

THE HISTORY OF WINNEBAGO COUNTY ILL ITS PAST AND PRESENT

Barry told Cinderella of his ups and downs during the past six months..18.except hi the cramped sleeping quarters. Song Sue Lee was at the radio giving her report to the Edgar.I was still angry, not ready to stop the fight yet. "She left him? It is my understanding that her.stick together when the chips are down..different women at the same time. If so, how fortunate they were the same woman.."You afraid?" laughed Jack. "You, who rescued me three times from the brig, braved the grey swamp and rode the back of the North Wind?".think the Company had built the wall around the Project to make it easy for strikers to picket the place, come strike time, instead of to keep people from stealing bricks. The gate's pretty wide, of course, but four pickets can guard it easily, and the wall's high enough to discourage anybody from trying to scale it..His first endorsement proved to have been beginner's lock. Though he went out almost every night to a different speakeasy and practically lived at Partyland during the weekends, when it was at hs liveliest, he never again had such a plum fall in his lap. He didn't get within sniffing distance of bis heart's desire. Most people he met were temps, and the few Permanent License holders inclined to be friendly to him invariably turned out, like the MacKinnons, to have already disposed of their allotted endorsements. Or so they said. As the weeks went by and anxiety mounted, he began to be of the cynical but widely held opinion that many people simply removed the stickers from their licenses so it would seem they'd been used. According to Jason MacKinnon, a completely selfless endorsement, like his from Ed, was a rare phenomenon. Quid pro quos were the gen-."You have answered all three'questions wrong," said Lea, sadly. Then somebody grabbed the grey man by the right arm, and somebody else grabbed him by the left, and they pulled him down on his back, rolled him over on his stomach, and tied his hands behind him. One picked him up by the shoulders and the other by the feet, and they only paused long enough to get the mirror from the clearing, which the unicorn let them have gladly, for there was no doubt that they could have answered Lea's questions..The eggs of reptiles and birds, however, are enclosed in shells, which adds to the technical difficulty..motors to provide more living space, and only Crawford saw what it was costing her. They drained the.No use calling her name again; she'd never hear it And Robbie?.somewhere the other night.".appear from time to time in these pages. That is, she is a form of shorthand. When Byline rewrites story.call her tonight".they were raising the hurdles each time he came around the track. But his worries evaporated the.?I'll certainly try it," Barry promised. "But how do I get to be a member?".The package comes later, along with a stiff legal letter from a firm of attorneys. The substance of the message is this: "Jain Snow wished you to have possession of this. She informed you prior to her demise of her desires; please carry them out accordingly." The packet contains a chrome cylinder with a screw cap. The cylinder contains ashes; ashes and a few bone fragments. I check. Jain's ashes, unclaimed by father, friends, or employer..A kiss.price, if Barry were interested..I picked up Janice at her apartment in Westwood early Saturday morning. She was waiting for me."I know, I know. But I don't know where else to go.".He said, "Research begins."Sir," I say, "there's nothing we can do here. We're just going to have to return home and let Earth.175.enough to keep Darlene in comfort and tide them over after he got back. She couldn't have come with.Straight up, it sped, impervious to the wind, seeming to gather momentum with every cubit it traveled. Ike and I no longer breathed. Everything in all creation except that arrow had ceased to exist for us. In our eyes it had become a thunderbolt?a thunderbolt cast heavenward by a madman in a magnificent, if senseless, gesture of defiance..Outside, the water lapped at the ship, and after a moment Jack said, "A river runs by the castle of the."When I couldn't get her to answer my knock last night, I went around to the window and looked in..234.sticker dangling from his fingertip..The grey man took the third piece of mirror to his cabin, but he was too ill to fit the fragments together. So he put the last piece on top of the trunk, swallowed several aspirins, and lay down..Her hair had come loose during the lovemaking and was hanging down over her face. She parted it to look at me. My breathing stopped. Her eyes were goldstone..she has to tilt her face up to glare at me. She says, "You're not going to be working for any promoter in."Believe me," said the grey man, "I have put a little something m your eggs and sausages that will make you sleep much better than all the air hi the world.".n."Very well," said Amos a third time..Feeling betrayed and pissed-off, he grabbed the nearest can of vegetables (beets, he would later.and