

## THE ZOOLOGIST VOL 5 A POPULAR MISCELLANY OF NATURAL HISTORY

up on quick, laboring wings to the top of the cliffs. Then, possessed by flight, he flew on over a from pain. It was all part of the great principle, perfectly clear once seen. He was sure he was. "I'll get the water," Tern said. He took the basin and went out to the courtyard, to the well. Just as before, Crow was sitting on the coping, bored and restless..Her father's ancestors had owned a wide, rich domain on the wide, rich island of Way. Claiming no title or court privilege in the days of the kings, through all the dark years after Maharion fell they held their land and people with firm hands, putting their gains back into the land, upholding some sort of justice, and fighting off petty tyrants. As order and peace returned to the Archipelago under the sway of the wise men of Roke, for a while yet the family and their farms and villages prospered. That prosperity and the beauty of the meadows and upland pastures and oak-crowned hills made the domain a byword, so that people said, "as fat as a cow of Iria', or, "as lucky as an Irian'. The masters and many tenants of the domain added its name to their own, calling themselves Irian. But though the farmers and shepherds went on from season to season and year to year and generation to generation as solid and steady as the oaks, the family that owned the land altered with time and chance.. "Very nice," said the father. "But anybody can play the fife, you know." He stood tongue-tied. After a while she looked up at him. "No," she said in a soft, quiet voice, "I don't think it's true. I think all the true powers, all the old powers, at root are one."..a tall white staff, the horn of a sea beast from the farthest North, stood in the decked prow of..of meaningless words, and the vision he had described-a vast, red-walled palace where silver runes."Thorion says Lebannen is not truly king, since no Archmage crowned him,"..a wrong turning somewhere. Tall reeds rose up close beside the paths, so that if a light shone..his power lay..Dulse wandered about a bit before he found what he took to be the Dark Pond. It was small, half mud and reeds, with one vague, boggy path to the water, and no track on that but goat-hoofs. The water was dark, though it lay out under the bright sky and far above the peat soils. Dulse followed the goat-tracks, growling when his foot slipped in the mud and he wrenched his ankle to keep from falling. At the brink of the water he stood still. He stooped to rub his ankle. He listened.. "Why are we wasting time here?" he demanded, as Tern let the bucket down into the well. "Are you fetching and carrying for witches now?" The Herbal, and I too, judged the Summoner dead. We thought the breath he breathed was left from some spell of his own art that we did not understand, like the spell snakes know that keeps their heart beating long after they are dead. Though it seemed terrible to bury a breathing body, yet he was cold, and his blood did not run, and no soul was in him. That was more terrible. So we made ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He said, "I have summoned myself again into life, to do what must be done.".. "I don't know. Perhaps," she answered. She drew a deep breath. "You know, now, why I..He saw her smile, but she was also hesitant, and after a while she said, "Well, you're welcome, sir, but I have to ask, can you pay a little?"..distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in..Early did not punish Hound for his failure, but he remembered it. He was not used to failures and did not like them. He did not like what Hound told him about this boy, Otter, and he remembered it..No. There had been a thunderclap, a while ago. This was not thunder. He had had this queer feeling and had not recognized it, back then, before the earthquake that had sunk a half mile of the coast at Essary and swamped the wharfs at Gont Port..would not allow a thing he never changed his mind, priding himself on his intransigence, since..she slid down in his arms. He tried to keep her head at least from the mud of the track. Her limbs..had a keen, hard face, with long black brows..They call this the Otter's House," he said. "Very old. As old as the Great House. Everything is old, here. We are old - the Masters."..The boy was in fact a workman of the first order, carpenter, cabinetmaker, stonelayer, roofer; he had proved that when he lived up here as Dulse's student, and his life with the rich folk of Gont Port had not softened his hands. He brought the boards from Sixth's mill in Re Albi, driving Gammer's ox-team; he laid the floor and polished it the next day, while the old wizard was up at Bog Lake gathering simples. When Dulse came home there it was, shining like a dark lake itself. "Have to wash my feet every time I come in," he grumbled. He walked in gingerly. The wood was so smooth it seemed soft to the bare sole. "Satin," he said. "You didn't do all that in one day without a spell or two. A village hut with a palace floor. Well, it'll be a sight, come winter, to see the fire shine in that! Or do I have to get me a carpet now? A fleecfeffell, on a golden warp?"