The town at the bay's head, Thwil, shared something of the uncanniness of the Knoll and the Grove, for though the raiders had run through it seeking slaves and plunder and setting fires, the fires had gone out and the narrow streets had sent the marauders astray. Most of the islanders who survived were wise women and their children, who had hidden themselves in the town or in the Immanent Grove. The men now on Roke were those spared children, grown, and a few men now grown old. There was no government but that of the women of the Hand, for it was their spells that had protected Roke so long and protected it far more closely now. killed the people who worked in the tower. Erreth-Akbe, half recovered, went after Orm, drove him from Havnor, and harried him on "through all the Archipelago and Reaches," never letting him come to land, but driving him always over the sea, until in a final terrible flight they passed the Dragon's Run and came to the last island of the West Reach, Selidor. There, on the outer beach, both exhausted, they faced each other and fought, "talon and fire and word and sword," until. Very few people ever spoke to Gelluk unless he compelled them to. A finder who did. He had lost something and had to find it. He did not know what he had lost, but it was in the fiery tower, the place where stone stairs went up among smoke and fumes. He had to go there. He got to his feet and shuffled, lame and unsteady, back down the valley. THE DARK TIME, THE HAND, AND ROKE SCHOOL. In there he knew he should hurry, that the bones of the earth ached to move, and that he must become them to guide them, but he could not hurry. There was on him the bewilderment of any transformation. He had in his day been fox, and bull, and dragonfly, and knew what it was to change being. But this was different, this slow enlargement. The people of Osskil, Rogma, and Borth are lighter-skinned than others in the Archipelago, and often have brown or even blond hair and light eyes; the men are often bearded. He did not act like the curers who came by with remedies and spells and salves for the animals.. in himself for his mastery of them. So, after the Archmage Nemmerle had given him his name, the. Dulse considered himself a wordy, impatient man with a short temper. The necessity of not swearing had been a burden to him in his youth, and for thirty years the imbecility of apprentices, clients, cows, and chickens had tried him sorely. Apprentices and clients were afraid of his tongue, though cows and chickens paid no attention to his outbursts. He had never been angry at Silence before. "I come," he said in his joyous, tender voice, and he strode fearlessly into the raw wound in the earth, a white light playing around his hands and his head. For years they'd been thick as thieves, against all his warnings, and now Tangle was never anywhere near the house. Women's friendships never lasted. He teased her about it. Finding her strewing pennyroyal and miller's-bane in the chests and clothes-presses against an infestation of moths, he said, "Seems like you'd have your friend the wise woman up to hex 'em away. "For us who live, in hiding, neither killed nor killing. The dead are dead..said, Irian. Why you came I don't know, but not by chance. The Summoner too knows that.". The summer ended too soon that year. Rain came early; snow fell in autumn even as far south as Roke. Storm followed storm, as if the winds had risen in rage against the tampering and meddling of the crafty men. Women sat together by the fire in the lonely farmhouses; people gathered round the hearths in Thwil Town. They listened to the wind blow and the rain beat or the silence of the snow. Outside Thwil Bay the sea thundered on the reefs and on the cliffs all round the shores of the island, a sea no boat could venture out in.. Yet he spoke as a friend. Why? said Otter's look. Hound answered it.. The wind blew, the long grass nodded in the wind. Summer was getting on and the grass was dry now, yellowing, no flowers in it but the little white heads of the lacefoam. A woman came walking up the hill towards him through the long grass. She followed no path, and walked easily, without haste.. in his bluish eyes was like the soft, crazy shift of quicksilver.
