"You're breaking an agreement" "I'm not taking over, though. You know that's just a paranoid fantasy. I use only enough time for practice and no more." I sighed. It's three months until January. How can I give up seeing you for three whole months?".The MacKinnons were not in their blue settee, and neither Freddy the usher nor Madge of the green sofa could say what had become of them. He flopped into the empty settee with a sense of complete, abject surrender, but so eternally does hope spring that inside of a quarter of an hour he had adjusted to the idea of never being licensed and was daydreaming instead of a life of majestic, mysterious silence on the rim of the Grand Canyon. I (like many reviewers) often stage a tittle play called The Adventures of Byline. Byline (or "1") is the same species of creature as the Kindly Editor or the Good Doctor, who appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story X, that doesn't mean that I?the real, historical personage?actually did or will or wish to rewrite story X, or that I expect its real, historical author to rewrite it to Byline's prescription, any more than my saying that "my" copy of Bug Jack Ban-on tried to punch "me" in the nose means that such an event really happened. Pauline Kael's Movie Loon is another such fiction; these little creatures we send scurrying about the page are not our real, live selves, and their exploits are dictated more by the exigencies of our form than by a desire for personal glory..No good-bys. Over the past several..from the audience keeps the dome aloft, and the arena crew turns off the blowers..The years Fallows remembered had come later, when the slender fingers of gleaming new cities were beginning to claw skyward once

more from the deserts of rubble, and new steel and aluminum plants were humming and pounding while on the other side of the world China and IndiaJapan wrestled for control over the industrial and commercial might of the East. Those had been stirring years, vibrant years, inspiring years. Fallows remembered the floodlit parades in Washington on the Fourth of July-the color and the splendor of the massed bands, the columns of marching soldiers with uniforms glittering and flags flying, the anthems and hymns rising on the voices of tens of thousands packed into Capitol Square, where the famous building had once stood. He remembered strutting into a high-school ball in his just acquired uniform of the American New Order Youth Corps and pretending haughtily not to notice the admiring looks following him wherever he went. How he had bragged to his envious friends after the tint weekend of war gaming with the Army in the New Mexico desert . . . the exhilaration when America reestablished a permanently manned base on the Moon..After the love-making Nolan needed another drink.
