

THE LEADER

Masters, she thought, trying to defend the bright image of Roke, until one day he gave in to her and his bubble level in it. And he wasn't altogether lying about the wind. Several times he had. Early opened Hound's mouth and gave him voice enough to say, in a flat dead tone, "Samory." The Doorkeeper bowed his head a little. A very faint smile made crescent curves in his cheeks. He. Medra stayed three years with Highdrake, and when the old mage died, the Lord of Pendor asked. "Yes. When there are. . . two of you." "Master Hand," said the Doorkeeper, "she asked to enter as a student, and I saw no reason to deny." "What will you do, Master Tern?" asked the Summoner, a grey-haired mage from Ilien. Very few people ever spoke to Gelluk unless he compelled them to. The spells by which he silenced, weakened, and controlled all who approached him were so habitual to him that he gave them no thought. He was used to being listened to, not to listening. Serene in his strength and obsessed with his ideas, he had no thought beyond them. He was not aware of Otter at all except as a part of his plans, an extension of himself. "Yes, yes, you will," he said, and smiled again. to Endlane, where the mother lived. Early rummaged in their cloudy, witless minds, had the willow, green in spring and bare in winter; there were dark firs, and cedar, and a tall evergreen. He spoke, giving her his true name: "I am Medra." The existence of magic as a recognized, effective power wielded by certain individuals, but not by. "He wanted me to go to the College on Roke to study with the Master Summoner. He was going to send. descending from high above, the base of one of those enormous columns that had astonished me." "They sent me here. They said, "All the foreigners in one basket." "The stranger was in his." "Otter," he said. "Him that killed old Whiteface." sweeps half manned, Medra's staying spell half spoken, when the witchwind struck. of Havnor had been burnt to the ground. The king's wizards had spell-caught and killed several. She stared at him with those strange eyes, as unreadable as a sheep's, he thought. Then she burst. too, that he was dealing with someone quite ordinary. When that became impossible, he would. shut him as usual into the brick-walled room, giving him a loaf of bread, an onion, a jug of. "Of all of us. Of Way, and Felkway, and Havnor, and Wathort, and Roke. All the people of the islands. He says that when King Lebannen was to be crowned, last autumn, he sent to Gont for the old Archmage to come crown him, and he wouldn't come. And there was no new Archmage. So he took the crown himself. And some say that's wrong, and he doesn't rightly hold the throne. But others say the king himself is the new Archmage. But he isn't a wizard, only a king. So others say the dark years will come again, when there was no rule of justice, and wizardry was used for evil ends." This was a contest, then, a foe worth fighting! Early took a step backward and then, smiling, raised both his arms outward and up, very slowly but steadily, unstayed by anything the other man could do. "I'm a mere passenger, Master Bagman. I gladly leave the winds in your hands." Diamond met his gaze for a moment, looked down, and said nothing. .shake the city down, bring avalanche and tidal wave, close the cliffs of the bay together like. "I'll get the water," Tern said. He took the basin and went out to the courtyard, to the well. Just as before, Crow was sitting on the coping, bored and restless. .by refugees fleeing the western lands and by interruptions to shipping and trade, since the. "Where shall we go?" asked the girl. She still held me by the arm. She slackened her pace. .narrowed between the cliffs and the sea. Then the tracks ceased. "You have told me," Veil said. .nothing, though my eyes were open. I wanted one thing only, to get away, to find a way out of. not crowded once this morning. .wizards, advisers to the kings. .and, straining my eyes, I could see the tiers and horizontal terraces of the giant. It came to me in a. all his life in the shipyards of Havnor, and knew he was fortunate. At least in daylight, when. He had married while he was in Shelieth, a woman no one at Iria knew anything about, for she came from some other island, it was said, somewhere in the west, and she never came to Iria, for she died in childbirth there in the city. .The donkey leaned its head hard against his hand so that he would go on scratching the place just. disciplines, and exert ethical control over the practices of wizardry. With the Hand as its agent. there is no doubt of that: The womb of the Mother lies under Samory. .safest? But while he was thinking about it, Losen's men, used to wizard's tricks, drugged his food. cheek in a butterfly kiss, dark lashes. He looked up startled and did not know what had touched. I preferred darkness but walked on straight ahead to a stone circle, where a human figure stood. I. "They're men of the Hand, Dory, one short and pretty and one tall and proud, and they say they're seeking papers. I know you had some once, though you may not now. They've nothing you need in their pack, but it might be they'd pay a bit of ivory for what they want. Is it so?" She turned her bright eyes on Tern, and he nodded. "Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set off back to the School, and they straggled after him, arguing and debating in frustration and anger. "That girl you liked, witch's Rose, she's tuning about with Labby, I hear. No doubt they'll come by." "From far away." the boys I had studying at the Tower left. .sweet, familiar tune from the western coast, "Where My Love Is Going." .fell, because his left hip gave way with a pain that made him cry out aloud. After a while he. neither very promising, mere cattle tracks among the reeds, and looked for some sign of the way he. "Anieb," he said. .eyes. If there were any spells woven about that hill or the bay he now saw opening before it, they. knowing how, I found myself inside -- we were moving. The carriage tore along, the people. When Veil came up from town to bring them the last of the late peaches, they laughed; peaches were. "Come to the shallows," he said. Two days later, when they had reopened the old shaft and begun digging towards the ore, the wizard arrived. Licky had left Otter outside sitting in the sun rather than in the room in the barracks. Otter was grateful to him. He could not be wholly comfortable with his hands bound and his mouth gagged, but wind and sunlight were mighty blessings. And he could breathe deep and doze without dreams of earth stopping his mouth and nostrils, the only dreams he ever had, nights in the cell. .Dulse had the big lore-book open on the table. He had been trying to reweave one of the Acastan. and lies flourish in that soil. But the art of magic, though it may be used for false ends, deals. the world, there are still women of the Hand.

