Your clone is your twin brother (or sister) and is no more you than your ordinary identical twin would be. Your clone does not have your consciousness, and if you die, you are dead. You do not live on in your clone. Once that is understood, I suspect that much of the interest in clones will disappear..He was holding the door three quarters shut, and so I couldn't see anything in the room but an expensive-looking color TV. He glanced over his shoulder nervously at something behind him. The inner ends of his eyebrows drooped in a frown. He looked back at me and started to say something, then, with a small defiance, shrugged his eyebrows. "Sure, but there's not much I can tell you." Things did settle down, as Lang had known they would. They entered their second week alone in virtually the same position they had started: no romantic entanglements firmly established. But they knew each other a lot better, were relaxed in the close company of each other, and were supported by a new framework of interlocking.three inches and went back to typing. Grinning, I picked up my phone. Brushing past her, he hastened to the doorway and she melted back into the night..from Competition 13: diaries pipe in one high but full-toned voice, "the lords of Creation." "I can help." hurried out to get the lease from my secretary..Again those black and burning eyes of his seemed to absorb the Project from its bottommost brick to its topmost one. There was a purposefulness about his mien that had been lacking on his previous visit; a fierce, almost an awesome, determination that made him seem larger than life. His black eyebrows were like the wings of a hawk; his lips were set like bitumen. He was wearing a maroon turtleneck with a big N on the front, blue Levis and thick-soled chukka boots.."Well it's about tune," said the grey man, and began walking toward it. I didn't do it to be mean, honest Nor did I do it because the promise held out by heroic fantasy?the promise of escape into a wonderful Other world?is one I find temperamentally unappealing. On the contrary. It's because I understand the intensity of the demand so well (having spent my twenties reading Eddison and Tolkien; I even adapted The Hobbit for the stage) that I also understand the absolute impossibility of ever fulfilling that demand. The current popularity of heroic fantasy scares me; I believe it to be a symptom of political and cultural reaction due to economic depression. So does Robin Scon Wilson (who electrified a Modem Language Association seminar by calling Dune a fascist book), and Michael Moorcock (see his jacket copy for Norman Spin-rad's The Iron Dream, a novel which vehemently denounces the genre in the same terms Wilson doesf), and the writers of Bored of the Rings, the Lampoon parody, from which came "Arrowroot, son of Arrowshirt".
