

WHISKEY YOU

She felt that she had failed her sister. She didn't know what more she could have done, but if she'd been wiser and more insightful and more attentive, surely this terrible loss would not have come to pass..Not that she ever gave any indication that her brothers were other than a source of pride for her. She treated them always with respect, tenderness, and love-as if unaware of their shortcomings..When she was finished with the dishtowel, she returned to the dining room, and though dinner was underway, she called for another toast. Raising her glass, she said, "To Maria, who is more than my friend. My sister. I can't let you talk about what I've given you without telling your girls that you've given back more. You taught me that the world is as simple as sewing, that what seem to be the most terrible problems can be stitched up, repaired." She raised her glass slightly higher. "First chicken to be come with first egg inside already. God bless..".Supposing that this new enthusiasm was an attempt to uncover skullduggery in Seraphim's accident, then the girl would be doing Junior a service even after her demise. Whether or not the traffic accident was an accident, Junior hadn't had anything to do with it..Sparky Vox-with less training in theology and philosophy than his guest, but with a spiritual insight that any overeducated Jesuit would have to admire, even if grudgingly-had settled Vanadium's uneasy conscience. "The problem with movies and books is they make evil look glamorous, exciting, when it's no such thing. It's boring and it's depressing and it's stupid. Criminals are all after cheap thrills and easy money, and when they get them, all they want is more of the same, over and over. They're shallow, empty, boring people who couldn't give you five minutes of interesting conversation if you had the piss-poor luck to be at a party full of them. Maybe some can be monkey-clever some of the time, but they aren't hardly ever smart. God must surely want us to laugh at these fools, because if we don't laugh at 'em, then one way or another, we give 'em respect. If you don't mock a bastard like Cain, if you fear him too much or even if you just look at him in an all-solemn sort of way, then you're paying him more respect than I ever intend to. Another glass of wine?".Without ceremony or prayer, although with much righteous anger, Junior hoisted the dead musician over the lip of the Dumpster. For a dreadful moment, his left arm tangled in the loosely cinched belt of the London Fog raincoat. Straining a shrill bleat of anxiety through his clenched teeth, he desperately shook loose and let go of the body.. "God bless us, every one," Agnes repeated with all her extended family, and after a sip of the wine, she made an excuse to check on something in the kitchen, where she pressed hot tears into a cool, slightly damp dishtowel to prevent the telltale swelling of her eyes..Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel..On the fourth floor, at Dr. Klerkle's suite, the hall door stood ajar. Past office hours, the small waiting room was deserted..In the kitchen were a radio, a toaster, a coffeepot, two place settings of cheap flatware, a small mismatched collection of thrift-shop plates and bowls and mugs, and a freezer full of TV dinners and English muffins..Two more uniformed officers had entered the kitchen, fresh from their search of the apartment. They were amused..Junior was impressed and delighted by her clever assumption of it strictly professional voice and demeanor, which convincingly masked her intense desire. Sweet Victoria was a worthy coconspirator..The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of receiving a life-changing amount of money as the consequence of a death..Unable to hold his breath or to quiet his miserable sobbing, Junior couldn't hear clearly enough to discern whether the sounds of the stalking sculpture were real or imagined. He knew that they had to be imaginary, but he felt they were real..These Spartan arrangements were good enough for Vanadium. He had arrived from Oregon the previous night with three suitcases full of his clothes and personal effects. He expected that his unique combination of detective work and psychological warfare would enable him to entrap Cain in a month, before these accommodations began to feel too austere even for one to whom anything fancier than a monk's cell could seem baroque..The two women stared at each other, and at last Celestina said, "Good Lord, what's happening here?". "You might as well beat a cloud for raining," said Otter's mother..NED--"CALL ME NEDDY"--Gnathic was as slim as a flute, with a flute-quantity of holes in his head from which thought could escape before the pressure of it built into an unpleasant music within I his skull. His voice was always soft and harmonious, but frequently he spoke allegro, sometimes even prestissimo, and in spite of his mellow tone, Neddy at maximum tempo was as irritating to the ear as bagpipes bleating out Bolero, if such a thing were possible..Dusk had