

## THE STORY OF WINE MADE IN SOUTH AFRICA

Precisely what type of prodigy Barty might be was initially not easy to deduce. He revealed many talents rather than just one..Behind them, two shots roared, and Paul knew that the reverend was no longer of this world..He wanted to fling it into the graveyard, send it spinning far into the darkness..Action. just concentrate on action and ignore the disgusting aftermath. Remember the runaway train and the bus full of nuns stuck on the tracks. Stay with the train, don't go back to look at the smashed nuns, just keep moving forward, and everything will be all right..into darkness, Celestina sat down to dinner with her mother and her father in the dining room of the parsonage..Into her fevered mind came an image of a milk-glass infant, as translucent as Joey at the back door of the ambulance. Fearing that this vision meant her child would be stillborn, she said, My baby, but no sound escaped her..The boy's silvery giggles rang as merrily as sleigh bells, his Christmas spirit undampened. "Not between, Mommy. Nobody could do that. I just ran where the rain wasn't."..that he could not entirely analyze. Any amateur magician-indeed, anyone willing to practice enough hours, magician or not-could master this trick. It was mere skill, not sorcery. "What was your motive, Enoch?"..The adoption records on Seraphim White's baby weren't sealed by law, because custody of the child was being retained by family..Piano music drifted into the restaurant from the adjacent bar, so soft and yet sprightly that it made the clink of silverware seem like music, too..Jacob's mentor had been a man named Obadiah Sepharad. They had met when Jacob was eighteen, during a period when he'd been committed to a psychiatric ward for a short time, his eccentricity having been briefly mistaken for something worse.."You'll do better away from the ships, all the fighting and raiding. The King's working the old mines at Samory, round the mountain. There you'd be out of his way. Work for him you must, if you want to stay alive. I'll see that you're sent there. If you'll go."..-and wherever he went, between his shows, he always gave free performances at nursing homes, schools for the deaf-"..Chase after her on foot. Shoot her in the car. Maybe. He'd have five rounds left if he used one on the man, four on Bartholomew..By the time he arrived at his apartment, Junior could think of no better action to take, so he phoned Simon Magusson, his attorney in Spruce Hills..Regardless of her other successes or failures as a parent, Agnes intended to make certain that Barty never lacked hope, that meaning and purpose flowed through the boy as constantly as blood..The sight of her sister's blood and the persistence of the flow made Celestina weak with apprehension. She was afraid she had done the wrong thing by delaying hospitalization..DOWN SHE WENT, abruptly and hard, with a clatter and thud, her natural grace deserting her in the fall, though she regained it in her posture of collapse..Orange firelight bloomed in the living room below, a wave of heat washed over Paul, and immediately behind the heat came greasy masses of roiling black smoke, drawn to the stairwell as to a flue..AGNES ALWAYS ENJOYED Christmas Eve dinner with Edom and Jacob, because even they tempered their pessimism on this night of nights. Whether the season touched their hearts or they wanted even more than usual to please their sister, she didn't know. If gentle Edom spoke of killer tornadoes or if dear Jacob was reminded of massive explosions, each dwelt not on horrible death, as usual, but on feats of courage in the midst of dire catastrophe, recounting astonishing rescues and miraculous escapes..The two men detached and rolled up the pleated green skirt that hung from the rectangular frame of the graveyard winch on which the casket was suspended. Green, rather than black, because Naomi loved nature: Junior had been thoughtful about the details of the service..Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous..The terror he hid from her vanished with the recital of their vows. He knew from their first kiss as husband and wife that this was his destiny. What a great adventure they'd had together these past twenty-three years, one that Doc Savage might have envied..Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door..At the end of his fourth month, instead of in his seventh, he said "Mama," and clearly knew what it meant. He repeated it when he wanted to get her attention..He backed toward the hall door, watching as the fire spread. After lingering until certain that the house would soon be a seething pyre, he finally sprinted along the hall to the front door..Professional magic was not a field in which many Negroes could find their way to success. Obadiah was one of a rare brotherhood..The three of them, gathered around her in the quick, held fast to her, as if Death couldn't take what they refused to release..Out of the car, along the sidewalk, up the steps, from Mercedes to mist to murder. Pistol in his right hand, lock-release gun in his left, three knives in sheaths strapped to his body..This Dry Sack-assisted effort at recollection, however, brought back to him one thing in addition to all the sweet lubricious images of Seraphim naked. The voice of her father. On the tape recorder. The reverend droning on and on as Junior pinned the devout daughter to the mattress..Finally he switched on the light, and illuminated Neddy at ease, silent in death as never in life: lying on his back, head turned to the right, swollen tongue lolling obscenely..WITH A CRASH as loud as the dire crack of heaven opening on Judgment Day, the Ford pickup broadsided the Pontiac. Agnes couldn't hear the first fraction of her scream, and not much of the rest of it, either, as I.Zedd endorses self-pity, but only if you learn to use it as a springboard to anger, because anger-like hatred--can be a healthy emotion when properly channeled. Anger can motivate you to heights of achievement you otherwise would never know, even just the simple furious determination to prove wrong the bastards who mocked you, to rub their faces in the fact of your success. Anger and hatred have driven all great political leaders, from Hider to Stalin to Mao, who wrote their names indelibly across the face of history, and who were--each, in his own way--eaten with self-pity when young..Certain that he was overreacting, Tom nevertheless left the kitchen as a cop, not a priest, would leave it: staying low, knife thrust in front of him, clearing the doorframe fast..He was astonished that adoption records would be sealed and so closely guarded when a child was being placed with a member of its immediate family, with its mother's sister..She refused to look at him, the way her

mother had refused to look at him when he'd been making love to her in the parsonage. She began twisting a red pencil in a handheld sharpener, making sure that the shavings fell into a can kept for that purpose. "I saw it here." So after waiting two months for the superhot Harrison White case to cool down, Junior returned instead to Spruce Hills, traveled bald and pocked and passing as Pinchbeck, under the cover of night..Having been an object of Thomas Vanadium's fixation, Junior felt fortunate to have survived. He shuddered.."All right," Agnes said, and as she voiced her acceptance, she was shivered by a sudden fear for which she couldn't at once identify a cause..Because he genuinely liked women and hoped always to please them, always to be discreet and chivalrous and giving, Junior did as she wished, spinning a vivid account of the grisly vengeance he would take if ever Seraphim told anyone what he'd done to her. Vlad the Impaler, the historical inspiration for Brain Stoker's Dracula--thank you, Book-of-the-Month Club--could not have imagined bloodier or more horrific tortures and mutilations than those that Junior promised to visit upon the reverend, his wife, and Seraphim herself Pretending to terrorize the girl excited him, and he was perceptive enough to see that she was equally excited by pretending to be terrorized..He felt some guilt at this-but only a little. His sister had done much for him; but jobless, ruled by his obsessions, hobbled by too much of his father's dour nature, there wasn't a lot that he could do for her. Just this benign deceit with the cards..A s?ance was what it appeared to be at first. Eight people were gathered around the dining-room table, which stood utterly bare. No food, no drinks, no centerpiece. They all exhibited that shiny-faced look of people nervously awaiting the revelations of a spirit medium: part trepidation, part soaring hope..When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense..A matronly nurse arrived, alerted to the patient's return to consciousness by the telemetry device associated with the heart monitor..The attorney's admission surprised Junior. This was probably as close as Magusson would ever get to saying, Maybe you didn't kill your wife, after all, but he was by nature a nasty prick, so even an implied apology was more than Junior had ever expected to receive..Commit and command. It doesn't matter so much whether the course of action to which you commit is prudent or hopelessly rash, doesn't matter whatsoever whether society at large thinks it's a "good" thing that you're doing or a "bad" thing. As long