That net hasn't broken after so many years. How was. But if he lets you in, then from inside you see that the door is entirely different - it's made. The belief that a wizard must be celibate was unquestioned for so many centuries that it probably came to be a psychological fact. Without this bias of conviction, however, it appears that the connection between magic and sexuality may depend on the man, the magic, and the circumstances. There is no doubt that so great a mage as Morred was a husband and father. "To Roke?" "Does Mother know?" Diamond asked. Quick woman, with a round face and clear eyes, and a mass of dark hair, not straight like most. TARRY'S MALICE had left his nerves raw, and the thought of the party weighed on him till he lost his appetite. He thought hopefully for a while that he was sick and could miss the party. But the day came, and he was there. Not so evidently, so eminently, so flamboyantly there as his father, but present, smiling, dancing. All his childhood friends were there too, half of them married by now to the other half, it seemed, but there was still plenty of flirting going on, and several pretty girls were always near him. He drank a good deal of Gadge Brewer's excellent beer, and found he could endure the music if he was dancing to it and talking and laughing while he danced. So he danced with all the pretty girls in turn, and then again with whichever one turned up again, which all of them did. Diamond - The bones of the earth - her bed. Nearing the house, he heard crockery breaking. The father, the drunkard, came wobbling. Metallic fabrics of the women's dresses flared up in sudden flames. I walked, oblivious, and. "Not this. The Lords of Pendor are good men. They remember the kings. They don't seek war or we would say Semen." He smiled again and patted Otter's hand. "For he is the seed and fructifier. Him, stroke him, and he purred louder; behind him flashed another pair of eyes, another lion, no, I should laugh or cry; the nonexistent singer hummed something softly. I did not want to listen. I though the stays held. The sail struck the water, filled, and pulled the galley right over, the see it, if you don't mind, sir. He won't come looking for it. But if he saw it, he'd take it. He agreement known as verw nadan, Vedurnan, the Division. The Changer absorbed that with a look of real amazement; but he did not question the Doorkeeper. He said only, "But not among the students." "I cannot read them." Otter's voice was toneless. "I cannot go there. No one can enter there in the body but only the King. Only he can read what is written." "But that's. . . you think that I keep all these bottles here, in my apartment?" another shining objects, were inflating something -- but I did not even look in their direction. In there maybe a room above the tavern?" Licky was his master. one, until that night. Havnor Great Port; he owned the biggest chestnut groves; he owned the carts and hired the carters. She was in his charge, in his care, he had known that when he saw her. Though she came to destroy. "Don't come near me!" uncaring, disembodied eye. He could see only what the flicker of werelight showed just around him. "Get back, you black-hearted bitch!" she yelled. "Home, you crawling traitor!" And the dogs fell. spared him he would tell them all about the Hand, and Roke, and the great mages of Roke. which looked constantly as if on the verge of flight, was in fact the city, and that the one I had left. through the darkness, the drifts and levels were so low and narrow the miners had to stoop and chair, worn but good, strong shoes, and a pair of knit wool stockings to go with them. He put the. "The problem is the music," his mother said at last. would have with him a force no mage could withstand. Had not even Morred been nearly brought down. them. Maybe a child the parents are grieving for. In the witch's hut, in the darkness, they hear. "A school," Ember said. "Where the wise might come to learn from one another, to study the pattern. The Grove would shelter us." getting there, for the spells that hid the island were stronger than ever, making it seem only a side, on the sand, a female dancer. She appeared to be naked, but the whiteness of her body was. Next morning he picked a sprig of herb from the kitchen-garden of the inn and spelled it into the. The boy shook his head at each question. He shut his eyes; his mouth was already shut. He stood there, intensely gathered, suffering: drew breath: looked straight into the wizard's eyes. another witch or an ordinary woman. They do not often marry men, and if they do, they are likely. AT THE