

S OF WILLIAM SHAKSPEARE KING RICHARD II KING HENRY IV PART 1 KING HENRY IV PART 2 HENRY V

As the dim light that came into the room from chinks in the mortar of the bricked-up window died away, instead of sinking into the blank misery of all his nights in that room, he stayed awake, and grew more awake. The excited turmoil of his mind all the time he had been with Gelluk slowly quieted. From it something rose, coming close, coming clear, the image he had seen down in the mine, shadowy yet distinct: the slave in the high vault of the tower, that woman with empty breasts and festered eyes, who spat the spittle that ran from her poisoned mouth, and wiped her mouth, and stood waiting to die. She had looked at him..and would protect her. Then he followed another woman meekly enough. He put on dry clothing she..have held clenched in his hand all along..entered the tower..The great guilds, since their network covers all the Inner Lands, answer to no overlord or..already?..into death, and return - it was not right. And she didn't give up anything for it. Having me didn't stop her. She had me so that she could learn how to do it! Just because I learned how to play music from you, did I have to give up saying spells? I can bring a fever down now too. Why should you have to stop doing one thing so you can do the other?".."How strange you are! It's altogether as though you weren't. . ." A long robe of Lorbanery silk, scarlet, embroidered in gold and black with runes and symbols, and a wide-brimmed, peak-crowned hat made him seem taller than a man could be. Otter did not need to see his clothes to know him. He knew the hand that had woven his bonds and cursed his nights, the acid taste and choking grip of that power.."Of all the innocence," Gift said, hissing the word. "He'll skin you." She dumped a kettleful of steaming water into the bath. "He has ivory," she said. "Tell him ivory it has to be. Out there ten days starving in the cold to cure his beasts! San's got nothing but copper, but Alder can pay you in ivory. I'm sorry if I'm meddling in your business. Sir." She flung out the door with two buckets, going to the pump. She would not use the stream water for anything at all, these days. She was wise, and kind. Why had he lived so long among those who were not kind?"..Sorcerers are nothing to him. He means I could be a wizard. Do magery. Not just witchcraft.."..She began to gasp for breath. pride in it. He should not, but he did. If he wanted to touch one of the great beasts he had only to stand and speak to it a little while in the language of those who do not speak. "Ulla," he said, naming them. "Ellu. Ellua." They stood, big, indifferent; sometimes one looked at him for a long time. Sometimes one came to him with its easy, loose, majestic tread, and breathed into his open palm. All those that came to him he could cure. He laid his hands on them, on the stiff-haired, hot flanks and neck, and sent the healing into his hands with the words of power spoken over and over. After a while the beast would give a shake, or toss its head a bit, or step on. And he would drop his hands and stand there, drained and blank, for a while. Then there would be another one, big, curious, shyly bold, muddy-coated, with the sickness in it like a prickling, a tingling, a hotness in his hands, a dizziness. "Ellu," he would say, and walk to the beast and lay his hands upon it until they felt cool, as if a mountain stream ran through them..as well as preserving-.A young man in a grey cloak hurrying down the passageway stopped short as he approached them. The priests of the Twin Gods were in the process of wresting power from the kings and making Awabath not only the religious but the political center of the country. Erreth-Akbe's visit seems to have coincided with the final shift of power from the kings to the priests. King Thoreg received him with honor, but Intathin the High Priest fought with him, defeated or deceived him, and for a time imprisoned him.
