The ship pitched like a horse rearing and then rolled so hard and far that the mast broke loose from its footing, though the stays held. The sail struck the water, filled, and pulled the galley right over, the great sweeps sliding in their oarlocks, the chained slaves struggling and shouting on their benches, barrels of oil breaking loose and thundering over one another-pulled her over and held her over, the deck vertical to the sea, till a huge storm wave struck and swamped her and she sank. All the shouting and screaming of men's voices was suddenly silent. There was no noise but the roar of the rain on the sea, lessening as the freak wind passed on eastward. Through it one white seabird beat its wings up from the black water and flew, frail and desperate, to the north..before he ever went to Roke..teaching. The witch's use-name was Rose, like a great many women of Way and other islands of the Hardic Archipelago. People who have a secret name that holds their power the way a diamond holds light may well like their public name to be ordinary, common, like other people's names..darkness over a glittering roof. He motioned her to come farther into the room. "The Master Changer you have met," he said. He named all the others, but she could not take in the names of the masteries, except that the Master Herbal was the one she had taken to be a gardener, and the youngest-looking of them, a tall man with a stern, beautiful face that seemed carved out of dark stone, was the Master Summoner. It was he who spoke, when the Doorkeeper was done. "A woman," he said..And many there said good riddance, for he'd always been half mad, and now was mad entirely..for a man it's only one thing ever. They came to be sure it was thriving. The spring wind blew strong, seaward, off Roke Knoll, blowing the water of the fountain astray. Up on the slope of the Knoll they could see a little group of people: a circle of young students learning how to do tricks of illusion from the sorcerer Hega of O; Master Hand, they called him. The sparkweed, past flowering, cast its ashes on the wind. There were streaks of grey in Ember's hair..Commodified fantasy takes no risks: it invents nothing, but imitates and trivializes. How was right, as it should be. But we aren't. People aren't. We're wrong. We do wrong. No animal does. Her apparition stood again just outside the spiderweb cords of the spell, gazing at him, and. "Some flurries," he said. She got a good look at him now in the light of lamp and fire. He was not. "I'll ask them their name," Medra said. He smiled. "If they'll tell me, they can come in. And when. For there had been times when he felt that, as he had summoned her living, so dead she might summon him. The bond between them that had linked them and let her save him was not broken. Many times she had come into his dreams, standing silent as she stood when he first saw her in the reeking tower at Samory. And he had seen her, years ago, in the vision of the dying healer in Telio, in the twilight, beside the wall of stones..not recall how or when I entered a wide avenue; at an intersection I slackened my pace, lifted my semen. I am Turre and he is me..." As she blew out the lamp and got into bed, the witch's daughter heard an owl calling, the little, liquid hu-hu-hu-hu that made people call them laughing owls. She heard it with a mournful heart. That had been their signal, summer nights, when they sneaked out to meet in the willow grove down on the banks of the Amia, when everybody else was sleeping. She would not think of him at night. Back in the winter she had sent to him night after night. She had learned her mother's spell of sending, and knew that it was a true spell. She had sent him her touch, her voice saying his name, again and again. She had met a wall of air and silence. She touched nothing. He would not hear. "What else can you do, Diamond?" he asked..looked up at her face. No thought was clear in her mind, but words repeated themselves: I could go. Onn. "He drinks because he drinks," she said. "With some, that's all it is. I'll be in the dairy, now. I'll lock the house door. There's... there's been strangers about. You rest yourself. It's bitter out." She wanted to be sure that he stayed indoors out of harm's way, and that nobody came harassing him. Later on she would go into the village, have a word with some of the sensible people, and put a stop to this rubbishy talk, if she could..Brushwood formed a black circle around the lake. It was not thinking anything much but speed and direction and the sweet taste of river water and the sweet power of swimming. She felt sick. She shuddered, and swallowed the cold spittle that welled in her mouth.. "Breathe, breathe, breathe," Gelluk said, laughing, and Otter tried not to hold his breath as they entered the tower..The spoken name of a True Rune may be the word it signifies in the Old Speech, or it may be one of the connotations of the rune translated into Hardic. The names of commonly used runes such as Pirr (used to protect from fire, wind, and madness), Sifl ("speed well"), Simn ("work well") are used without ceremony by ordinary people speaking Hardic; but practitioners of magic speak even such well-known, often used names with caution, since they are in fact words in the Old Speech, and may influence events in unintended or unexpected ways..But he said nothing to the boy and nothing to the boy's mother. He was a consciously close-mouthed man, distrustful of visions until they could be made acts; and she, though a dutiful, loving wife and mother and housekeeper, already made too much of Diamond's talents and accomplishments. Also, like all women, she was inclined to babble and gossip, and indiscriminate in her friendships. The girl Rose hung about with Diamond because Tuly encouraged Rose's mother the witch to visit, consulting her every time Diamond had a hangnail, and telling her more than she or anyone ought to know about Golden's household. His business was none of the witch's business. On the other hand, Tangle might be able to tell him if his son in fact showed promise, had a talent for magery...but he flinched away from the thought of asking her, asking a witch's opinion on anything, least of all a judgment on his son..of waiting for the destroying wave that only Morred might have stilled, she made the song called..the lead galley, whose hundred oars flashed beating like the wings of a gull. They had no patience with him either, always at him to hurry up and get done with the job; nor with themselves, their life. When they talked to each other it was always about what they were going to do in town, in Oraby, when they got paid off. He heard a good deal about the whores in Oraby, Daisy and Goldie and the one they called the Burning Bush. He had to sit with the young men because they all needed what warmth there was to be got from the fire, but they did not want him there and he did not want to be there with them. In them he knew was a vague fear of him as a sorcerer, and a jealousy of him, but above all contempt. He was old, other, not one of them. Fear and jealousy he knew and shrank from, and contempt he remembered. He was glad he was not one of them, that they did not want to talk to him. He was afraid of doing wrong to them..trickle
