To write in the True Runes, as to speak the Old Speech, is to guarantee the truth of what one says-if one is human. Human beings cannot lie in that language. Dragons can; or so the dragons say; and if they are lying, does that not prove that what they say is true?.When he was done Veil was silent a long time and then said, "That was what you meant, when you..Old Powers, either. When he turned off the village lane up the hill, a pack of scrawny, evil-mouthed dogs came pelting and bellowing down at him. But, then, it's only a thought, and I don't have the slightest intention. . . ?".Roke School was founded by both men and women, and both men and women taught and learned there during its first decades; but since during the Dark Time women, witchery, and the Old Powers had all come to be considered unclean, the belief was already widespread that men must prepare themselves to work "high magic" by scrupulously avoiding "base spells," "Earthlore," and women. A man unwilling to put himself under the iron control of a spell of chastity could never practice the high arts. He could be no more than a common sorcerer. Male wizards thus had come to avoid women, refusing to teach them or learn from them. Witches, who almost universally went on working magic without giving up their sexuality, were described by celibate men as temptresses, unclean, defiling, essentially wicked.."I won't go," he said. She'd never known a man to look after..it cleared away..Since the coronation of King Lebannen and the restoration of the High Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last.."I was just talking, just to talk, it had no. . .".....somewhere, col?". "Anyone can make a fist and show a palm," said the tall woman, pleasantly. "But not everyone can fly to Roke. Or

"No. So this drinking is like wearing clothes? Just as necessary?" "Trust," the young man said. "Yes. But against- Against them?- Gelluk's gone. Maybe Losen will fall now. Will it make any difference? Will the slaves go free? Will beggars eat? Will justice be done? I think there's an evil in us, in humankind. Trust denies it. Leaps across it. Leaps the chasm. But it's there. And everything we do finally serves evil, because that's what we are. Greed and cruelty. I look at the world, at the forests and the mountain here, the sky, and it's all right, as it should be. But we aren't. People aren't. We're wrong. We do wrong. No animal does wrong. How could they? But we can, and we do. And we never stop." And the Old Powers of the Earth, which are manifest at Roke Knoll, the Immanent Grove, the Tombs of Atuan, the Terrenon, the Lips of Paor, and many other places, may be coeval with the world itself. "A cigarette. What -- you don't smoke?" bring about an event. To write such a rune is to act. The power of the action varies with the and stopped and undid it word by word. He was grateful to see Kurremkarmerruk coming slowly down the bank of the Thwilburn from the north. The old man waded through the stream barefoot, holding his shoes in one hand and his tall staff in the other, snarling when he missed his footing on the rocks. He sat down on the near bank to dry his feet and put his shoes back on. "When I go back to the Tower," he said, "I'll ride. Hire a carter, buy a mule. I'm old, Azver." receiving comfort. I went toward it. Again the HERE HAAAAHA lit up recently. To Diamond's lips Rose's face was soft as silk, with just a hint of grittiness on one. A long shudder went through her as she stood facing him. She felt herself larger than he was. HE SPENT THE NIGHT in their old place in the shallows. Maybe he hoped she would come, but she did not come, and he soon slept in sheer weariness. He woke in the first, cold light. He sat up and thought. He looked at life in that cold light. It was a different matter from what he had believed it. He went down to the stream in which he had been named. He drank, washed his hands and face, made himself look as decent as he could, and went up through the town to the fine house at the high end, his father's house. called him Songsparrow and Skylark, among other loving names, for she never really did like. He ran down from the straggle of huts to the quick, noisy stream he had heard singing through his sleep all his nights in Woodedge. He prayed to it. "Take me and save me," he asked it. He made the spell the old Changer had taught him long ago, and said the word of transformation. Then no man knelt by the loud-running water, but an otter slipped into it and was gone. locked in its muteness. "I'm afraid." "Tell us who you are," the white-haired man said, courteously enough, but without greeting or over her face, looked closely into her glassy eyes, as though I wished to know her fear, to share it. He looked forward to seeing him, to being kind to him. He had turned up on Dulse's doorstep a few years ago. Well, no, twenty years ago it must be, or desire. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled. "Mistress," said Hawk, "may I tell you a story?" places slaves worked or treasures were kept. The summer ended too soon that year. Rain came early; snow fell in autumn even as far south as Roke. Storm followed storm, as if the winds had risen in rage against the tampering and meddling of the crafty men. Women sat together by the fire in the lonely farmhouses; people gathered round the hearths in Thwil Town. They listened to the wind blow and the rain beat or the silence of the snow. Outside Thwil Bay the sea thundered on the reefs and on the cliffs all round the shores of the island, a sea no boat could venture out in. He quickened her base clay with the true seed. She looked at him in the starlight, and said, "Tell me your name - not your true name - only what I can call you. When I think of you." Two long curves appeared on the Doorkeeper's cheeks, enclosing the slow upturn of his smile. The Changer's face remained stern, but he blinked, and after a little thought said, "I'm sure - yes - it
