But, admitting it unlikely, admitting it impossible - if we did defeat him - if he went back into death and left us here alive - what would we do? What comes next?". The white-haired man looked at the two women. Other people had come forward, and there was some quiet talk among them.. "Magic won't die on Roke," said Veil. "On Roke all spells are strong. So said Ath himself. And you." Then to me you are Silence," the wizard said. "You can sleep in the nook under the west window. There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger.. Where they were was plain enough: the dusty pathways bent to miss them.. "If he wants a party, he'll have it," she said. Mostly the pupil was supposed to be with the Master, or studying the lists of names in the room where the lorebooks and wordbooks were, or asleep. Hemlock was a stickler for early abed and early afoot. But now and then Diamond had an hour or two free. He always went down to the docks and sat on a pierside or a waterstair and thought about Darkrose. As soon as he was out of the house and away from Master Hemlock, he began to think about Darkrose, and went on thinking about her and very little else. It surprised him a little. He thought he ought to be homesick, to think about his mother. He did think about his mother quite often, and often was homesick, lying on his cot in his bare and narrow little room after a scanty supper of cold pea-porridge -- for this wizard, at least, did not live in such luxury as Golden had imagined. Diamond never thought about Darkrose, nights. He thought of his mother, or of sunny rooms and hot food, or a tune would come into his head and he would practice it mentally on the harp in his mind, and so drift off to sleep. Darkrose would come to his mind only when he was down at the docks, staring out at the water of the harbor, the piers, the fishing boats, only when he was outdoors and away from Hemlock and his house.. "You went wrong. You've come back. But you're tired, Irioth, and the way's hard when you go alone. Come home with me.".. where the lorebooks and wordbooks were, or asleep. "Every motion of a single leaf moves every leaf of every tree on every isle of Earthsea! There is a pattern. That's what you must look for and look to. Nothing goes right but as part of the pattern. Only in it is freedom.".. (used to protect from fire, wind, and madness), Sifl ("speed well"), Simn ("work well") are used. She was stroking down the mare's right foreleg. Her hands came away covered with blood-streaked horse sweat. "There, there," she said. The brave girl, the brave heart." The mare put her head down and shivered all over with relief. "What did you keep her standing there in the middle of the dogs for?" the woman demanded furiously. Again he stood silent a while. He started to speak, and didn't speak, and finally spoke. "I could not save one, not one, not the one who saved me," he said. "Nothing I know could have set her free. Nobody else knew what was going on. We fought. A long time we fought. And then it was over. He broke. Like a stick breaking. He was broken. But he fled away. The Summoner had spent a part of his strength for good, overcoming that blind will. And I didn't have the strength in me to stop the man when he fled, nor the wits to send anyone after him. And not a shred of power left in me to follow him with. So he got away from Roke. Elfarran knew this, as she knew the moment of Morred's death. She bade her people take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour of waiting for the destroying wave that only Morred might have stilled, she made the song called The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. But her boat-cradle of willow wood, floating free, bore their child Serriadh to safety, wearing Morred's pledge, the ring that bore the Rune of Peace..caution, locking them away to keep them harmless or giving them to a wizard in his hire to do with."Now that is interesting," said the old scholar, sitting up straighter. "I told you I was reading about dragons. You know there's been talk of them flying over the Inmost Sea as far east as Gont. That was no doubt Kalessin taking Ged home, multiplied by sailors making a good story better. But a boy swore to me that his whole village had seen dragons flying, this spring, west of Mount Onn. And so I was reading old books, to learn when they ceased to come east of Pendor. And in one I came on your story, or something like it. That men and dragons were all one kind, but they quarrelled. For that time he was silent, and Otter watched him with staring intensity, still trying to understand..They both looked at me. Their faces, when they raised them, took on a startled expression.."If you need to read the Mountain," his teacher had told him, "go to the Dark Pond at the top of Semere's cow pasture.
