

## THE LIFE OF ANDREW MURRAY OF SOUTH AFRICA

"Excuse me, Master," he said. "I have to think." "Then you'll be more than welcome. The plague is terrible among the cattle. And getting worse." Ath did not. His book, lost for centuries, is now in the Isolate Tower on Roke. "bigger than you were," she said. "Can you still make a light, Di? I want to see you." "Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. No one, no matter how strong or wise or great, can rightly own and use another..with his ideas, he had no thought beyond them. He was not aware of Otter at all except as a part..consented to his remaining on Roke, it was to keep watch on him. "You broke through our defenses..was to be made wizard when he went back to Roke. We won't defeat him."..Irioth came up onto the doorstep. He did not go in, but spoke in the open door. "Master San, it's about the cattle you have there between the rivers. I can go to them today." He did not know why he said this. It was not what he had meant to say..All this went rushing through his mind like a flood breaking through a dam, while he stood at the edge of the woods with Veil. "I thought mages kept themselves apart," he said at last. "High-drake said that to make love is to unmake power." "That would be only what the women of the Hand call it, keeping its meaning from the wizards and..Then for a while he held still, body and mind, beginning to understand for the first time where his power lay..share the secrets of the King. He was easy to talk with, and she told him about the curer, since there was nothing much to say about herself..and leaned its head out, craving company. He wished his son would play with..As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was sleeping.

She would not think of him at night. Back in the winter she had sent to him night after night. She had learned her mother's spell of sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name, again and again. She had met a wall of air and silence. She touched nothing. He would not hear..without tasting it. Otter pressed rashly forward into Gelluk's mind, seeking his true name. But he did not know where to look or how to look. A finder who did not know his craft, all he could see clearly in Gelluk's thoughts were pages of a lore-book full of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes danced on the crimson pillars. But Otter could not read the book or the runes. He had never learned to read.."The Book of Names."The tall woman smiled a little. "My sister has never taught a man before" she said. He must ask Master Birch to provide him an advance on his salary to pay for ship-passage and lodging, for a wizard of Roke should not take advantage of people's willingness to give him whatever he needed, but pay his way like an ordinary man. As Birch agreed with this, he had to give Ivory a purse for his journey. It was the first real money he had had in his pocket for years: ten ivory counters carved with the Otter of Shelieth on one side and the Rune of Peace on the other in honour of King Lebannen.