as you commit without reservation you will inevitably command, because so few people are ever willing to commit to anything, right or wrong, wise or unwise, that those who plunge are guaranteed to succeed more often than not even when their actions are reckless and their cause is idiotic..Dr. Salk returned the photos, put a hand on Paul's shoulder, and smiled. "But that's always the way, you see? Heroes always get back more than they give. The act of giving assures the getting back." In fact, attorneys for the potential plaintiffs felt that Nork, Hisscus, and Knacker were too willing to reach an accommodation, and they met the trio's conciliation with high suspicion. Naturally, the state didn't want to defend against a claim involving the death of a beautiful young bride and her unborn baby, but their willingness to negotiate so early, from such a reasonable posture, implied that their position was even weaker than it appeared to be..By the time he ordered cr?me brulee for dessert, he was able to laugh at himself. Had he expected to see a ghost enjoying a cocktail and free cashews at the bar?.The family didn't exist in anticipation of developments with Barty and Angel, didn't put the pair at the center of their world. Instead, they did the good work, shared the satisfactions that came daily with being part of Pie Lady Services, and got on with life.."We don't believe it does, do we, Daddy? We don't believe blood tells. We believe we're born to hope, under a mantle of mercy, don't we?". Agnes remained mystified by this talk, but a week before, in the rain-swept cemetery, she had learned there was substance to it..That was the first-and until now the last-long walk he made with a purpose in mind. He went to see a hero..With the salt and pepper shakers, Tom walked them through the why-I'm-not-sad-about-my-face explanation that he'd given to Angel ten days previously..Frowning at him, she said, "You don't mind them around, do you, Joey? They're eccentric, but I love them very much..Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson-he of the large head, small ears, and protuberant eyes-had referred Junior to Nolly Wulfstan..Agnes delighted in their conversations. Barty was far ahead of the language learning curve for his age, but he was still a child, and his observations were filled with innocence and charm. "You mean your cold is like in your nose but not in your feet?". "Will do. Check out those paintings he collects. People pay real money for them, even people who've never been in a looney bin." Eye to eye with Tom, Celestina herself did some clear-seeing. "You're special, too, in lots of obvious ways. But like Angel, you're special in some secret way ... aren't you?". "Because of a certain awareness you've had since childhood," Celestina said, recalling what he'd told her in San Francisco..After tucking the flashlight under his belt, he grabbed the lip of the Dumpster with both hands. The metal was gritty, cold, and wet..In the faraway, at the limits of night and fog, the dog bit off his bark in expectation..He doubted the Studebaker would ever be found, but successful men were, without exception, those who paid attention to detail..Angel followed him and observed as he climbed a stepstool and unhooked the telephone handset. He dialed with little pause between digits, and spoke with each of his uncles..The patches were held by the same two elastic strips, so Barty flipped up both at the same time..For an instant, she appeared to be frowning. Then he realized this couldn't be a frown. It must be a smoldering look of desire..Leave the lamps burning, the door unlocked. A murderer, frantic to vanish while the victim remained undiscovered, wouldn't be worried about the cost of electricity or about protecting against burglary.."Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar..Without using his flashlight, depending only on the moon, he

ascended through the cemetery to the service road..In his apartment once more, enjoying a cognac and a handful of pistachios as Monday changed to Tuesday, he decided that he should make 'preparations for the possibility that he might one day leave incriminating evidence in spite of his precautions. He ought to convert a portion of his assets into easily portable and anonymous wealth, like gold coins and diamonds. Establishing two or three alternate identities, with documentation, also would be wise.."No. But I'm sure as can be, the kid is better off undiscovered by the likes of him."