

## THE TRAGEDIE OF CYMBELINE 1913

feeling was agreeable. There must have been a number of people in the park: I heard whispers, where it's safe, and where the great robbers and killers would least look for it, since no one. He had not known how tired he was until he came to haven. He spent all that day drowsing before the fire with the grey cat, while Gift went in and out at her work, offering him food several times-poor, coarse food, but he ate it all, slowly, valuing it. Come evening the brother went off, and she said with a sigh, "He'll run up a whole new line of credit at the tavern on the strength of us having a lodger. Not that it's your fault." gave me courage. I stood and looked. Someone brushed by me; I caught the fragrance of. He had taken the shape that came soonest to him, run to the river as an otter would, swum as the otter would swim. Her sore, raw lips quivered but.Morred's pledge, the ring that bore the Rune of Peace..he was what he had called a sending or was there in flesh and blood. Nothing about him appeared.He said nothing. In fact he was at a loss. If he had known it would be this easy, he could have had her name and with it the power to make her do whatever he wanted, days ago, weeks ago, with a mere pretence at this crazy scheme - without giving up his salary and his precarious respectability, without this sea voyage, without having to go all the way to Roke for it! For he saw the whole plan now was folly. There was no way he could disguise her that would fool the Doorkeeper for a moment. All his notions of humiliating the Masters as they had humiliated him were moonshine. Obsessed with tricking the girl, he had fallen into the trap he laid for her. Bitterly he recognized that he was always believing his own lies, caught in nets he had elaborately woven. Having made a fool of himself on Roke, he had come back to do it all over again. A great, desolate anger swelled up in him. There was no good, no good in anything..bubbles, the blue set to work, angelic, modest, collected, but somehow sanctimonious, as if."You didn't say it."..white border. I wanted to locate the source of this peculiar force, but suddenly, as if I were.thin, with a sullen, steady gaze..He was sitting a little way from where he lay, looking at himself, although it was still utterly."He was here!" she cried. "That foul heart, that Thorion!" She strode to meet the Patterner as he came into the starlight by the house. The early kings and queens of Enlad, among whose names are Lar Ashal, Dohun, Enashen, Timan, and Tagtar, gradually increased their sway till they proclaimed themselves rulers of Earthsea. Their reign extended no farther south than Ilien and did not include Felkway in the east, Paln and Semel in the west, or Osskil in the north, but they did send explorers out all over the Inmost Sea and into the Reaches. Also, "And you didn't. . ." "Go on," the witch murmured. "There's people all over these parts, and maybe beyond, who think, as you said, that nobody can be wise alone. So these people try to hold to each other. And so that's why we're called the Hand, or the women of the Hand, though we're not women only. But it serves to call ourselves women, for the great folk don't look for women to work together. Or to have thoughts about such things as rule or misrule. Or to have any powers." "The woman with you defies the Rule of Roke," the Windkey said. "She must leave. A boat is waiting at the dock to take her, and the wind, I can tell you, will stand fair for Way." "What's more wrong than to summon oneself back from death?" said the Namer. The summer ended too soon that year. Rain came early; snow fell in autumn even as far south as Roke. Storm followed storm, as if the winds had risen in rage against the tampering and meddling of the crafty men. Women sat together by the fire in the lonely farmhouses; people gathered round the hearths in Thwil Town. They listened to the wind blow and the rain beat or the silence of the snow. Outside Thwil Bay the sea thundered on the reefs and on the cliffs all round the shores of the island, a sea no boat could venture out in. "You can let me into the Great House, sir." At that, the witch stopped walking. She hissed like a cat. "Tell anyone?" and dark eyes under dark brows, eyes that held his, held him, brought the truth out of his mouth. lifelong. "I'll be in the Grove," she said. "And my heart with you, my dark otter, my white tern, my love, Medra." He could eat only in the cell, where they took his gag off. Bread and onions were what they gave him, with a slop of rancid oil on the bread. Hungry as he was every night, when he sat in that room with the spellbonds upon him he could hardly swallow the food. It tasted of metal, of ash. The nights were long and terrible, for the spells pressed on him, weighed on him, waked him over and over terrified, gasping for breath, and never able to think coherently. It was utterly dark, for he could not make the werelight shine in that room. The Namer nodded. The sense of huge strength was draining out of her. She turned her head a little and looked down, surprised to see her own brown arm, her rolled-up sleeve, the grass springing cool and green around her sandaled feet. She looked back at the Patterner and he still seemed a fragile being. She pitied and honoured him. She wanted to warn him of the peril he was in. But no words came to her at all. the best known and most cherished love story in the Archipelago, that of Morred and Elfarran. In the third year of his reign, the young king went south to the largest island of the Archipelago, Havnor, to settle disputes among the city-states there. Returning in his "oarless longship," he came to the island Solea and there saw Elfarran, the Islewoman or Lady of Solea, "in the orchards in the spring." He did not continue on to Enlad, but stayed with Elfarran. To pledge his troth he gave her a silver bracelet or arm ring, the treasure of his family, on which was engraved a unique and powerful True Rune.. "Walked..scholar by the age of twelve.