arrived, strangling the day, and the throttled sky hung low, as blue-black as bruises. The streetlights had come on. Gouts of red light from pulsing emergency beacons alchemized the rain from teardrops into showers of blood..Pecan cakes, cinnamon custard pies boxed in insulated coolers, gifts wrapped with bright paper and glittery ribbons. Agnes Lampion made deliveries to those friends who were on her list of the needful, but also to friends who were blessed with plenty. The sight of each beloved face, each embrace, each kiss, each smile, each cheerfully spoken "Merry Christmas" at every stop fortified her heart for the sad task awaiting her when all gifts were given..Or perhaps the sorrow was less sadness than yearning. He had to move on, but he was loath to begin this strange journey without her.. "I never saw a Moor--never saw the Sea--Yet know I how the Heather looks--And what a Billow be..".A half bath downstairs. Two bedrooms and a full bath on the upper floor. All deserted..She always had a generous heart. After disease whittled Perri's flesh, leaving her so frail, her great heart, undiminished by her suffering, seemed bigger than the body that contained it..STILL WEARING HIS white pharmacy smock over a white shirt and black slacks, striding purposefully along the streets of Bright Beach, under a malignant-gray twilight sky worthy of a Weird Tales cover, with ominous accompanying rhythm provided by wind-clattered palm fronds overhead, Paul Damascus headed home for the day.. "That's the roaster tower," said Licky. "Where they cook the cinnabar to get the metal from it. Roasters die in a year or two. Where to, dowser?".At the bottom, the

killer had pushed the cedar chest aside and clambered to his feet. From out of his raveled Tutankhamen windings, he peered up at Paul and fired one shot without taking aim, almost halfheartedly, before disappearing into the living room.. "It's that bad and worse," Grace said firmly. "Even if they catch him, you're going to live with the quiet fear that he might escape one day. As long as you know he can find you, then you're never going to be completely at peace. And if you love this city so much that you'll put Angel in jeopardy ... then who have you been listening to all these years, girl? Because it hasn't been me." "Who is this?" he demanded, although for a demand, the words came out too thin, too squeaky.. On hearing of Bartholomew's-and/or Celestina's-death, Neddy would be on the phone to the police, pointing them toward Junior, in twelve seconds. Maybe fourteen.. The girl's appetite was sharp, even though the food was soft and bland. Soon, she slept.. By telephone, he had been prepared for this boy. Strange as it was to find a Bartholomew in their lives, given Enoch Cain's peculiar obsession, Tom nonetheless agreed with Celestina that the wife killer could have no way to know about this child-and could certainly have no logical reason to fear him. The only thing they had in common was Harrison White's sermon, which had inspired this boy's name and might have planted the seed of guilt in Cain's mind.. The kiss was lovely, long and easy, full of restrained passion that boded well for nights to come in the marriage bed.. That last part was true. He just wasn't loose in this world anymore. And in the world to which he'd gone, he would not find easy victims.. On January 1, 1966, five days before Barty's first birthday, Agnes discovered him, in his playpen, engaged in unusual toe play. He wasn't simply, randomly tickling or tugging on his toes. Between thumb and forefinger, he firmly pinched the little piggy on his left foot, and then one by one pinched his way to the biggest toe. His attention shifted to his right foot, on which he first pinched the big toe before systematically working down to the smallest.. Finally Angel dropped and slithered, vanishing under the overhanging bedclothes with a final flurry of yellow socks.. Junior leaned forward and slid the packet of cash across the desk, toward the detective. "There's more where this came from." In the distance, the clang of a trolley-car bell. Hard and clear in spite of the muffling fog.. Then the hero got in the sedan with his friends, and they drove away into the sun-splashed morning.. Judging by the smeariness of the letters and by the fact that some had run before they dried, the writing instrument hadn't been a felt-tip marker, as Vanadium first thought. A spattering of red droplets on the closed lid of the toilet and across the beige marble floor, all dry now, gave rise to a suspicion.. This claim wasn't true. His father, an unsuccessful artist and highly successful alcoholic, lived in Santa Monica, California. His mother, divorced when Junior was four, had been committed to an insane asylum twelve years ago. He rarely saw them. He hadn't told Naomi about them. Neither of his parents was a resume enhancer.. Tom plucked the quarter off the glass, folded it into his right fist, and then at once opened his hand, which was now empty.. Reminding himself that nature was merely a dumb machine, utterly devoid