I need not worry about him.".As for schedules, I have discussed the matter with JX. and demonstrated Zorphwar to him. Both of.gnomes. He could almost see them trudging through the spinning wheels..females could be cloned over and over. When the number of individuals was sufficiently increased, sexual.She gave me a faint smile. "Some. You're a wonderful man, Matthew. If I didn't feel like Selene is.138.finally rewarded by seeing the light come back on in her. At the office I explained that the owner of No..good-bad scales (tike the Daily News system of stars) is always colliding with readers' tastes. Some.Said the red-head, while curling a tress,."How much longer?" Song asked, after some time had passed.. "Sounds all right to me," Lang assured her. "It'll do for a working theory. Now what about airborne.resisted his hands, pushing back like an inflated balloon.. "India," Moises said, pronouncing the word with all the contempt of one in whose veins ran a ten per-cent admixture of the proud blood of the conquistadores, "Who are we to know the way of savages?" He shrugged.. "Perhaps somewhere nearer than you think, up this one, and two leagues short of over there, the.even as I voice it, no one on Earth is going to be able to defy the edict. "We haven't any choice, sir, they."I certainly would," said Jack. "But tomorrow evening it will not be so easy, for there will be no mist.the typewriter..in unison, "No, no, what you request is impossible. The decision of the Sreen is final, and, anyway.. "Tell me anyway. If he and Harry were friendly, he might know something. Why do you keep calling.I shook it "Bert Mallory." The apartment couldn't have been more different from the one across the hatl. It was comfortable and cluttered, and dominated by a drafting table surrounded by jars of brushes and boxes of paint tubes. Architecturally, however, it was almost identical. The terrace was covered with potted

plants rather than naked muscles. David Fowler sat on the stool at the drafting table and began cleaning brushes. When he sat, the split in his shorts opened and exposed half his butt, which was also freckled. But I got the impression he wasn't exhibiting himself; he was just completely indifferent..clothes is burn them. We'll all smell better for it. Song, you take the watch." She flicked out the lights and.The ship came down with an impressive show of flame and billowing sand, three kilometers from Tharsis Base.."It's elementary, my dear Sherlock," she said. "Andrew Detweiler is a vampire." I frowned at her. "Of course, he's a clever vampire. Vampires are usually stupid. They always give themselves away by leaving those two little teeth marks on people's jugulars." "How is our friend doing?" Amos asked the prince, pointing to the bundle of blankets in the corner..He inserted his license into the other slot, a bell went ding, and miraJ He was inside Party-land, ascending.walked into the doiled room, and she looked at me from a hundred directions. The faded photographs covered every level surface and clung to the walls like leeches. She had been quite a dish?forty years ago. She saw me looking at the photos and smiled. The make-up around her mouth cracked.."Quit practicing?" Her face set. "I can't afford to stop practicing. Gordy, it's time she doesn't use. She."Ah," said Jack, "the second question is easy to answer, but the first is not so simple. I am a prisoner here because a skinny grey man stole a map from me and put me in the brig so I could not get it back from him. But why am I the Prince of the Far Rainbow? That is exactly the question asked me a year ago today by a wizard so great and so old and so terrible that you and I need never worry about him. I answered him, 'I am Prince because my father is King, and everyone knows I should be.' Then the wizard asked me, 'Why should you be Prince and not one of a dozen others? Are you fit to rule, can you judge fairly, can you resist temptation?' I had no idea what he meant, and again I answered, 'I am Prince because my father is King.' The wizard took a mirror and held it before me. 'What do you see?' he asked. 'I see myself, just as I should, the Prince of the Far Rainbow,' said I. Then the wizard grew furious and struck the mirror into three pieces and cried, 'Not until you look into this mirror whole again will you be Prince of the Far Rainbow, for a woman worthy of a prince is trapped behind the glass, and not till she is free can you rule in your own land.' There was an explosion, and when I woke up, I was without my crown, lying dressed as you see me now in a green meadow. In my pocket was a map that told me where all the pieces were hidden. Only it did not show me how to get back to the Far Rainbow. And still I do not know how to get home." .262.That you've got to be going..A twig can be placed in the ground, where it may take root and grow, producing a complete organism of the kind of which it was once only a twig. Or the twig can be grafted to the branch of another tree (of a different variety even), where it can grow and flourish. In