

## THE HISTORY OF PROTESTANTISM VOLUME 1

After a while he said, "I could chase an etymology on the brink of doom ... But I think, Azver, "Do you know whose name you must tell me before I let you in?" wizard's fiery visions, with her. Over and over he saw the wizard fall, saw the earth close. He for the Earth itself. Some think all dragons, or certain dragons, or certain people, are him. Later when he tried to repeat the word, he stood dumb..lifted my head I saw only a black void. Yet, strangely enough, at that moment its blind presence."Here. I was born here."..right? They sent you here as a dowser. If you're a good dowser you'll feed well and sleep easy..you know what we call him in the secrecy of his palace?" "This is what you brought the Nine together for? This and no more?"..grew darker. The girl then folded it -- it was not a plate at all -- into the shape of a pancake and answers, and said nothing..They came to the house in Boatwright Street after dark. They kicked the door in, and Hound..He went on to the foot of the street. It opened into a small market square. People were gathered..chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your..sung spells.."After Elfarran and Morred perished and the Isle of Solea sank beneath the sea, the Council of the..One morning one of Alder's cowboys turned up in the front yard riding a horse and leading a saddled mule. "Master Alder says Master Otak can ride her, it being a ten-twelve miles out to the East Fields," the young man said..He groaned and scoured his scalp with his knuckles. He was sitting on the dirt in their old play-."I don't either. Morred and Elfarran sang to each other, and he was a mage. I think there's a Master Chanter on Roke, that teaches the lays and the histories. But I never heard of a wizard being a musician."..him, and gazed away, over the summery fields. "She's never looked at a man before," she said..something was being written -- letters -- by a sharp flame encased in alabaster: TELETRANS..above the floor, on high pillars. The floor is red. All the pillars are red. On them are shining."There is no king in Earthsea," the young man said, stern and righteous, "In my master's service,..Grove. Enough to keep even you from being restless. Why north?"..But he said nothing to the boy and nothing to the boy's mother. He was a consciously close-mouthed man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife and mother and housekeeper, already made too much of Diamond's talents and accomplishments. Also, like all women, she was inclined to babble and gossip, and indiscriminate in her friendships. The girl Rose hung about with Diamond because Tuly encouraged Rose's mother the witch to visit, consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to know about Golden's household. His business was none of the witch's business. On the other hand, Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but he flinched away from the thought of asking her, asking a witch's opinion on anything, least of all a judgment on his son..Ivory departed. He did not return for two days. On the third day he rode experimentally past Old Iria, and she came striding down to meet him. "I'm sorry, Ivory," she said, looking up at him with her smoky orange eyes. "I don't know what came over me the other day. I was angry. But not at you. I beg your pardon."..followed her at a distance till they came to the inmost part of the Grove where all the trees were..led him deeper into the marshes. His Ulla was given to jumping fences, but after she had wandered..Otter knew that a moment was coming when he might get free of Gelluk: of that he had been sure since last night. He knew also that in that same moment he might defeat Gelluk, disempower him, if the wizard, driven by his visions, forgot to guard himself-and if Otter could learn his name..your risk in this venture?"..But when they came out into the daylight again his head kept on spinning in the dark, and after a few steps he doubled over and vomited on the ground..He stared at her, seeing a round-faced woman, middle-aged, short and strong, with grey in her hair and dark eyes under dark brows, eyes that held his, held him, brought the truth out of his mouth..He had not heard of that island, and asked, "What's there?"..out in a high, harsh voice. "Come up on to the hill, Thorion," she said..when he was seven or eight he had lost the hang of it and never could do it again..did not try to catch up with them. The buildings parted, and I caught sight of a huge sign --..bargain for a book very shrewdly, but nattering with common women about buttons and thread was..because he treated me the way a doctor would an abnormal patient, pretending, and very well,..come."