"I'm a mere passenger, Master Bagman. I gladly leave the winds in your hands." In all his flood of talk the only word Gelluk had spoken in the Old Tongue, the language of which wizards' spells were made, was the word tures. He had said it meant semen. Otter's own gift of magery had recognized that meaning as the true one. Gelluk had said the word also meant quicksilver, and Otter knew he was wrong. "But I will come, master!" he said. And then after a pause, "How soon?" And after a longer pause, he told the air something in a language the ship's captain did not understand, and made a gesture that darkened the air about him for an instant. in which the name of a thing is the thing. "We'll have to see," said Alder, the next day, "if my beasts are cured. If they make it through the winter, see, we'll know your cures all took, that they're sound, like. Not that I doubt it, but fair's fair, right? You wouldn't ask me to pay you what I have in mind to pay you, would you now, if the cure didn't take and the beasts died after all. Avert the chance! He had no thought of hiding or protecting himself. Luckily for him there were no guards about; there were few guards, and they were not on the alert, since the wizard's spells had kept the prison shut. The spells were gone, but the people in the tower did not know it, working on under the greater spell of hopelessness. Nothing happened as he said the words Ard had taught him, his old witch-teacher with her bitter mouth and her long, lean arms, the words spoken awry then, spoken truly now. smooth it seemed soft to the bare sole. They praised his modesty and did not listen to. In about 650, the sisters Elehal and Yahan of Roke, Medra the Finder, and other people of the Hand founded a school on Roke as a center where they might gather and share knowledge, clarify the disciplines, and exert ethical control over the practices of wizardry. With the Hand as its agent on other islands, the school's reputation and influence grew rapidly. The mage Teriel of Havnor, perceiving the school as a threat to the uncontrolled individual power of the mages, came with a great fleet to destroy it. He was destroyed, and his fleet scattered. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (39 of 111) [2/5/2004 12:33:31 AM]. AM]. A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..knew about Early. Not a sign of him nor from him. Maybe I could find him, they said, joking me..Knowing the Enemy's name, he was able to counter his enchantments and drive him from Enlad, pursuing him across the winter sea, "riding the west wind, the rain wind, the heavy cloud." Each had met his match, and in their final confrontation, somewhere in the Sea of Ea, both perished..of his art. He found out what he could. Then the boy was no good for anything and had to be..Weatherworkers used to carry a leather sack in which they said they kept the winds, untying it to..He heard behind him the next tune start up, the viol alone, strong and sad as a tenor voice: "Where My Love Is Going." "Nothing. I returned." "No," Irioth said. "Sans herd was going down fast when I left. I'm needed there." The same thing again: they belonged to the Hand, and the Hand was a league of powerful sorcerers on Morred's Isle, or on Roke; and the man Otter or Tern came from there, though originally from Havnor; and they held him in great respect, although he was only a finder. The sister had vanished, perhaps gone with Otter to Endlane, where the mother lived. Early rummaged in their cloudy, witless minds, had the youngest of them tortured, and then burned them where Losen could sit at his window and watch. The King needed some diversions.."I won't be so bold as to ask for a kiss," said Medra, "but an open hand, maybe?"..pure, making his subjects pure!" He drew Otter to the edge of the roasting pit. His eyes shone in.."That I'm a fool." The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavysset though thin, with a sullen, steady gaze..life. "You're tough," he said.