of mystery, and that the unknown would always prove familiar if you dared to lift its veil, Junior discovered he could move. Each of his feet seemed to weigh as much as one of Wroth Griskin's cast bronzes, but he crossed the sidewalk and went into Galerie Coquin.. Given a child-size harmonica, he extemporized simplified versions of songs he heard on the radio. The Beatles' "All You Need Is Love." The Box Tops' "The Letter." Stevie Wonder's "I Was Made to Love Her." After hearing a tune once, Barty could play a recognizable rendition.. Another small pane of glass burst. A dismaying crack of wood. His back to her, the maniac raged at the window with the snarling ferocity of a caged beast.. "If I ever get there, I'll be back," she promised the gathered family. "Imagine how much we'll have to talk about. Maybe I'll even get some new pie recipes from Over There." As terrible as the situation was for Barty, Agnes knew that it was equally difficult for Paul. She could only hold him in the night, and let herself be held. And more than once, she told him, "If worse comes to worst, don't you go walking again." Rescuers appeared with hydraulic pry bars and metal cutting saws. Civilians were shepherded back to the sidewalks.. Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing.. The next thing he knew, he was at the kitchen sink, turning off the water, which he couldn't remember having turned on. He appeared to have washed the bloody candlestick-it was clean-but he had no recollection of this bit of housekeeping.. Kathleen had never heard a religious calling described in such odd words as these, and she was surprised, indeed, to hear a priest refer to God as "strange." Forward, under the spreading black branches of the massive tree, receiving continuous green-tongued murmurs of encouragement from the breeze-stirred leaves, Barty was Barty, determined and undaunted.. By the time this operation concluded and the sulphurous Mr. Cain was brought to some form of justice, Simon might have spent twenty or twenty-five percent of the fee that he'd collected from the liability settlement in the matter of Naomi Cain's death. The attorney put a substantial price on his dignity and reputation.. For the past two days, Junior had eaten only binding foods, and late this afternoon, he had taken a preventive dose of paregoric, as well.. Also in the drawer was a pistol that he kept for home defense. He stared at it, trying to decide whether to go downstairs and make a sandwich or kill himself.. If Junior was not discreet, and if gossip about the widower Cain and the sexy nurse began to circulate, Vanadium would be on the case again even if it had been closed. The cop was sick, hateful, driven by unknowable inner demons. Although he might for the moment have been reined in by those in higher office, mere gossip of a spicy nature would be excuse enough for him to open the file again, which he'd surely do without informing his superiors.. In answer, Wally came running with his heavy medical bag, as he was vow doctor to some people on the pie route. "The weather's a lot better than I expected, so I went back to change into lighter clothes." Eventually, Junior remembered the quarter. He reached into the right pocket of the thin cotton bathrobe, but the coin wasn't there, as it should have been. The left pocket also was empty.. "I'm not sad," Tom said, "because though I have this face here in this world, I know there's another me-in fact, lots of other Tom Vanadiums-who don't have this face at all. Somewhere I'm doing just fine, thank you." "By the way he acted, you'd have sworn that he gave me and Angel shelter in the storm, back then,

instead of turning us out to freeze in the snow." "And how about this," he continued. "Every point in the universe is directly connected to every other point, regardless of distance, so any point on Mars is, in some mysterious way, as close to me as is any of you. Which means it's possible for information-and objects, even people-to move instantly between here and London without wires or microwave transmission. In fact, between here and a distant star, instantly. We just haven't figured out how to make it happen. Indeed, on a deep structural level, every point in the universe is the same point. This interconnectedness is so complete that a great flock of birds taking flight in Tokyo, disturbing the air with their wings, contributes to weather changes in Chicago." The musician's bird-sharp gaze grew dull. His pink tongue protruded from his mouth, like a half-eaten worm. Then it would stop. The torment would stop. Surely. His sense of drift, of sliding aimlessly through the days, would lift from him, and he would find purpose once more in determined self-improvement. He would definitely learn French and German. He would take cooking classes and become a culinary master. Karate, too. That night her sleep was deeper than it had been in a long time, deep as she had expected sleep would never be again, and she was not plagued by any dreams at all, not a dream of children suffering, nor of tumbling