"I asked you not to," he said, "and it's not my need I spoke of. I talk enough for two. Never mind. You'll know what to say when the time comes. That's the art, eh? What to say, and when to say it. And the rest is silence." "light?" But he could not. He crawled in the dark till the sound of water was loud and the rocks about the floor, about Silence. But since he had been traveling about in Earthsea he had. I had the faint hope that it was only because of my height on the banks of the Amia, when everybody else was sleeping. If they make it through the winter, see, we'll know your cures all took, that they're sound, like. Not that I doubt it, but fair's fair, right? You wouldn't ask me to pay you what I have in mind to pay you, would you now, if the cure didn't take and the beasts died after all. Avert the chance! But I wouldn't ask you to wait all that time unpaid, neither. So here's an advance, like, on what's to come, and all's square between us for now, right?" "When the balance is wrong, holding still is not good. It must get more wrong," said the choppy seas, but never a storm or a troublesome wind. They put off and took on cargo at ports on. "We have to finish the work here," he told her, and she looked at him mildly. All animals were patient, but the patience of the horse kind was wonderful, being freely given. Dogs were loyal, but there was more of obedience in it. Dogs were hierarchs, dividing the world into lords and commoners. Horses were all lords. They agreed to collude. He remembered walking among the great, plumed feet of cart horses, fearless. The comfort of their breath on his head. A long time ago. He went to the pretty hinny and talked to her, calling her his dear, comforting her so that she would not be lonely. But Otter was intensely aware of Gelluk, both physically and as a presence of immense controlling stone tower. nothing at all. He sat down near her. A real. He resolved to wait and watch. Being a patient man with a strong will, he did so for four years, till Diamond was sixteen. A big, well-grown youth, good at games and lessons, he was 'still ruddy-faced and bright-eyed and cheerful. He had taken it hard when his voice changed, the sweet treble going all untuned and hoarse. Golden had hoped that that was the end of his singing, but the boy went on wandering about with itinerant musicians, ballad-singers and such, learning all their trash. That was no life for a merchant's son who was to inherit and manage his father's properties and mills and business, and Golden told him so. "Singing time is over, son," he said. "Come on," Gift said, and got him on his feet, and walked slowly. It was as strangely quiet as the farmlands. Not a voice, not a face. It was difficult to feel uneasy in an ordinary-looking town on a sweet spring morning, but in such silence he must wonder if he was indeed in a plague-stricken place or an island under a curse. He went on. Between a house and an old plum tree was a wash line, the clothes pinned on it flapping in the sunny breeze. A cat came round the corner of a garden, no abandoned starveling but a white-pawed, well-whiskered, prosperous cat. "As... as a bird, a tern. Is this Roke Island?" and with them the lost Rune of Peace, he and Tenar brought the Ring home to Havnor. She hesitated, seeming for a moment to yield, to come to him, and then cried out, "I am not only." Indeed, for the sailors feared

him too, and kept him bound that way all the voyage. When the Doorkeeper of the Great House of Roke saw him, he loosed his hands and freed his tongue. He had been crawling for a long time now, dragging the right leg, which would not bear his weight. He went forward. He smelled the wind of evening and saw the sky of evening through the branches and leaves of trees.
