

F FAITH AND RELIGIOUS LIBERTY ASSERTED AND MAINTAINED IN SUNDRY LETT

"He's not a real contemporary person, not anyone Cain needs to fear. So how did he develop this obsession with finding someone named Bartholomew?" He met Celestina's eyes, as if she might have answers for him. "Is there a real Bartholomew? And how does this tie in with his assault on you? Or is there any tie-in at all?". The container-eye-level at the top, battered, rust-streaked, beaded with condensation-was larger than some in the alleyway, with a bifurcated lid. Both halves of the lid were already raised..Whereas Paul had been confounded in his desire to express his admiration for Salk, he was able to speak about Perri at length and with ease. Her wit, her heart, her wisdom, her kindness, her beauty, her goodness, her courage were the threads in a narrative tapestry that Pad could have continued weaving for all the rest of his days. Since her death, he hadn't been able to talk about her with anyone he knew, because his friends tended to focus on him, on his suffering, when he wanted them only to understand Perri better, to realize what an exceptional person she had been. He wanted her to be remembered, after he was gone, wanted her grace and her fortitude to be recalled and respected. She was too fine a woman to leave without a ripple in her wake, and the thought that her memory might pass away with Paul himself was anguishing..Opening the directory to the marker, he found a card tucked between the pages. A joker, with BARTHOLOMEW in red block letters..Convinced he was alone and unobserved, Junior leaned into the car and shifted it out of park. He released the hand brake..Startled, Junior sat up straight, clutching the silencer-fitted pistol, but the cruiser didn't abruptly brake and pull to the curb in front of the Mercedes, as he expected..He vanished through some hole, some slit, some tear bigger than anything through which Tom flipped his quarters..Meanwhile, she could offer him only a few pieces of ice, which he was forbidden to chew. "Let them melt in your mouth..". "Holding fast to the boy's right foot, Jacob observed that one elevator might descend safely but that if they took two, one or the other was certain to crash to the bottom of the shaft, considering the unreliability of all machinery made by man..". "You mean it's like with you in the kitchen, but not if you go into the living room? Your cold has a mind of its own?". "You should call San Francisco police, have them put your place under surveillance and nail him if he turns up..". She lay beside her boy in the darkness, gazing at the covered window, where the faint glow of the moon pressed through the blind, suggesting another world thriving with strange life just beyond a thin membrane of light..He'd wanted to give Celestina more help than she would accept. She continued working nights as a waitress for two years, while she completed classes at the Academy of Art College, and she quit her job only when she began to sell her paintings for enough to equal her wages and gratuities..Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens.. "Sitters. Friends, relatives of friends. People I can trust. I can afford sitters if I'm getting only dinner tips..". All windows opening onto the fire escape featured a laminated sandwich of glass and steel-wire mesh to prevent easy access by burglars. Tom Vanadium knew all the tricks of the best B-and-E artists, but he didn't need to break in order to enter here..At best, Vanadium might decide Junior had come here to learn what other funeral his nemesis had attended-which was, in fact, the true motivation. But this made it clear that Junior feared him and was striving to stay one step ahead of him. Innocent men didn't go to such length. As far as the fruitcake cop was concerned, Junior might as well have painted I killed Naomi on his forehead..Although he ate more meals in restaurants than not, he hadn't ordered a burger in twenty-two months, since finding the quarter embedded in the half-melted slice of cheddar, in December of '65. Indeed, since then, he'd never risked a sandwich of any kind in a restaurant, limiting his selections to foods that were served open on the plate..Furrowing her brow and narrowing her eyes as though prepared to scold him, she slowly lowered her face to his, until their noses were touching, and she whispered, "Because it's more fun if it's secret..". Junior didn't make the mistake of thinking that Magusson's new conciliatory attitude meant they were friends, that confidences could be shared or truths exchanged. The money-grubbing toad's only real friend would always be the one he saw in a mirror. If he discovered that Junior was having a great time post-Naomi, Magusson would store the information until he found a way to use it to his advantage..Tom stared at the girl's drawing-quite a good one for a child her age, rough in style, but with convincing detail-and if skin could be said to crawl, his must have moved all the way around his body two or three times before settling down again where it belonged. "Are these ... ?". Sliding one hand lightly along the railing, the boy quickly descended the short flight of steps and walked onto the soggy lawn, into the rain..Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?". Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange..". Three times, Mary vanished, and three times she reappeared, before she led the bamboozled Koko to her mother and father. "Neat, huh?". Because he hadn't heard Victoria Bressler speak in so long-and then only on two occasions-and because the woman on the phone had spoken so softly, Junior couldn't tell whether or not their voices were one and the same..They knew no one named Bartholomew, and she had never heard the name from him before, but she knew what he wanted. He was speaking of the son he would never see..Of the three Bartholomews that he'd turned up recently, he chose Prosser because, burdened by the name Enoch, Junior felt sympathy for any girl whose parents had cursed her with Zelda..Koko changed directions with a fantastic pivot turn and bounded after the girl..Junior jammed on the brakes, slammed the gearshift into park, threw open the door, and plunged from the car. He spun around to face the menace, loose gravel shifting treacherously underfoot..Finally: "A trial lawyer, whether specializing in criminal or civil matters, is like an actor, Mr. Cain. He must believe deeply in his role, in the truth of his portrayal, if he's to be convincing. I always believe in the innocence of my clients in order to achieve the best possible settlement for them..". Your

deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve." "If there's a presentation, I assume then I'm the presentee," he said, taming his chair sideways to the table and taking her into his lap. "Just remember, I never wear neckties." ". . . then how come you couldn't walk where your eyes were healthy and leave the tumors there," she remembered. Worrying is what mothers do best. Celestina was her mother, as far as Angel was concerned, and the child was not yet of an age to be told, and to understand, that she had been blessed with two mothers: the one who gave birth to her, and the one who raised her. Vanadium was no ordinary cop, as he himself had said. In his obsession, convinced that Junior had murdered Naomi and impatient with the need to find evidence to prove it, what was to stop the detective if he decided to deal out justice himself? What was to prevent him from walking up to the Suburban right now and shooting his suspect pointblank? "September 27, 1962. Barcelona, Spain. A flood killed four hundred forty-five people." CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand. She must have sensed his assessment of her and realized that she had little chance of charming him, for she turned at once away and never looked in his direction again. find the detective's unlikely theory and persistent questioning to be tedious. "I seriously doubt that a dose of ipecac would produce such a violent response as in this case-not pharyngeal hemorrhage, for God's terrified, the thorns pricking so close to his eyes, green points combing his lashes. He's too weak to resist, disabled. If he had cut himself intentionally for the express purpose of writing the name in blood, then the reservoir of anger was deeper still and pent up behind a formidable dam of obsession. She protested that her ruined body had neither any comforts to offer a man nor the strength to be a bride. "Tame him or bury him," said Losen, and turned to more important matters. When he woke, he was in a hospital bed, his upper body slightly elevated. The only illumination was provided by a single window: an ashen light too dreary to be called a glow, trimmed into drab ribbons by the. "Cancer," he said, because that was more tragic and far less suspicious than a fall from a fire tower. Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him. "Science. Quantum mechanics. Which is a theory ... of physics. But by theory, I don't mean just wild speculation. Quantum mechanics works. It underlies the invention of television. Before the end of this century, perhaps even by the '80s, quantum-based technology will give us powerful and cheap computers in our homes, computers as small as briefcases, as small as a wallet, a wristwatch, that can do more and far faster data processing than any of the giant lumbering computers we know today. Computers as tiny as a postage stamp. We'll have wireless telephones you can carry anywhere. Eventually, it will be possible to construct single-molecule computers of enormous power, and then technology-in fact, all human society-will change almost beyond comprehension, and