in a car along a rain-washed street, nor of thousands of windblown dead leaves rattling-hissing along a deserted street and every leaf in fact a jack of spades. Paul recalled the letter he had written to Reverend Harrison White a couple weeks after the death of Joey Lampion. He'd carried it home from the pharmacy on the day that Perri died, to ask for her opinion of it. The letter had never been mailed. "so she's married," Junior said, figuring that maybe Celestina wasn't his heart mate, after all. On this occasion, however, he couldn't have focused on a book even if he'd had the strength to hold it. The fierce paroxysms that clenched his guts also destroyed his ability to concentrate. The living room no longer doubled as sleeping quarters. Perri's hospital bed had been taken away. Paul's bed had been moved to a room upstairs, where for the past three nights, he had tried to sleep. The afternoon was winding down, and the lowering sky seemed to be drawn steadily toward the earth by threads of gray light that reeled westward, ever faster, over the horizon's spool. The air smelled like rain waiting to happen. "Some men," she said, "wouldn't be able to sustain desire when their hands touched my back. I'll understand if you're one of them. It's not beautiful to the eye, and rough as oak bark to the touch. That's why I brought you here, so you'd know this before you consider where you want to go from ... where we are now." As the fragrances of wet wool and sodden denim rose from her sweater and jeans, Agnes switched on the heater and angled the vanes of the middle vent toward Barty. "Honey, turn that other vent toward yourself." Sunday morning, when Agnes returned from church, Edom and Jacob joined her for lunch. During the afternoon, Jacob helped her bake seven pies for Monday delivery. So much argued against the idea that they could succeed as a couple. In this age when race supposedly didn't matter anymore, it sometimes seemed to matter more year by year. Age mattered, too, and at fifty, he was twenty-six years older than she was, old enough to be her father, as surely her father would quietly but pointedly--and repeatedly!--observe. He was highly educated, with multiple medical degrees, and she had gone to art school. In spite of her nature, Agnes could not find forgiveness in her heart this time. Words of absolution clotted in her throat. Her bitterness dismayed her, but she could not deny it. After taking a minute to steel himself, Junior squatted next to the dead detective. On mechanic, he again glanced meaningfully at Edom, who felt a response was expected. When he opened his mouth, he could think of nothing to say, except that at Sanriku, Japan, on June 15, 1896, a 110 foot-high wave, triggered by an undersea quake, killed 27,100 people, most while they were in prayer at a Shinto festival. Even to Edom, this seemed to be an inappropriate comment, so he said nothing. The telephone rang, putting an end to their chat, but Agnes would remember the substance of it later that year, on the day before Christmas, when Barty took a walk in the rain and changed forever his. She didn't have experience with guns, but having seen him trying to press cartridges into the magazine, she knew how to load. She inserted one round. Then a second. Enough. By the grace of Caesar Zedd and Remy Martin, Junior eventually slipped into undulant currents of sleep, and as he drifted away on those velvet tides, he took some solace from the thought that come what may, December 29 would be a better day than December 28. "In the early hours of January seventh," Nolly continued, "Miss White died in childbirth, as you figured." Embarrassment flushed her when she realized that the paramedic had cut away the pants of her jogging suit. She was naked from the waist down. He jammed the 9-mm pistol under his belt, grabbed Ichabod by the feet, and dragged him quickly toward the door to Apartment 1. Smears of blood brightened the pale limestone floor in the wake of the body. "Less than a year and a half ago, Hurricane Flora--she killed over six thousand in the Caribbean." After undressing for the night, he sat on the edge of the bed for a while, rubbing the coin between the thumb and forefinger of his right hand, brooding about Thomas Vanadium. He tried rolling it across his knuckles; he dropped it repeatedly. Losen, a sea-pirate who called himself King of the Inmost Sea, was then the chief warlord in the city and all the east and south of Havnor. Exacting tribute from that rich domain, he spent it to increase his soldiery and the fleets he sent out to take slaves and plunder from other lands. As Otters uncle said, he kept the shipwrights busy. They were grateful to have work in a time when men seeking work found only beggary, and rats ran in the courts of Maharion. They did an honest job, Otter's father said, and what the work was used for was none of their concern. Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked. Her hands were slender, long-fingered, graceful. The hands of an artist. They were not powerful hands. "Acute nervous emesis," Junior croaked. "I've never thought of myself as a nervous person." Agnes dropped to one knee before the boy and held him gently by the shoulders. "Let me look." In the neatly ordered bedroom, he removed his shoes. Stretching out on the bed, he stared at the ceiling, feeling useless. of fists, hard blows, and his father's heavy breathing as he deals out the punishment. Edom himself lies face down in Spruce Hills, but also those in the entire county, maybe seventy or eighty thousand. Turning his patched eyes in the general direction of his mother, Barty

