"Once in his lifetime, if he's lucky, a wizard finds somebody he can talk to." Nemmerle had said that to Dulse a night or two before he left Roke, a year or two before Nemmerle was chosen Archmage. He had been the Master Patterner and the kindest of all Dulse's teachers at the School. "I think, if you stayed, Heleth, we could talk." "A sending with eyes, a seeming with seeing! Since such knowledge can be betrayed or misused, it is immensely dangerous. Ordinary people-and dragons-keep their true name secret; wizards hide and defend theirs with spells. Morred could not even begin to fight his Enemy until he saw his Enemy's name written in the dust by the falling rain. Ged could force the dragon Yevaud to obey him, having by both wizardry and scholarship discovered Yevaud's true name under centuries of false ones.."If he wants a party, he'll have it," she said. There was a rivalrous spirit in him that made.Next day he had Licky send him the boy. He looked forward to seeing him, to being kind to him, teaching him, petting him a bit as he had done yesterday. He sat down with him in the sun. Gelluk was fond of children and animals. He liked all beautiful things. It was pleasant to have a young creature about. Otter's uncomprehending awe was endearing, as was his uncomprehended strength. Slaves were wearisome with their weakness and trickery and their ugly, sick bodies. Of course Otter was his slave, but the boy need not know it. They could be teacher and prentice. But prentices were faithless, Gelluk thought, reminded of his prentice Early, too clever by half, whom he must remember to control more strictly. Father and son, that's what he and Otter could be. He would have the boy call him Father. He recalled that he had intended to find out his true name. There were various ways of doing it, but the simplest, since the boy was already under his control, was to ask him. "What is your name?" he said, watching Otter intently..No, not for her. He still looked forty, though he felt seventy and moved like it, wincing. He got his clothes on, foul as they were from days and days of travel. There was a pair of shoes under the chair, worn but good, strong shoes, and a pair of knit wool stockings to go with them. He put the stockings on his battered feet and limped into the kitchen. Emer stood at the big sink, straining something heavy in a cloth.."Yes," he said, "but only disguised. I won't put a semblance-spell on you till we're on Roke.the city was beautiful and peaceful and the people prosperous..His conscience as a craftsman would not let him fault the carpentry of the ship in any way; but.Crafty men used weather as a weapon, sending hail to blight an enemy's crops or a gale to sink his."Give me a basin," Rush said. "I'll get water to soak these."A quarrel between brothers over their inheritance divided them. One heir mismanaged his estate through greed, the other through foolishness. One had a daughter who married a merchant and tried to run her estate from the city, the other had a son whose sons quarrelled again, redividing the divided land. By the time the girl called Dragonfly was born, the domain of Iria, though still one of the loveliest regions of hill and field and meadow in all Earthsea, was a battleground of feuds and litigations. Farmlands

went to weeds, farmsteads went unroofed, milking sheds stood unused, and shepherds followed their flocks over the mountain to better pastures. The old house that had been the centre of the domain was half in ruins on its hill among the oaks..gave her mine." He spoke haltingly, with long pauses.
