Despite a bad first impression, due to his associating them with Maggie of the green sofa, Barry found himself liking the MacKinnons enormously, and before the next switchover he put his chair in the LOCK position. They spent the rest of the evening together, exchanging nostalgic tidbits over coffee and slices of Partyland's famous pineapple pie. At closing time he asked if they would either consider giving him an endorsement. They said they would have, having thoroughly enjoyed his company, but unfortunately they'd both used up their quota for that year. When he looks up again, he sees the sails flapping, then bellying out full. The sea is rising. He looks for the boat, but now too much time has passed and he cannot find it. He returns to the ship and now reverses the time control, tracks it backward until the men are again in their places on deck. He looks again at the group standing at the rail; now he sees that the woman has a child in her arms. The child struggles, drops over the rail. Smith hears the woman shriek. In a moment she too is over the rail and falling into the sea. I remember the structure and say, "You know why." On the greyest and gloomiest island on the map is a large grey gloomy castle, and great grey stone hobbyhorses. What was your wife interested in? Couldn't you have talked about that?" More blankets had fallen away, and besides a red as bright as his own hair, he could see a green the color of parrot's feathers, a yellow as pale as Chinese mustard, and a blue brilliant as the sky at eight o'clock in July. Have you ever watched someone asleep under a pile of blankets? You can see the blankets move up and down, up and down with breathing. That's how Amos knew this was a person. "J?ssst," he said, "You colorful but uninteresting person, wake up and talk to me." Amanda said, "I think this will be fine. Where do I sign the lease?" But I couldn't figure out a pattern for the victims: male, female, little kids, old aunts, married, unmarried, rich, poor, young, old. No pattern of any kind, and there's always a pattern. I even checked to see if the names were in alphabetical order. I drove, not paying any attention to where I was going, almost as deeply in shock as he was. Amos jumped out of his rags and handed them to the sailor who trotted off toward the lift in the other, all the emeralds I can haul up from a well in a brass kettle, and a chance to see a man.