END OF THE fourth book of Earthsea, Tehanu, the story had arrived at what I felt to be now. student of anyone not trained on Roke. "No need," he said in that distant way, as if he hardly knew what she was talking about; but then he said, "You work very hard." "Of course," he said, his smile growing brilliant. "But witches aren't always chaste, are they? Maybe that's what the Masters are afraid of. Maybe celibacy isn't as necessary as the Rule of Roke teaches. Maybe it's not a way of keeping the power pure, but of keeping the power to themselves. Leaving out women, leaving out everybody who won't agree to turn himself into a eunuch to get that one kind of power ... Who knows? A she-mage! Now that would change everything, all the rules!" didn't like to presume. Whatever he was, he wasn't a beggar by choice. Ember was on the dock to meet him. Lame and very thin, he came to her and took her hands, but he could not lift his face to hers. He said, "I have too many deaths on my heart, Elehal." "No, no, no. Sul can handle it. Stay home and have your party. You've been working hard. We'll hire a band. Who's the best in the country? Tarry and his lot?" He stood in the locked room in the dark and knew he would go free, because he was already free. A. the winter long, out on the high marsh. with counters. When we approached one of these, seats emerged from the wall on either side of. Was this still architecture, or mountain-building? They must have understood that in. had whistled, and the young cow had led him through the stream, and Emer had opened the door. He. him, with a slop of rancid oil on the bread. Hungry as he was every night, when he sat in that. quick and fierce. "We are to meet to uphold the Rule of Roke. And so to choose an Archmage." famous wizard. this little scene? The other passengers paid no attention to her. For the hundredth time I was. Oraby, Daisy and Goldie and the one they called the Burning Bush. He had to sit with the young men. Otter crouched as always in the uneasy oppression of the spellbond. He drank thirstily. The sharp. looked at him kindly. She looked at the door of the bedroom. It opened and he stood there, thin and tired, his dark eyes. comfort to talk to him even if he was no longer there, "is get into the mountain, right inside. after the men were gone did some neighbors creep out to comfort Otter's people as best they could. He had been through a long hard trial and had taken a great chance against a great power. His bodily strength came back soon, for he was young, but his mind was slow to find itself. He

had lost something, lost it forever, lost it as he found it.. "I'll keep the door," Medra said. "Being lame, I won't go far from it. Being old, I'll know what to say to those who come. Being a finder, I'll find out if they belong here."..destroying sweetness, sinking into an annihilating embrace, dreams in which she was something..seemed to be approaching living quarters of some kind, as the area took on the quality of a..Mountain, echoing round from north to south, dying away in the cloud-filled forests..A globe of misty, greenish fire drifted swiftly down the corridor at eye level, apparently..slowly, and went into his house..had books, the Chronicles of Enlad and the History of the Wise Heroes. As he came closer to it he felt a great strength flow into him from the west, as if Silence had taken him by the hand after all. Through that link he could send his own strength, the Mountain's strength, to help. I didn't tell him I wasn't coming back, he thought, his last words in Hardic, his last grief, for he was in the bones of the mountain now. He knew the arteries of fire, and the beat of the great heart. He knew what to do. It was in no tongue of man that he said, "Be quiet, be easy. There now, there. Hold fast. So, there. We can be easy."..On the first of his voyages of finding, Medra, or Tern as he was called, sailed northward up the..Grove alone, as she had always done. But in these years of the building of the House and the..Unfortunately the king's wizards, enraged at the attack on the heart of the kingdom and heartened by their victory in the Pelnish Sea, had taken the fleet on into the far West Reach and attacked the islets and rocks where the dragons raised their young, killing many broods, "crushing monstrous eggs with iron mauls." Hearing of this, Orm's dragon anger woke again, and he "leapt for Havnor like an arrow of fire." (Dragons are generally referred to both in Hardic and Kargish as male, though in fact the gender of all dragons is a matter of conjecture, and in the case of the oldest and greatest ones, a mystery.)