for the better." place settings. He returned with them to the kitchen and put them in the lower oven, as though Victoria were using it as a plate warmer. WHEN AT LAST Paul Damascus reached the parsonage late Friday afternoon, January 12, he arrived on foot, as he arrived everywhere these days. By the time he got to the cooler, he could see this wasn't smoke, after all. It dissipated too quickly. Cool against his hand. The cold steam from dry ice. The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn. She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are." He wanted Celestina to sit in her seat and use her lap belt, but she insisted on cuddling next to him, as if she were a high-school girl and he were her teenage beau. She worried that they would argue with her, and though she knew that she was committed to her decision, she was afraid to have that commitment tested just yet. He slapped her hands, knocking the sharpener and the pencil out of her grasp. They clattered against the window, fell onto the window-seat cushions. Victoria Bressler lay on the floor of the small foyer, left arm extended past her head, palm revealed, as though she were waving at the ceiling, right arm across her body in such a way that her hand cupped her left breast. One leg was extended straight, the other knee drawn up almost demurely. If she had been nude, lying against a backdrop of rumpled sheets or autumn leaves, or meadow grass, she would have had the perfect posture for a Playboy centerfold. Lord, help me here. Give me this one, just this one, and I'll follow thereafter where I'm led. I'll always thereafter be your instrument, but please, please, GIVE ME THIS CRAZY EVIL SON OF A BITCH!. When Paul arrived with a Christmas gift, Perri was abed, wearing Chinese-red pajamas, reading Jane Austen. A clever contraption of leather straps, pulleys, and counterweights assisted her in moving her right arm more fluidly than would otherwise have been possible. A lap stand held the book, but she could tam the pages. The guest room. Bring Grace to the window. Disengage the latch. No good. Warped or painted shut. Small panes, sturdy mullions too difficult to break out. Instead of gaping at her as though she had been possessed by an inarticulate demon, Wally urgently fumbled a small box out of his jacket pocket and blurted, "Will you marry me?". His first year in San Francisco was an eventful one for the nation and the world. Winston Churchill, arguably the greatest man of the century thus far, died. The United States launched the first air strikes against North Vietnam, and Lyndon Johnson raised troop levels to 150,000 in that conflict. A Soviet cosmonaut was the first to take a space walk outside an orbiting craft. Race riots raged in Watts for five fiery days. The Voting Rights Act of 1965 was signed into law. Sandy Koufax, a Los Angeles Dodger, pitched a perfect game, in which no hitter reached first base. T. S. Eliot died, and Junior purchased one of the poet's works through the Book-of-the-Month Club. Other famous people passed away: Stan Laurel, Nat King Cole, Le Corbusier, Albert Schweitzer, Somerset Maugham.... Indira Gandhi became the first woman prime minister of India, and the Beatles' inexplicable and annoying success rolled on and on. mouth was turned down in half a frown. From the corner of her lips oozed a stream. Although he harbored no fear of coming under suspicion for the murder of Victoria Bressler, he intended to leave Spruce Hills this very night. No future existed for him in such a sleepy backwater. A wider world awaited,

and he had earned the right to enjoy all that it could offer him..Maria turned sideways in her chair and dealt from the top of the four-deck stack, onto the table in front of Barty..Worse, the vengeful and vicious bitch-or bastard, whatever-evidently had made up vile stories about him, which on a slow evening she'd shared with Neddy, with the bartender, with anyone who would listen. The staff of the lounge believed Junior was a dangerous sadist, No doubt she had concocted other lurid stories, as well, charging him with everything from a degenerate interest in bodily wastes to the selfmutilation of his genitalia..Junior descended the escalator two steps at a time, not content to let it carry him along at its own pace. When he reached the second floor, however, he found that Vanadium's ghost had done what ghosts do best: faded away. Abandoning his search for the perfect tie chain but determined to remain calm, Junior decided to have lunch at the St. Francis Hotel..Instead, he focused on the hand in the flashlight beam: four long, thin, chalk-white digits bent to the heel; thumb thrust up stiffly, as though Neddy hoped to hitchhike out of the Dumpster, out of death, and back to his piano in the cocktail lounge on Nob Hill..Delighted to be dating someone who lived neck-deep in culture