..He pushed on the door, but still it resisted, and he surprised himself by letting out a bellow of frustration that expressed quite the opposite of self-control, though no one listening could have the slightest doubt about his determination to commit and command..Second, Thomas Vanadium received no mention: Therefore, his body hadn't been found in the lake. He still ought to be under suspicion in the Bressler case. And if new evidence cleared him of suspicion, then his disappearance should have been mentioned, and he should have been listed as another possible victim of the Shamefaced Slayer, the Bandaged Butcher, as the tabloids had dubbed Junior..Instead of immediately killing anyone, Junior returned to his apartment on the afternoon of December 29, and went to bed, fully clothed. To calm down. To think about focus..More likely than not, Victoria spoke directly to the maniac detective. Even if she reported her sordid fabrications to another officer, it would have gotten back to Vanadium, and the cop would have sought her out at once to hear her filth firsthand, whereupon she would have enhanced her story until it sounded as though Junior had grabbed her knockers and had tried to shove his tongue down her throat..With remarkably little splash, the sedan eased into the water. Briefly it floated, bobbling near shore, tipped forward by the weight of the engine. As the lake flooded in through the floor vents, the vehicle settled steadily-then sank rapidly when water reached the two partially open windows.."Loved her? Of course I loved her. Naomi was beautiful and so kind ... and funny. She was the best ... the best thing that ever happened to me."..In each savings account, he deposited five hundred dollars in cash. He tucked twenty thousand in crisp new bills into each safe-deposit box..Joey couldn't raise his head, couldn't turn more directly toward her ... because his spine had been damaged, perhaps severed, and he was paralyzed..During the rest of that first year, he walked to Palm Springs and back, a round trip of more than two hundred miles, and north to Santa Barbara..Acutely aware that someone with more need than patience might soon rap at the locked door, Junior dropped back into the men's room..One detail. One only. It was a crucial detail, however, one that she absolutely must confirm before she left St. Mary's, even if she would be required to look at the child once more, this spawn of violence, this killer of her sister..In addition to these scavengers, another presence was here, unseen but not unfelt. The chill of this invisible entity pierced Junior to the marrow: the stubborn, vicious, psychotic, prickly-bur spirit of Thomas Vanadium, maniac cop, not satisfied to haunt the house in which he'd died, not ready yet to seek reincarnation, but instead pursuing his beleaguered suspect even after death, capering--to paraphrase Sklent like an invisible, filthy, scabby monkey here on this city street, in bright daylight..Prudence required that they strategize as though Enoch Cain were Satan himself, as though every fly and beetle and rat provided eyes and ears for the killer, as though ordinary precautions could never foil him..As Junior paced the hotel room, his fear made way for anger. All he wanted was peace, a chance to grow as a person, an opportunity to improve himself And now this. The unfairness, the injustice, galled him. He seethed with a sense of persecution..She twisted her sweat-drenched face in what might have been frustration, closed her..Month by month during Barty's first year, Agnes's belief in his exceptional intelligence was only confirmed by his development. By the end of the second month of life, most babies will smile in response to a smile, and they are able to smile spontaneously in the fourth month. Barty was smiling frequently in his second week. In the third month, many babies laugh out loud, but Barty's first laugh came in his sixth week..Shortly after nine-thirty in the morning, they landed in Eugene, and the cab driver who conveyed Junior to the town's largest shopping center spent more time staring at his afflicted passenger in the rearview mirror than he did watching the road. Junior got out of the taxi and paid through the driver's open window. The cabbie didn't even wait for his fiery-faced fare to turn completely away before he crossed himself..At the open kitchen door, arms laden with a stack of four bakery boxes, her mother said, "Will you get those last four pies for me there on the table? And don't jostle them, dear."