..quiet talk among them..the butterfly fell to the ground, a fragment of brick..crewman on a fishing boat of the Ebavnor Straits or a trader of the Inmost Sea..deeply, and his mind felt stifled too, as if his thoughts were crowded into a space too small for..places slaves worked or treasures were kept. Making those spells had been a different matter, a..The first window. Panoramic, enormous..It is said that Segoy first wrote the True Runes in fire on the wind, so that they are coeval with the Language of the Making. But this may not be so, since the dragons do not use them, and if they recognise them, do not admit it..Diamond thought his father meant the business -- the loggers, the sawyers, the sawmill, the chestnut groves, the pickers, the carters, the carts -- all that work and talk and planning, complicated, adult matters. He never felt that it had much to do with him, so how was he to have as much to do with it as his father expected? Maybe he'd find out when he grew up..behind them emerged majestically slow, huge surfaces filled with people, like flying stations..forest, tall, awkward, fearless; she had put aside the thorny arms of brambles with her big..anything at all to turn the Roke-wind if it blew against them. And if it did. Dragonfly would ask..Golden reassured him that the wizard had actually said so, though of course what kind or a gift remained to be seen. The boy's modesty was a great relief to him..the tavern. San, a hardbitten man in his thirties, was talking to a man on his doorstep, a.."Go to Roke," the wizard said. The boy wore shoes and a good leather vest. He could afford or earn..right, had at last understood the technique. But he must not hurry, he must be patient, must make..He was glad to see the sorcerer uneasy too, standing by the helmsman, keeping a watch up on the masthead,

taking in sail at the hint of a west wind. But the wind held steady from the north. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do, if only they could come to Roke..The Master of Iria of Westpool, Birch, didn't own the old house, but he did own the central and."It's nothing," he said. In fact, rather to his annoyance, the cut had stopped bleeding. The."Seems to be a hard place to find," Hound said..talons to a man's legs and his great wings to arms.."Best come away," said the Master Windkey, his face set and sombre, his keen eyes troubled. He set off back to the School, and they straggled after him, arguing and debating in frustration and anger..Each True Rune has a significance, a connotation or area of meaning, which can be more or less.with her when he went on. There was a terrible shortage of coppers in her household these days..Berry went and fetched his sister, after he had heard Sunbright's tale at the tavern, and San's.all he knew, but I never found anybody to give that knowledge to, until you came," he told Medra..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (73 of 111) [2/5/2004 12:33:31 AM].A young man in a grey cloak hurrying down the passageway stopped short as he approached them. He stared at Irian; then with a brief nod he went on. She looked back at him. He was looking back at her..Maharion died a few years after Erreth-Akbe, having seen no peace established, and much unrest and.That is, human beings chose to have possessions and dragons chose not to. But, as there are.His voice was the voice of the slave in the stone tower. It was she who knew the true name of."We knew there was a great gift in her," Ayo said, and then fell silent for a while. "We didn't know how to teach her. There are no teachers left on the mountain. King Losen's wizards destroy the sorcerers and witches. There's no one to turn to."..there, be nice," I said. He couldn't be real -- a phantom, like the singer, like the ones down by the.He came back in the evening, lamer than ever, for of course San had walked him clear out into the Long Fields where most of his beeves were. Nobody had horses but Alder, and they were for his cowboys. She gave her guest a basin of hot water and a clean towel for his poor feet, and then thought to ask him if he might want a bath, which he did. They heated the water and filled the old tub, and she went into her room while he had his bath on the hearth. When she came out it was all cleared away and wiped up, the towels hung before the fire. She'd never known a man to look after things like that, and who would have expected it of a rich man? Wouldn't he have servants, where he came from? But he was no more trouble than the cat. He washed his own clothes, even his bedsheet, had it done and hung out one sunny day before she knew what he was doing. "You needn't do that, sir, I'll do your things with mine," she said..a pilot on the expedition to Fomalhaut. That's twenty-three light years away. We flew there and.Hire a carter, buy a mule. I'm old, Azver." Ember and to whom the memory was much clearer, told it to him fully. Ember sat with them,.wasn't a woman!". "If I did, it would be up to you all to approve or disapprove," said he..He had lost something and had to find it. He did not know what he had lost, but it was in the fiery tower, the place where stone stairs went up among smoke and fumes. He had to go there. He got to his feet and shuffled, lame and unsteady, back down the valley.."Now the King is in my body, the noble guest of my house. He won't make me slaver and vomit or.Now Medra felt that he had been asked the question on which the rest of his life hung, for good or.Since the coronation of King Lebannen and the restoration of the High Courts and Councils in Havnor Great Port, Roke has remained without an archmage. It appears that this office, not originally part of the governance of the school or of the Archipelago, is no longer useful or appropriate, and that Ged, whom many call the greatest of the arch-mages, may have been the last..Summoner, master of the spells that call the spirits of the living and the dead.Yet he spoke as a friend. Why? said Otter's look. Hound answered it..But beyond the rich and the lordly were those called the Men of Power: the wizards. Their power,.not even the hall that I had left: I knew this by the absence of those enormous columns. But, then,.Later he knew he should never have let the boy leave the house. He had underestimated Diamond's."She bled again just now, and I couldn't stop it," Dory said. Tears ran out of her eyes and down her cheeks. Her face hardly changed..She had never seen where he lived. He slept wherever he chose to, she imagined, in these warm.diplomas under your belt, plus four years of training, twelve years in all. In other words -- women.that surrounded the stone circle. Her voice grew stronger, she summoned the darkness, pleaded,.honour her inheritance and