especially after two months with Tammy Bean, the money maiden. Junior was surprised that he didn't score with Frieda on the first date. He was usually irresistible even to women who weren't sluts..By the first of November, they moved his mother's bed into the living room, so she could be in the center of things, where always she had been, though they admitted no guests now, only members of their family with its many names..Eye to eye with Tom, Celestina herself did some clear-seeing. "You're special, too, in lots of obvious ways. But like Angel, you're special in some secret way ... aren't you?". "Acute nervous emesis," Junior croaked. "I've never thought of myself as a nervous person.".. So he calls it the King. If you find him his King, he'll treat you well. He's often here. Come on, I'll show you. Dog can't track till he's had the scent.".Using all is powers of concentration, which were formidable, Junior sought to silence the phantom Chicane. At first, the voice steadily faded, but soon it grew louder again, and more insistent..Always, he was good with Barty, and on this occasion, he teased more than the usual number of smiles and giggles from the boy as he tried to get him to read the Snellen chart on the wall. Then he lowered the lights in the examination room to study his eyes with an ophthalmometer and an ophthalmoscope..MONDAY MORNING, far above Joe Lampion's grave, the translucent blue California sky shed a rain of light so pure and clear that the world seemed to have been washed clean of all its stains..Junior was disturbed that the mysterious chanteuse had been performing when he wasn't home. He felt violated. Invaded..Cypresses lined the entry drive to the cemetery. Tall and solemn, the trees kept guard, as though posted to prevent restless spirits from roaming out into the land of the living..He was about to go in search of the canapes when he half heard one of the guests mention Bartholomew to the reverend's daughter. Only the name rang on his ear, not the words that surrounded it..Four blocks from his office, on a street more upscale than his own, Nolly came to the Tollman Building. Built in the 1930s, it had an Art Deco flair. The public areas featured travertine floors, and a WPA-ers mural extolling the machine age brightened a lobby wall.. "And even in her dreams, you're determined to be there for her. There was a boogeyman, I have no doubt you would kick his hairy ass, and he wouldn't come around again, ever. So you just go in this gallery,." "What aren't you telling us?" her mother pressed, intuiting the existence of a larger story, if not the amazing nature of it..being careful to place the point of impact precisely where the bottle had struck her..When Agnes had asked him to deliver the pies, before she had set out with Joey for the hospital the previous day, Edom had wanted to beg off, but he had agreed without hesitation. He was prepared to suffer every viciousness that nature could throw at him in this life, but he could not endure seeing disappointment in his sister's eyes..When she didn't at once accept his generosity, he said, "All my life, I've lived just to get through the day. First survival. Then achievement, acquisition. Houses, investments, antiques ... There's nothing wrong with any of that. But it didn't fill the emptiness. Maybe one day I'll return to medicine. But that's a hectic existence, and right now I want peace, calm, time to reflect. Whatever I do from here on . . . I want my life to have a degree of purpose it's never had before. Can you understand that?". Junior decided to attend the festivities, after all, motivated by the prospect of connecting with a woman more pliant than the Baval Poriferan sculpture.. "He came through the surgery well. He'll be in post-op for a while, then brought here to the ICU. His condition's critical, but there are degrees of critical, and I believe we'll be able to upgrade him to serious long before this day is over. He's going to make it.".With his ringleted yellow hair, coiled mustache, and haughty right file, this was a jack that looked as if he might be a knave in the worst sense of the word..Celestina, the battering Baptist, back in action, came at him again. With one leg broken, another cracked, and the stretcher bar splintered, the chair wasn't as formidable a weapon as it had been. She swung it, Junior dodged, she struck at him again, he juked, and she reeled away from him, gasping..These Spartan arrangements were good enough for Vanadium. He had arrived from Oregon the previous night with three suitcases full of his clothes and personal effects. He expected that his unique combination of detective work and psychological warfare would enable him to entrap Cain in a month, before these accommodations began to feel too austere even for one to whom anything fancier than a monk's cell could seem baroque..During the five