suspicions were aroused in spite of their denials, Junior tracked down their residences. He observed them in the flesh and made additional-and subtle-inquiries of their neighbors until he was satisfied that his quarry was elsewhere.."Jacob scares people," Agnes said. "No one would eat a pie that Jacob delivered without having it tested at a lab."