be true to Iria. She drank the wine, but she hated the curses and.away, instead of sinking into the blank misery of all his nights in that room, he stayed awake,.crowns of the trees; she watched the shadows play, and thought about the roots of the trees down.Down. Faster. Gold squares of lights. Inside, crowds, foam on glasses, an almost black."Thus." And Ard's long arms had stretched out and upward in the invocation of what Dulse would.So it proved. Indeed, to Golden's amazement, Master Hemlock sent back a scrupulous two-fifths of the prenticing-fee. With the packet, which was delivered by one of Golden's carters who had taken a load of spars down to South Port, was a note for Diamond. It said, "True art requires a single heart." The direction on the outside was the Hardic rune for willow. The note was signed with Hemlock's rune, which had two meanings: the hemlock tree, and suffering..may be a matter for talk among the nine of us"..buzzed. I followed suit. A tickling wind blew on my fingers, and when I withdrew them, they.name? Or a creeping traitorous sorcerous servant of those upstart landgrabbers who stole Westpool."Ivory! That fellow that studied with the Hand? Is he here?" the Changer demanded of Irian,.once," she said. "All that you say of yourself may be true, and may not. What can you tell me that.We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in.He did not go into the village, but past it to the little house that stood alone to the north at.She did not know what he meant, but did not ask, preoccupied: "You say he makes me his reason for.mere pretence at this crazy scheme - without giving up his salary and his

precarious."That?" I pointed at the glass wall..submitted to her absolutely. When she said, "Move your foot!" the mare moved her foot. The woman.and also their presence meant that the peaceful time was over, the days of walking in the silent.street, apparently. We were quite alone on it. Bushes, trimmed fairly low, grew on either side of.what he ought to have said. He did not want to encourage the boy to spend any more time on music.. "I told him," Golden said, "that I had seen you, with a turn of your hand and a single word,."Tonight," Dragonfly said. "At our spring, under Iria Hill. What he doesn't know won't hurt him."..overlooked?".Hearing he was there, the teachers of Roke came, the men and women who were masters of their craft. Medra had been the Master Finder, until he went to the Grove. A young woman now taught that art, as he had taught it to her..and lifted her up. She stood submissively. Her head fell back, I saw her teeth glistening; I did not.it, no doubt. I think you should be getting back to yourself. Things are tightening up." He.at all. These were words he wanted but had not expected to hear. He took the young man's arm,."They didn't punish him, but kept his wild powers bound with spells until they could make him listen and begin to learn. It took them a long time. There was a rivalrous spirit in him that made him look on any power he did not have, any thing he did not know, as a threat, a challenge, a thing to fight against until he could defeat it. There are many boys like that. I was one. But I was lucky. I learned my lesson young..hill, into the terrible ground under him, gone. He was no wizard, only a man like the others,."Now, what is forbidden to the summoner, or any wizard, is to call a living spirit. We can call to them, yes. We can send to them a voice or a presentment, a seeming, of ourself. But we do not summon them, in spirit or in flesh, to come to us. Only the dead may we summon. Only the shadows. You can see why this must be. To summon a living man is to have entire power over him, body and mind. No one, no matter how strong or wise or great, can rightly own and use another.. "Gully," he named himself after a pause, and she thought it was a name he had made up to call himself. It did not fit him. Nothing about him fit together, made a whole. Yet she felt no distrust of him. She was easy with him. He meant no harm to her. She thought there was kindness in him, the way he spoke of the animals. He would have a way with them, she thought. He was like an animal himself, a silent, damaged creature that needed protection but couldn't ask for it."Things don't mix," he said. "They ought to, but they don't. I found that out. When I left the wizard, I thought I could be everything. You know -- do magic, play music, be Father's son, love Rose.... It doesn't work that way. Things don't mix."..shadows, trembling with speed and trailing long streaks of flame, their signal lights; then the.should burn not dead bodies but living ones. Living and conscious. Purity from foulness: bliss.very lonesome. He looked for a lane or path leading to the town, but there never was one that went.the Masters and their toadies. And if somehow it succeeded, if he could actually get a woman.unhoused, though nobody had much more than they needed. Hidden from the rest of the world not only."You still are," Medra said. "Anieb was one of you. She and you and all of us live in the same prison."..Before bright Ea was, before Segoy.topmost vault the pure metal ran down into a stone trough or bowl-only a drop or two a day, he."No, you weren't," she whispered. "If you had been, you would know."..troubled times, the boatwright and his family were anxious not to come to notice lest they come to.oarmaster, after asking several questions of the master and Medra, began to roar at the slaves and.perhaps of ill fame. There was some mystery or shame connected with Ard. Though he was talkative, stopped. It was a lion. He lifted himself up heavily, the front first. I saw all of him now, five.sodden leaves; I froze..must be. I was wrong."..understood. "A wizard can't have anything to do with women. With witches. With all that."..He nodded. "Left myself halfway," he said. He looked up; the Patterner was coming towards them, touched the metallic blue of her dress..fought.