years following Agnes's death, their family of many names thrived. Barty and Angel had brought them all together in this place fifteen years previously, but the destiny about which Toni had spoken on the back porch, that night in the rain, seemed to be in no hurry to manifest itself Barty could find no painless way to sustain secondhand sight, so he lived without the light. Angel had no reason to shove anyone else into the world of the big bugs, where she'd pushed Cain. The only miracles in their lives were the miracles of love and friendship, but the family remained convinced of eventual wonders, even as they got on with the day at hand..For just one hour, which was not too taxing, he walked in the idea of a world where he had healthy eyes, and shared the vision of other Barty's in other places, so he would be able to see his bride as she walked down the aisle and as, beside him, she took their vows with him, and as she held out her hand to receive the ring..If they were suspicious of him, they showed no obvious alarm. The three went inside in no particular rush, and judging by their demeanor,

Junior decided that they hadn't spotted him, after all..Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either.. "Imagine me thinking you'd be gone," she said to Barty. "Your old mum is losing it. I never made a deal with Rumpelstiltskin, so there's nothing for him to collect." Junior took one of the boxed guns, a 9-mm semiautomatic. Months would probably pass before she noticed the pistol missing from the back of her closet, and by then she wouldn't know who had taken it..Whether or not the visitor in the client's chair had ever known much romance, he unquestionably had experienced too much adventure and more than his share of tragedy. Thomas Vanadium's face was a quake-rocked landscape: cracked by white scars like fault lines in a strata of granite; the planes of brow, cheeks, and jaws canted in odd relationships to one another. The hemangioma that surrounded his right eye and discolored his face had been with him since birth, but the awful damage to his bone structure was the work of man, not God..of Zedd constituted the most thoughtful, most rewarding, most reliable guide to life to be found anywhere. When Junior was Confused or troubled, he turned to Caesar Zedd and never failed to find enlightenment, guidance. When he was happy, he found in Zedd the welcome reassurance that it was all right to be successful and to love oneself..Out of the car, along the sidewalk, up the steps, from Mercedes to mist to murder. Pistol in his right hand, lock-release gun in his left, three knives in sheaths strapped to his body..An elderly Negro gentleman answered the door. His hair was such a pure white that in contrast to his plum-dark skin, it appeared to glow like a nimbus around his head. With his equally radiant goatee, his kindly features, and his compelling black eyes, he seemed to have stepped out of a movie about a jazz musician who, having died, was on earth once more as someone's angelic guardian..Room to room through the upstairs. Checking closets. Behind furniture. Bathrooms. In Paul's private spaces. No Cain..Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel..The infant Bartholomew was here in San Francisco. He must be found. He must be dispatched. By the time Junior devised a plan of action to locate the child, he was so hot with anger that he was sweating, and he stripped off one of his two pairs of briefs..From the bathroom, Junior gathered an electric razor and toiletries. He added these to the suitcases..Barty looked at Angel, and Angel looked at Barty, and they dropped to their knees on the grass before their daughter. They were both grinning ... and then their grins stiffened a little.. "Sit down, sit down," Agnes urged. "I can offer coffee now and pie in a little bit." Through the door came the sound of running water splashing in a sink. Neddy washing his hands..In spring, summer, and fall, they brightened the grave with the roses that Edom grew in the side yard. In this less rose-friendly season, these Christmas bouquets had been purchased at a flower shop..Junior could almost feel sorry for this sad, stocky, haunted detective, deranged by years of difficult public service..Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. It proceeds by depriving the old stories of their intellectual and ethical complexity, turning their action to violence, their actors to dolls, and their truth-telling to sentimental platitude. Heroes brandish their swords, lasers, wands, as mechanically as combine harvesters, reaping profits. Profoundly disturbing moral choices are sanitized, made cute, made safe. The passionately conceived ideas of the great story-tellers are copied, stereotyped, reduced to toys, molded in bright-colored plastic, advertised, sold, broken, junked, replaceable, interchangeable.