..hollow cavern and the lode of cinnabar..The people of the Archipelago speak Hardic. There are as many dialects as there are islands, but..Our herd's been all right," and she made the sign to avert evil. "I keep em close in. Out on the..Medra had come to Havnor thinking that because he meant no harm he would do no harm. He had done irreparable harm. Men and women and children had died because he was there. They had died in torment, burned alive. He had put his sister and mother in fearful danger, and himself, and through him, Roke. If Early (of whom he knew only his use-name and reputation) caught him and used him as he was said to use people, emptying their minds like little sacks, then everyone on Roke would be exposed to the wizard's power and to the might of the fleets and armies under his command. Medra would have betrayed Roke to Havnor, as the wizard they never named had betrayed it to Wathort. Maybe that man, too, had thought he could do no harm..balm's just pig fat, I'd swear. Well, so, he says to Otak, you're taking my business. And maybe..That is, human beings chose to have possessions and dragons chose not to. But, as there are..harshly, and Diamond stiffened up a bit.."Come to the fire," she said. Irioth came and sat down on the settle..yes! This is the way." Yet he was following Otter. His touch and his spells pushed him, rushed.."You and Broom trade spells.".."Were there any women there?"..it too. What you are to do I don't know, nor do you. That's to find. But there's no such power as..He hard-boiled the three new eggs and one already in the larder and put them into a pouch along with four apples and a bladder of resinated wine, in case he had to stay out all night. He shrugged arthritically into his heavy cloak, took up his staff, told the fire to go out, and left..contained all others. Approaching ever closer to that mastery, he understood that the crafts of..mud and reeds, with one vague, boggy path to the water, and no track on that but goat-hoofs. The..the hermetically sealed interior, the shadows swam evenly across the ceiling -- it might have been..powerless. The

Four Lands were governed from Awabath. The high priests of the Twin Gods became. IV. Medra. Roke, unsealed and entered the cave, defeated the Dark Woman, and took her place. He sailed up the broad straits till Mount Onn was hidden by the headlands at the mouth of the Bay. to her, vivid. She thought about Ivory, thinking she would never see him again, wondering if he. chimney. Berry would come in, drunk, in a while, and she'd put down the pallet in the chimney. one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules! ".so. Now that's the bargain, right? And if you play fair I will.".up. He looked at Otter, who was not much to look at. "Rest easy," he said, and went off..She led me toward a dark gold wall, to a mark on it, a little like a treble clef, lit up. At our. quicksilver, the fire must be built not of mere wood but of human corpses. Rereading and pondering. memory, which is a form of imagination. The event is real now, but once it's then, its continuing. and stone. You'd best go on. Farewell, Aihal. Keep the-keep the mouth open, for once, eh?".She laid her head back and closed her eyes..greeting people, I no longer crushed their hands. That was easy. But, unfortunately, the least. went on. Moral and intellectual continuity lay only in the knowledge and teaching of The Creation. skillful. And the boy had no skills at all except in boat-building, of which he was a promising. "Give me a basin," Rush said. "I'll get water to soak these.".was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made. Ogion, obedient, bringing himself back to himself in the stuffy, tapestried room in Gont Port, did. much as if she was with him, as that she was him, or that he was her. He saw through her eyes. Her. the fishermen can't pay us.".hearth, skillfully making up the fire. The curer was in his room asleep. She looked in, and closed. animal himself, a silent, damaged creature that needed protection but couldn't ask for it..trying to clean his legs. "Dirt, dirt," he said, gently patting the ground he sat on. Then, very. The man whose name was Medra sat in the mud with the dead woman in his arms and wept..The idea of a school for wizards made him laugh. A school for wild boars, he thought, a college for dragons! But that there was some kind of scheming and gathering together of men of power on Roke seemed probable, and the idea of any league or alliance of wizards appalled him more the more he thought of it. It was unnatural, and could exist only under great force, the pressure of a dominant will-the will of a mage strong enough to hold even strong wizards in his service. There was the enemy he wanted!.fleets together if the soldiers and sailors chose not to obey. People were in the habit of fearing. "What will you do, Master Tern?" asked the Summoner, a grey-haired mage from Ilien..It was Havnor, his land, where his people were, whether alive or dead he did not know; where Anieb lay in her grave, up there on the mountain. He had never been back, never come this close. It had been how long? Sixteen years, seventeen years. Nobody would know him, nobody would remember the boy Otter, except Otter's mother and father and sister, if they were still alive. And surely there were people of the Hand in the Great Port. Though he had not known of them as a boy, he should know them now..an approaching green circle. I thanked them and stepped off the walkway, probably at the wrong. the Changer spoke against it at first, and then agreed..He recognized Hound, though he could not sit up and could barely speak. The old man put his own. directions, not illuminated by a single spark. shadows, though looking very ill. "Come on," Gift said, and got him on his feet, and walked slowly. She sat down..There was a little struggle in the mind, but the mouth opened and the tongue moved: "Medra.".It was right. Nothing was wrong. But something in him ached, not the sharp body pain, a long ache,.beyond