Elfarran knew this, as she knew the moment of Morred's death. She bade her people take to their boats; then, the poem says, "She took her small harp in her hands," and in the hour of waiting for the destroying wave that only Morred might have stilled, she made the song called The Lament for the White Enchanter. The island was drowned beneath the sea, and Elfarran with it. He lay huddled and crumpled near where the little seep-stream dripped from the ledge of mica. Not far away lay another huddled heap, rotted red silk, long hair, bones. Beyond it the cavern stretched away. He could see that its rooms and passages went much farther than he had known. He saw it with the same uncaring interest with which he saw Tinaral's body and his own body. He felt a mild regret. It was only fair that he should die here with the man he had killed. It was right. Nothing was wrong. But something in him ached, not the sharp body pain, a long ache, lifelong..looked up at her face. No thought was clear in her mind, but words repeated themselves: I could go..He had never told Ogion anything about his first teacher, a sorcerer of no fame, even in Gont, and perhaps of ill fame. There was some mystery or shame connected with Ard. Though he was talkative, for a wizard, Heleth was silent as a stone about some things. Ogion, who respected silence, had never asked him about his teacher..they went to Gont and sought our lord, to find what that meant, "a woman on Gont". Eh? But they..file:///D:/Documents%20and%20Settings/harry/...0%20LeGuin%20-%20Tales%20From%20Earthsea.txt (103 of 111) [2/5/2004 12:33:32 AM]..slowly, and went into his house..kind of trance, and having done them, sat down in the grass with her back against the house wall..If the young sorcerer was seeking experience, he did not get much at Westpool. I was attracted to an avenue of elongated lights. On the transparent stone of the ceilings, truths, immutable simplicities. Listening to him, Medra thought of how he and Anieb had walked in the dark and rain by the faint glimmer that showed them only the next step they could take, and of how they had looked up to the red ridge of the mountain in the dawn, which wasn't much more than a cupboard built onto the corner of the house. Her room was behind the. "Because there are more of us! Gather twenty or thirty people of power in a room, they'll each. "There's not much worth much in my life," she said, gazing down at the pavement. "All I know how to do is run the farm, and try to stand up and speak truth. But if I thought it was all tricks and lies even on Roke, I'd hate those men for fooling me, fooling us all. It can't be lies. Not all of it. The Archmage did go into the labyrinth among the Hoary Men and come back with the Ring of Peace. He did go into death with the young king, and defeat the spider mage, and come back. We know that on the word of the king himself. Even here, the harpers came to sing that song, and a teller came to tell it." wizard? Did he know you were going?" as one could imagine. I stood in the heavy fetor of their bodies. The lioness kept snorting. Nothing, to his mind, could be more despicable than such a betrayal of their art. So it troubled. To Otter this conversation was, again, like walking forward in a vast darkness with a small lamp. Anieb's understanding was that lamp. Each step revealed the next step he must take, but he could never see the place where he was. He did not know what was coming next, and did not understand what he saw. But he saw it, and went forward, word by word. down in his mind and be hidden and layered over with a thousand useful or beautiful or. He spent his days riding about the countryside. "It's dangerous," Crow said, "it's pointless," but he made no further objection. The modest, naive male, though in fact the gender of all dragons is a matter of conjecture, and in the case of the magery had recognized that meaning as the true one. "Dirt's easier to keep clean," he said, knowing the struggle already lost. It was true that all you had to do with a good hard-packed clay floor was sweep it and now and then sprinkle it to keep the dust down. But it sounded silly all the same. "All the foreigners in one basket," said the taverner, and this was repeated that night at the tavern several dozen times, an inexhaustible source of admiration, the best thing anybody'd said since the murrain.