..Junior had seen the silvery coin snapping off the cop's thumb and spinning upward. Now it was gone, as though it had vanished in midair..From Christmas through February, he dated a beautiful stock analyst and broker-Tammy Bean-who specialized in finding value in companies that had rewarding relationships with brutal dictators..This surprised him. Of course, Oregon was not the Deep South. It was a progressive state. Nevertheless, he was surprised. Oregon wasn't home to many Negroes, either, a handful compared to those in other states, and yet until now Junior supposed that they had their own cemeteries..Agnes's suspicion that Barty would be a child prodigy had grown from seed to full fruit on the morning of the boy's first birthday, when he'd sat in his highchair, counting green-grape-and-apple pies. Through the following two years, ample proof of high intelligence and wondrous talents ripened Agnes's suspicion into conviction..As early as this evening, here at her son's bedside, Agnes began dimly to sense that certain of these amusing conversations with Barty might not be as fanciful as they seemed, that he was expressing in a childlike way some truth that she had assumed was fantasy.."When you didn't answer the doorbell, man, I just knew what must have happened," Chicane told Junior.."Maybe it's not where the heart is," Wally corrected himself. "Maybe it's where the buffalo roam."..Google didn't realize that he was an object of disgust. He wiggled his eyebrows in what he evidently assumed to be an expression of male camaraderie, and he nudged Junior with one elbow..Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel..This trick, however, was far more difficult than walking where the rain wasn't. Sustaining vision took both a mental and physical toll from him..Junior could almost feel sorry for this sad, stocky, haunted detective, deranged by years of difficult public service..Meanwhile, he became an accomplished meditator. Guided by Bob Chicane, Junior progressed from concentrative meditation with seed the mental image of a bowling pin-to meditation without seed.

This advanced form is far more difficult, because nothing is visualized, and the purpose is to concentrate on making the mind utterly blank..He moved the shaker across the tablecloth, rocking it back and forth to convey that he was strolling without a care in the world..He was relieved that he hadn't moved his head or made a sound. He wanted to understand as much of the situation as possible before revealing that he was awake.. "To support my eyelids. And because without anything in the sockets, I look gross. People barf. Old ladies pass out. Little girls like you Pee their pants and run screaming."..Such quiet filled the house that Agnes couldn't hear even the murmuring miseries of the past..Beseechingly, with no intention of intimacy, he took Celestina's hands in his. "For years, as an obstetrician, I brought life into the world, but I didn't know what life was, didn't grasp the meaning of it, that it even had meaning. Before Rowena, Harry, and Danny went down in that airplane, I was already ... empty. After losing them, I was worse than empty. Celestina, I was dead inside. Phimie gave me hope. I can't repay her, but I can do something for her daughter and for you, if you'll let me."..Gazing into the mirror, which ought to have been clouded with self-pity as though with steam, Junior Cain searched for his anger and found it. This was a black and bitter anger, as poisonous as rattlesnake venom; with little difficulty, his heart was distilling it into purest rage.. "I can't.".. "You didn't at all," Dr. Salk assured him. "I need to talk to you. If you would give me a little of your time..."..Although the Rolex was expensive, Junior cared nothing about the monetary loss. He could afford to buy an armful of Rolexes, and wear them from wrist to shoulder..Leaning across the front seat, he lowered the passenger's window six inches. Then he lowered the driver's-side window an equal distance..Although the only light on the back porch came from the pale beams that filtered out through the curtains on the kitchen windows, all these faces seemed luminous, almost preternaturally aglow, like the kiln-fired countenances of saints in a dark church, lit solely by the flames of votive candles. The rain-a music of sorts, and the jasmine and incense, and the moment sacred..With a thin hiss of disgust, Junior pulled away from the thing, whatever it was, withdrew the flashlight from his belt, and listened intently for sounds in the alleyway. No voices. No footsteps. Only distant traffic noises so muffled that they sounded like the grunts and groans and low menacing growls of foraging animals, displaced predators prowling the urban mist..The runt was so out of proportion to his office furniture that he appeared to be a bug perched in the giant leather executive chair, which itself looked like the maw of a Venus's--flytrap about to swallow him for lunch. He allowed such a lengthy silence to follow Junior's question that by the time he answered, his reply was superfluous.
