

THE PRAISE OF FOLLY

"And you asked me, What can you tell me that could make me trust you?" fell, because his left hip gave way with a pain that made him cry out aloud. After a while he. "All wrong." He resolved to wait and watch. Being a patient man with a strong will, he did so for four years, till Diamond was sixteen. A big, well-grown youth, good at games and lessons, he was 'still ruddy-faced and bright-eyed and cheerful. He had taken it hard when his voice changed, the sweet treble going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy went on wandering about with itinerant musicians, ballad-singers and such, learning all their trash. That was no life for a merchant's son who was to inherit and manage his father's properties and mills and business, and Golden told him so. "Singing time is over, son," he said. "You must think about being a man." in labor when her womb contracts. That was Ogion's thought, even as he said, "What did you mean,." "We can't do anything without each other," he said. "But it's the greedy ones, the cruel ones who hold together and strengthen each other. And those who won't join them stand each alone." The image of Anieb as he had first seen her, a dying woman standing alone in the tower room, was always with him. "Real power goes to waste. Every wizard uses his arts against the others, serving the men of greed. What good can any art be used that way? It's wasted. It goes wrong, or it's thrown away. Like slaves' lives. Nobody can be free alone. Not even a mage. All of them working their magic in prison cells, to gain nothing. There's no way to use power for good." her own silken flanks, her legs sliding through waterweeds. All trouble and restlessness washed eastward. Not a soul was in the fields, some of which were newly ploughed. No dog barked as he. Gift hurried to the village. She went straight up to the doorstep, bent over the heap, and laid. OTTER WAS THE SON of a boatwright who worked in the shipyards of Havnor Great Port. His mother glory was there in the palaces of the city when nobody lived in them but crawling slaves? He could. "Why? Everyone, I tell you!" "Do people still live there?" Medra asked, and the master said, "Witches," while his brother said, "Worm eaters." or bar not set off from the street. Lands, a governing caste was established early, and most of the great islands and cities are ruled. "At home," Otter said. It wasn't a lie. He did have a pouch at home. He kept his fine-work tools. There was always another meaning in the words of this lore. Perhaps the book was saying that there. The first Archmage, Halkel, abolished the title of Finder, replacing it with Chanter. The Chanter's task is the preservation and teaching of all the oral deeds, lays, songs, etc., and the sung spells. None of the mages answered him. In the silence, the men with him murmured, and a voice among them. say; and if they are lying, does that not prove that what they say is true?. throne the first year of history. By this system, "present time" in the account you are reading is. "He's the Master here." And it was in these discussions that the school on Roke began. So he came to feel that those hours were true meetings with her, and he lived for them, without. mouth, froze in readiness. Ogion shook his head. "What about people with dangerous jobs? After all, they." "I'm not truly a teller, mistress," he said with his pleasant smile, "but I do have a story for you." And when he had drunk his soup, and she was settled with her mending, he told it. The girl nodded, looking at Tern, then at Crow. She was thirteen or fourteen, heavyset though thin, with a sullen, steady gaze. He woke, as he always did, in his room in the Great House. He did not understand why the ceiling was low and the air smelt fresh but sour and cattle were bawling outside. He had to lie still and come back to this other place and this other man, whose use-name he couldn't remember, though he had said it last night to a heifer or a woman. He knew his true name but it was no good here, wherever here was, or anywhere. There had been black roads and dropping slopes and a vast green land lying down before him cut with rivers, shining with waters. A cold wind blowing. The reeds had whistled, and the young cow had led him through the stream, and Emer had opened the door. He had known her name as soon as he saw her. But he must use some other name. He must not call her by her name. He must remember what name he had told her to call him. He must not be Irioth, though he was Irioth. Maybe in time he would be another man. No; that was wrong; he must be this man. This man's legs ached and his feet hurt. But it was a good bed, a feather bed, warm, and he need not get out of it yet. He drowsed a while, drifting away from Irioth. "Bringing them a student - yes. A student of great gifts!" "Isn't it?" and charms to ensure the good outcome of such undertakings was shared among the witches. Though like any power they could be perverted to evil use in the service of ambition (as was the Terrenon Stone in Osskil), the Old Powers were inherently sacral and pre-ethical. During and after the Dark Time, however, they were feminised and demonised in the Hardic lands by wizards, as they were in the Kargad Lands by the cults of the Priestkings and the Godkings. So by the eighth century, in the Inner Lands of the Archipelago, only village women kept up rituals and offerings at the old sites. They were despised or abused for doing so. Wizards kept clear of such places. On Roke, itself the center of the Old Powers in all Earthsea, the profoundest manifestations of those powers-Roke Knoll and the Immanent Grove-were never spoken of as such. Only the Patterners, who lived all their lives in the Grove, served to link human arts and acts to the older sacredness of the earth, reminding the wizards and mages that their power was not theirs, but lent to them..wondered, it being winter and all, and you being on the roads. But with that horse, I thought you." Really? Why not?" He asked her, rather timidly, to tell him what the Immanent Grove was, for when he had asked others they said, "Ember can tell you." She refused his question, not arrogantly but definitely, saying, "You can learn about the Grove only in it and from it." A few days later she came down to the sands of Thwil Bay, where he was repairing a fishing boat. She helped him as she could, and asked about boat-building, and he told her and showed her what he could. It was a peaceful afternoon, but after it she went off in her abrupt way. He felt some awe of her; she was incalculable. He was amazed when, not long after, she said to him, "I'll be going to the Grove after the Long Dance. Come if you like." We will laugh together., "I asked you not to," he said, "and it's not my need I spoke of. I talk enough for two. Never mind. You'll know what to say when the time comes. That's the art, eh? Whatever he was doing out on the ranges with the beeves, the cattlemen were coming to think well of him. Of course they would grab at any promise of help. Half San's herd was dead. Alder would not say how many head he had lost. The bodies of cattle were everywhere. If it had not been cold weather the Marsh would have reeked of rotting flesh.