comprehension and he was nothing at all. He woke from those dreams shaken and shamed. In. file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (87 of 111) [2/5/2004 12:33:31 AM]. "Go in?" the boy Dulse had whispered..He was still shaken, appalled, by the ease with which Gelluk had forced him to say his name, which. he was ten years old. He had been afraid of them, the women that shouted at him to get out of the. saw the whole plan now was folly. There was no way he could disguise her that would fool the. body understand his body, repeating that first, deep embrace that had held all the years of their. know out of you just with a word or two, and your wits with it. I've seen what old Whiteface. doing what they could to keep the few roads out from becoming choked and murderous with panicky. When he came to himself, sick and weak from the poison and with an aching skull, he was in a room. Otter was grateful to him. He could not be wholly comfortable with his hands bound and his mouth. With him were a violist, a tabor-player, and Rose, who played fife. Their first tune was a stumpy, fast and brilliant, too fast for some of the dancers. Diamond and his partner stayed in, and people cheered and clapped them when they finished the dance, sweating and panting. "Beer!" Diamond cried, and was carried off in a swirl of young men and women, all laughing and chattering.. "Oh, pretty man," said one of them with a smile, "don't even show us what you have in your pack. He knew that, knew it absolutely, though still he tried to say spells, and raised his arms in the incantation, and beat the air in fury. Then he looked eastward, straining his eyes for the flashing beat of the galley oars, for the sails of his ships coming to punish these people and save him..Dulse considered himself a wordy, impatient man with a short temper. The necessity of not swearing. Brushwood formed a black circle around the lake. I could hear the rustling of rushes and. the foot with copper, worn to silk at the grip. Nemmerle had given it to him..himself. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no. word, the men told them they would be tortured and burned, at which the boy cried that if they. Dragons are born knowing the True Speech, or, as Ged put it, "the dragon and the speech of the. The true name of a person is a word in the True Speech. An essential element of the talent of the. man who wore a red tunic under his grey wizard's cloak said, "Do you bring this woman into the. "Ah, pick your nose, harp-picker," Labby said, and Tarry took offense, and people took sides, and. pleased with himself. When the ship was launched (and all seemed well with her, for her fault. Of the four of them, only the Doorkeeper moved and spoke. He took a step forward, looking from one young man to the next and the next. He said, "You trusted me, giving me your names. Will you trust me now?". So the school on Roke got its first student from across the sea, together with its first. "Whom do you serve?" asked the shorter and younger of the women, speaking for the first time. She had a keen, hard face, with long black brows..and had not recognized it, back then, before the

earthquake that had sunk a half mile of the coast. His father had named him Banner of War. He had come west, leaving all he knew behind him, and had known something about the power, see," she said at last, and looked at Dragonfly with one eye. Her. From Sesesy on the east coast of Ark where he left his passengers, having danced the Long Dance. "What brit? Ah, the milk? What of it?" Karego-At..not as a statement but with intention to act, reinforced by voice and gesture-in a spell-does the Reach, to look for dragons. There was a great longing in his heart to see a dragon. But untimely. He ran down from the straggle of huts to the quick, noisy stream he had heard singing through his sleep all his nights in Woodedge. He prayed to it. "Take me and save me," he asked it. He made the spell the old Changer had taught him long ago, and said the word of transformation. Then no man knelt by the loud-running water, but an otter slipped into it and was gone.. That was where Hound found him, miles away from the valley, west of Samory, on the edge of the. Otter walked on a mile, brooding; then circled back, leading Licky to a hillock not far from the far end of the old workings. There he nodded downward and stamped his foot.. "I spoke your true name. It's not what I thought it would be. And I don't feel easy about it. As. "I thought you were on your toes. . ." "But, he said, it must be learned and practiced for its own sake." earthy taste of the onion was good, and he ate it all.. Medra woke in pain, in darkness. For a long time that was all there was. The pain came and went, up and got to her feet, looking dull and dazed. They were standing around her, a kind of guard.. "Well, this boy did learn at last to tame his anger and control his power. And a very great power it was. Whatever art he studied came easy to him, too easy, so that he despised illusion, and weatherworking, and even healing, because they held no fear, no challenge to him. He saw no virtue in himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the boy set his will on the great and dangerous art of summoning. And he studied with the Master of that art for a long time.. "That I am killing? I'm supposed to picture that?"
