"All the foreigners in one basket," said the taverner, and this was repeated that night at the tavern several dozen times, an inexhaustible source of admiration, the best thing anybody'd said since the murrain..The witch emerged with a soapstone drop-spindle and a ball of greasy wool. She sat down on the bench beside her door and set the spindle turning. She had spun a yard of grey-brown yarn before she answered..chance to begin to wean the lad from his mother. At least in daylight, when..A century and a half after Morred's death, King Akambar, a prince of Shelieth on Way, moved the court to Havnor and made Havnor Great Port the capital of the kingdom. She stood up, almost as tall as he, and as straight. She said nothing for a minute and then spoke out in a high, harsh voice. "Come up on to the hill, Thorion," she said.. "And we're out of buttons," Tern said. He was cheerful; as soon as he had thought of Pody he knew he was going in the right direction. "Perhaps I can find some along the way," he said. "It's my gift, you know..". He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. He wasn't sure whether he had summoned her or she had come of her own will; he didn't know how she had spoken the word of the Old Tongue to him or through him. He didn't know what he was doing, or what she was doing, and he was almost certain that the working of any spell would rouse Gelluk. But at last, rashly, and in dread, for such spells were a mere rumor among those who had taught him his sorcery, he summoned the woman in the stone tower.."He's ten times the use and company to me my brother is," she said.
