Early suffered from hunger. He starved. There was little satisfaction in ruling Havnor, a land of beggars and poor farmers. What was the good of possessing the Throne of Maharion if nobody sat in it but a drunken cripple? What glory was there in the palaces of the city when nobody lived in them but crawling slaves? Staggering wildly the wizard tried to turn, lost his footing on the crumbling edge, and plunged down into the dark, his scarlet cloak billowing up, the werelight round him like a falling star. Sorcery was practiced by men-its only real distinction from witchery. Sorcerers trained one another, and had some knowledge of the True Speech. Sorcery included both base crafts as defined by Halkel (finding, mending, dowsing, animal healing, etc.) and some high arts (human healing, chanting, weatherworking). A student who showed a gift for sorcery and was sent to Roke for training would first study the high arts of sorcery, and if successful in them might pursue his training in the art magic, especially in naming, summoning, and patterning, and so become a wizard. I shrugged..Still it rankled him that Diamond had let him down flat, without a word of thanks or apology. So much for good manners, he thought.. "Now you," Diamond said to Rose, and she started to do what he had done, but the rock only twitched a little. "Oh," she whispered, "there's your dad." .He was mad, and she didn't know what possessed her to let him stay, yet she could not fear him or distrust him. What did it matter if he was mad? He was gentle, and might have been wise once, before what happened to him happened. And he wasn't so mad as all that. Mad in patches, mad at moments. Nothing in him was whole, not even his madness. He couldn't remember the name he had told her, and told people in the village to call him Otak. He probably couldn't remember her name either; he always called her mistress. But maybe that was his courtesy. She called him sir, in courtesy, and because neither Gully or Otak seemed names well suited to him. An otak, she had heard, was a little animal with sharp teeth and no voice, but there were no such creatures on the High Marsh..liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart.