said, "Oops." As Barty climbed to the porch without benefit of the railing and held out his right hand, Paul Damascus said, "Tom, we're wondering if Barty can extend to you the protection he gives to Angel in the rain. Maybe he can ... since the three of you share this ... this awareness, this insight, or whatever you want to call it. But he won't know until he tries." "Even in an infinite number of worlds," Wally objected, "there's no place I was that stupid." Chicane wasn't alone. Sparky Vox, the building superintendent, approached behind him and hovered. Seventy-two yet as spry as a monkey, Sparky didn't walk so much as scamper like a capuchin. Junior hoped that he hadn't been betrayed by eyeshine in the fraction of a second before he closed his eyes to slits. Why Cain, even if he was the father, should be interested in the little girl was a mystery to Tom Vanadium. This totally self-involved, spookily hollow man held nothing sacred; fatherhood would have no appeal for him, and he certainly wouldn't feel any obligation to the child that had resulted from his assault on Phimie. Downstairs, two shots cracked, and an instant after the second, an explosion shook the parsonage as though the long-promised Judgment were at hand. This was a real explosion, not the impact of another runaway Pontiac. Junior could only imagine how flattered Victoria would be to receive the attentions of a twenty-three-year-old stud, flattered and grateful. When he contemplated all the ways she could express that gratitude, there was barely enough room behind the wheel of the Suburban for him and his manhood. Too rattled to want lunch at the St. Francis Hotel or anywhere else, Junior returned to his apartment. Based on the evidence, perhaps Sklent never laughed, regardless of how clever the joke. He scowled fiercely at the paintings in the brochure, returned it to Junior, and snarled, "Shoot the bitch." "Oh, dear God," she whispered, and although she had always been a strong woman who stood on a rock of faith, who drew hope as well as air with every breath, she was as weak now as the unborn child in her womb, sick with fear. He remembered the collection of Caesar Zedd self-help drivel that had occupied a place of honor in the wife killer's former home in Spruce Hills. Cain owned a hardcover and a paperback of each of Zedd's works. The more expensive editions had been pristine, as though they were handled only with gloves; but the text in the paperbacks had been heavily underlined, and the corners of numerous pages had been bent to mark favorite passages. IN HIS FORD VAN filled with needlepoint and Sklent and Zedd, Junior Cain-Pinchbeck to the world-left the Bay Area by a back door. He took State Highway 24 to Walnut Creek, which might or might not have walnuts, but which offered a mountain and a state park named for the devil: Mount Diablo. State Highway 4 to Antioch brought him to a crossing of the river delta west of Bethel Island. Bethel, for those who had taken good advanced courses in vocabulary improvement, meant "sacred place." Aside from purchasing the T. S. Eliot book, which he hadn't found time to read, Junior was only peripherally aware of current events, because they were, after all, current, while he tried always to focus on the future. The news of the day was but a faint background music to him, like a song on a radio in another apartment. It didn't seem to him to amount to much. It was such an easy matter to him to make a silvery light shine in a dark room, or find a lost pin by thinking about it, or true up a warped joint by running his hands over the wood and talking to it, that he couldn't see why they made a fuss over such things. But his father raged at him for his "shortcuts," even struck him once on the mouth when he was talking to the work, and insisted that he do his carpentry with tools, in silence. Following a month of recuperation and postoperative medical care, Junior was able to return to his twice-a-week classes in art appreciation. He resumed, as well, his almost daily strolls through the city's better galleries and fine museums. The investigator's suite-a minuscule waiting room and a small office-lacked a secretary but surely harbored all manner of vermin. Thunder less distant now. Around her-the crackle of police radios, the clang of tools being readied, the skirl of a stiffening wind. Dizzying, these sounds. She couldn't shut her ears against them, and when she closed her eyes, she felt as though she were spinning.