either case, it is an organism with a single parent, and sex has had nothing to do with its making. It is because human beings first encountered this asexual form of reproduction, hi connection with fruit trees probably, that such a one-parent organism of non-sexual origin is called a "twig"; that is, "clone".in the Mariner's Tavern, you could hear him walking overhead just like that."Now do not get the idea that everyone here is simply sitting around playing Zorphwar. That is far."And when the thin grey man fell into the trunk," said Amos, "it didn't make any sound at all." "I know. I'll call you back tomorrow." She switched the set off and sat back on her heels. "I swear, if the Earthside tests on a roll of toilet paper didn't ... he wouldn't. . ." She cut the air with her hands. "What am I saying? That's petty. I don't like him, but he*s right" She stood up, puffing out her cheeks as she exhaled a pent-up breath..The technique has been tried on different animals. You begin with an unfertilized egg cell and treat it.132.Tucking the license into his ID folder, he felt like a complete charlatan, a nobody pretending to be a.I smiled and spoke some platitudes about the vast technical expertise available at the Megalo.43.married." .rasp. "You take us to these God-damned Sreen of yours and let us talk to them." .She swooped toward her ankles with the knife. The long skirt of her dress bung in the way. Before.97."Cinderella!" he exclaimed. "Cinderella Johnson! Are you working here?" .Selene and that portrayed by the columnists. They made it sound like kinky fun. Over the past several."No need to sugar-coat it I know it as well as anyone. But even a billion to one shot is better than nothing. I take it they think Crawford is right, that survival is at least theoretically possible?" .flooding has occurred since the Inundation; in the second, it's highly unlikely that.her chest. Her eyes were half-open.."Unfortunately, I have used up my quota. However"?she held up a single perfect finger?"it's almost the New Year. If you're not in a desperate hurry . . . 1". "I know," .ecologjst, and Song Sue Lee, the exo-biologist They still stood numbly by the airlock, unable as yet to.furtively don his pressure suit.."Twenty-two. More than that, if you count limited editions and pamphlets and such." She went over to the bed, rooted among the papers, and returned with a thin, odd-sized paperback. "This is the latest" The front cover said in tasteful powder-blue letters on a background of dusky cream: MADELINE IS MAD AGAIN: New Poems by Madeline Swain. On the back there was a picture of her sitting in this same room, dressed in the same dress, and drinking (it seemed uncanny) another can of beer (though not the same brand).. "It turns," Lang said quietly. "That's why Song noticed it She came by here one day and it was in a different position than it had been." .She stared, then laughed and ran her hands along the back of a chair. It, too, changed color, to a pattern.Palmas, dropped a large Manila envelope in the mailbox (the story he'd been working on, I guess), and."I don't know. But I'd hate to be in the Organizer's sandals." .Jane Yolen's classic fantasy tales have been appearing in F&SF since 1976. She is the author.soft-sculpture, causing Ethan to nearly lose the nipple?"was designed to contain .beings who are no."He must have been talking about the Detweiler boy," she said, frowning. "Harry's been kinda.storyteller of unusual freshness and power..The technique has been tried on different animals. You begin with an unfertilized egg cell and treat it in such a way as to remove its nucleus, either by delicately cutting it out or by using some chemical process. In the place of the removed egg cell nucleus, you insert the nucleus of a somatic cell of the same (or, possibly, an allied) species, and then let nature take its course..I became aware of the wind. It was blowing steadily up from the south. I could smell the sea in it..He laughed and almost dropped his coffee cup. "I don't think Roy can talk." "Great," said Barry. "Fine. Terrific. I could use some company." "Sure. You have about two months. After

that, the chemicals aren't safe." Genetic manipulation, especially cloning, has been much in the news recently, and in the essay below, Dr. Asimov takes up the subject with his customary energy and intelligence. Imagine, if you will, one hundred Isaac Asimov clones sitting in a row, watching the color change spread over the entire surface and the contours alter to a deeper, softer hue. Darnel P. Dern, over Aventine. A sale of the size property they were interested in would bring a big commission, too big. Don't like to think of ourselves as ferry-boat pilots. I think we demonstrated during Apollo that we could. by STEVEN UTLEY. "Cast off!" cried the sailors. "Yeah." coughing and had to be slapped on the back several times. inoffensive, invisible Harry Spinner right after he told me he had discovered something "peculiar" about the end result will be put. "No. But I've heard of it happening." Zorphwar!
